Notification to Parties

This notice serves as a reminder to importers of their responsibility under section 351.402(f) of the Department's regulations to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this period of time. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with section 351.305(a)(3) of the Department's regulations. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with section 351.213(d)(4) of the Department's regulations and sections 751(a)(2)(c) and 777(i)(1) of the Act.

Gray Portland Cement and Clinker from Japan; Final Results of the Expedited Sunset Review of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On October 3, 2005, the Department of Commerce (the Department) initiated the second sunset review of the antidumping duty order on gray portland cement and clinker (cement) from Japan pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.218. On the basis of a notice of intent to participate and an adequate substantive response filed on behalf of domestic

interested parties and no responses from respondent interested parties, the Department has conducted an expedited (120-day) sunset review. See section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2). As a result of the sunset review, the Department finds that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping at the levels listed in the "Final Results of Review" section below.

EFFECTIVE DATE: February 7, 2006.

SUPPLEMENTARY INFORMATION:

Background:

On October 3, 2005, the Department initiated the second sunset review of the antidumping duty order on cement from Japan pursuant to section 751(c) of the Act. See *Initiation of Five-Year ("Sunset") Reviews*, 70 FR 57560 (October 3, 2005). The Department received a notice of intent to participate from the Committee for Fairly Traded Japanese Cement, the International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmiths, Forgers & Helpers, the United Steel, Paper & Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, and the Local Lodge 93 of the International Association of Machinists and Aerospace Workers (collectively, the domestic interested parties) within the deadline specified in 19 CFR 351.218(d)(1)(i) pertaining to sunset reviews. The domestic interested parties claimed interested-party status under section 771(9)(C) of the Act as a manufacturer, producer, or wholesaler in the United States of a domestic like product, under section 771(9)(D) of the Act as a certified union or recognized union or group of workers which is representative of an industry engaged in the manufacture, production, or wholesale in the United States of a domestic like product, and under section 771(9)(E) of the Act as a trade or business association, a majority of whose members manufacture, produce, or wholesale a domestic like product in the United States. We received a complete substantive response from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). We received no

responses from the respondent interested parties. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department has conducted an expedited (120-day) sunset review of the order.

Scope of the Order:

The products covered by this order are cement and cement clinker from Japan. Cement is a hydraulic cement and the primary component of concrete. Cement clinker, an intermediate material produced when manufacturing cement, has no use other than grinding into finished cement. Microfine cement was specifically excluded from the antidumping duty order. Cement is currently classifiable under the Harmonized Tariff Schedule (HTS) item number 2523.29, and cement clinker is currently classifiable under HTS item number 2523.10. Cement has also been entered under HTS item number 2523.90 as "other hydraulic cements." The Department made two scope rulings regarding subject merchandise. See *Scope Rulings*, 57 FR 19602 (May 7, 1992), classes G and H of oil well cement are within the scope of the order, and *Scope Rulings*, 58 FR 27542 (May 10, 1993), "Nittetsu Super Fine" cement is not within the scope of the order. The order remains in effect for all manufacturers, producers, and exporters of cement from Japan.

The HTS item numbers are provided for convenience and customs purposes. The written product description remains dispositive as to the scope of the product coverage.

Analysis of Comments Received:

All issues raised in this review are addressed in the Issues and Decision Memorandum from Stephen J. Claey's, Deputy Assistant Secretary for Import Administration, to David M. Spooner, Assistant Secretary for Import Administration, dated January 31, 2006, which is hereby adopted by this notice. The issues discussed in the Issues and Decision Memorandum include the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the order is revoked. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum which is on file in room B-099 of the main Commerce building.

In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Web at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the Issues and Decision Memorandum are identical in content.

Final Results of Review:

We determine that revocation of the antidumping duty order on cement and cement clinker from Japan would be likely to lead to continuation or recurrence of dumping at the following weighted-average percentage margins:

Manufacturers/Exporters/Producers	Weighted-Average Margin (percent)
Onoda Cement Company, Ltd.	70.52
Nihon Cement Company, Ltd.	69.89
All Other Manufacturers/Producers/Exporters	70.23

This notice also serves as the only reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective orders is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing these results and notice in accordance with sections 751(c), 752, and 777(i)(1) of the Act.

Dated: January 30, 2006.

David M. Spooner,
Assistant Secretary for Import Administration.

SUMMARY: As a result of the determinations by the Department of Commerce ("Department") and the International Trade Commission ("Commission") that revocation of this antidumping duty order would be likely to lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"), the Department hereby orders the continuation of the antidumping duty order on paper clips from the People's

Republic of China ("China"). The Department is publishing notice of the continuation of this antidumping duty order.

SUPPLEMENTARY INFORMATION:**Background**

On July 1, 2005, the Department initiated and the Commission instituted a sunset review of the antidumping duty order on paper clips from China pursuant to section 751(c) of the Act. *See Initiation of Five-year ("Sunset") Reviews*, 70 FR 38101 (July 1, 2005). As a result of its review, the Department found that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping and notified the Commission of the magnitude of the margins likely to prevail were the order to be revoked. *See Paper Clips from the People's Republic of China; Notice of Final Results of Expedited Sunset Review of Antidumping Duty Order*, 70 FR 67433 (November 7, 2005).

On January 17, 2006, the Commission determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty order on paper clips from China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. *See Paper Clips from China*, 71 FR 3541 (January 23, 2006), USITC Publication 3834 (January 2006) (Investigation No. 731-TA-663 (Second Review)).

Scope of the Order

The products covered by this order are certain paper clips, wholly of wire of base metal, whether or not galvanized, whether or not plated with nickel or other base metal (e.g., copper), with a wire diameter between 0.025 inches and 0.075 inches (0.64 to 1.91 millimeters), regardless of physical configuration, except as specifically excluded. The products subject to this order may have a rectangular or ring-like shape and include, but are not limited to, clips commercially referred to as No. 1 clips, No. 3 clips, Jumbo or Giant clips, Gem clips, Frictioned clips, Perfect Gems, Marcel Gems, Universal clips, Nifty clips, Peerless clips, Ring

Specifically excluded from the scope of this order are plastic and vinyl covered paper clips, butterfly clips, binder clips, or other paper fasteners that are not made wholly of wire of base metal and are covered under a separate subheading of the HTSUS.

Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of this order is dispositive.

Determination

As a result of the determinations by the Department and the Commission that revocation of this antidumping duty order would be likely to lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to sections 751(d)(2)(A) and (B) of the Act, the Department hereby orders the continuation of the antidumping duty order on paper clips from China.

U.S. Customs and Border Protection will continue to collect antidumping duty deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of this order is the date of publication in the **Federal Register** of this Notice of Continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of this antidumping order not later than January 2011.

This sunset review and this continuation notice are in accordance with section 751(c) of the Act and published pursuant to 777(i)(1) of the Act.
