#### U.S. PRODUCERS' QUESTIONNAIRE

#### **BARIUM CHLORIDE FROM CHINA**

This questionnaire must be received by the Commission by no later than **FEBRUARY 11, 2010** 

See page 4 of the Instruction Booklet for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its review of the antidumping duty order concerning barium chloride from China (Inv. No. 731-TA-149 (Third Review)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your possession (19 U.S.C. § 1333(a)).

#### PART I.—GENERAL INFORMATION

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 50 hours per response, including the time for reviewing instructions, searching existing data sources, gathering the data needed, and completing and reviewing the questionnaire. Send comments regarding the accuracy of this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Office of Investigations, U.S. International Trade Commission, 500 E Street, SW, Washington, DC 20436.

#### PART III.--FINANCIAL INFORMATION--Continued

III-8. Inputs from related firms at cost.--All intercompany profit on inputs purchased from related parties that is eliminated pursuant to formal financial statement consolidation should also be eliminated from the costs reported to the Commission in question III-10 (i.e., costs reported in question III-10, to the extent that they reflect inputs purchased from related parties, should only reflect the related party's cost and not include an associated profit component). Reasonable methods for determining and eliminating the associated profit on inputs purchased from related parties are acceptable.
Has your firm complied with the Commission's instructions regarding costs associated with inputs purchased from related parties?

Yes No—Please contact John Ascienzo (202-205-3175, john.ascienzo@usitc.gov).

III-9. Nonrecurring charges.--For each annual period below that your firm had barium chloride operations, please indicate in the schedule below any nonrecurring charges, the particular expense/cost line items from question III-10 where the associated charges are included, a brief description of the charges, and the associated values (in \$1,000). Nonrecurring charges would include, but are not limited to, items such as asset write-offs and accelerated depreciation due to restructuring of the company's barium chloride operations.

Also discuss any anticipated changes in your raw its in the future, identifying the time period(s) involved and the factor(s) that you ild be responsible for such changes. Provide any underlying assumptions, along with

IV-20.	Availability of supply (U.Sproduced)				
	(a) Do you anticipate any changes in terms of the availability of U.Sproduced barium chloride in the U.S. market in the future?				
		☐ Increase	☐ No change	Decrease	
	(b) If you anticipate changes in supply, please identify the changes, including to and the impact of such changes on shipment volumes and prices. Provide a assumptions, along with relevant portions of business plans or other support documentation that address this issue.				
IV-21.	7-21. Availability of supply (nonsubject)Has the availability of NONSUBJECT barium (i.e., barium chloride imported from countries other than China) changed since 1984?  No YesPlease explain.				
IV-22.	Export constraintsDescribe how easily your firm can shift its sales of barium chloride between the U.S. market and alternative country markets. In your discussion, please describe any contracts, other sales arrangements, or other constraints that would prevent or retard your firm from shifting barium chloride between the U.S. and alternative country markets within a 12-month period. Provide any underlying assumptions, along with relevant portions of business plans or other supporting documentation that address this issue.				

IV-23.		<b>Product changes</b> Have there been any significant changes in the product range, product mix, or narketing (including sales over the internet) of barium chloride since 1984?				
	☐ No	YesI	Please describe and quan	tify if possible.		
IV-24.	produc Provid	et mix, or marketing e any underlying as	ngesDo you anticipate (including sales over the sumptions, along with re that address this issue.	e internet) of barium c	hloride in the future?	
	□ No	YesI	Please identify, including	the time period.		
IV-25.	Demai	nd trends				
	(a)	e changed since 1984?				
		Increased	☐ No Change	Decreased	Fluctuated	
	(b) How has the demand outside the United States (if known) for barium chloride of since 1984? What principal factors affect changes in demand?					
		☐ Increased	No Change	Decreased	Fluctuated	

IV-26.	Anticipated	demand	trends.—	
1 1 20.	Innicipated	uciliuliu	ti ciidb.	

	(a)	Do you anticipate any future changes in barium chloride demand within the United States?				
		No YesPlease describe and identify the time period. Provide any underlying assumptions, along with relevant portions of business plans or other supporting documentation that address this issue.				
	(b)	Do you anticipate any future changes in barium chloride demand outside the United				
	( )	States?				
		No YesPlease describe and identify the time period. Provide any underlying assumptions, along with relevant portions of business plans or other supporting documentation that address this issue.				
IV-27.		comparisonsPlease compare market prices of barium chloride in U.S. and non-U.S. as, if known. Provide specific information as to time periods and regions for any price risons.				
** * * * *						

IV-28. Market studies.--Please provide as a separate attachment to this request any studies, surveys, etc. that you are aware of that quantify and/or otherwise discuss barium chloride supply (including production capacity and capacity utilization) and demand in (1) the United States, (2) each of the other major producing/consuming countries, including China, and (3) the world as a whole. Of particular interest is such data from 1984 to the present and forecasts for the future.

IV-29.	Barriers to tradeAr to trade in other countr		chloride subject to any tar	riff or non-tariff barriers	
	☐ No ☐ YesPlease list the countries and describe any such barriers and any significant changes in such barriers that have occurred since 1984, that are expected to occur in the future.
