With a sufficient level of behavior change, it should be possible to improve safety and reduce the costs associated with weather related congestion and associated delays. Additionally, the project will shed light upon the interrelationship between meteorological phenomena, road conditions, and their combined impact on travel.

**Steel Wire Garment Hangers From Taiwan: Final Determination of Sales at Less Than Fair Value**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (the "Department") has determined that imports of steel wire garment hangers ("hangers") from Taiwan are being, or are likely to be, sold in the United States at less than fair value ("LTFV"), as provided in section 735 of the Tariff Act of 1930, as amended (the "Act"). The estimated margins of sales at LTFV are listed in the "Continuation of Suspension of Liquidation" section of this notice.

**DATES:** *Effective Date:* October 15, 2012

**FOR FURTHER INFORMATION CONTACT:** Paul Walker, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone-202.482.0413.

**SUPPLEMENTARY INFORMATION:**

**Background**

On August 2, 2012, the Department published in the **Federal Register** the *Preliminary Determination* in the antidumping duty investigation of hangers from Taiwan.<sup>1</sup> No interested party provided case briefs or rebuttal briefs.

**Period of Investigation**

The period of investigation ("POI") is October 1, 2010, through September 30, 2011.

**Scope of Investigation**

The merchandise subject to this investigation is steel wire garment hangers, fabricated from carbon steel wire, whether or not galvanized or painted, whether or not coated with latex or epoxy or similar gripping materials, and whether or not fashioned with paper covers or capes (with or without printing) or nonslip features such as saddles or tubes. These products may also be referred to by a commercial designation, such as shirt, suit, strut, caped, or latex (industrial) hangers.

Specifically excluded from the scope of the investigation are (a) wooden, plastic, and other garment hangers that are not made of steel wire; (b) steel wire garment hangers with swivel hooks; (c) steel wire garment hangers with clips permanently affixed; and (d) chrome plated steel wire garment hangers with a diameter of 3.4 mm or greater.

The products subject to the investigation are currently classified under U.S. Harmonized Tariff Schedule ("HTSUS") subheadings 7326.20.0020 and 7323.99.9080. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

**Final Determination of Sales at LTFV**

As noted in the *Preliminary Determination*, because the antidumping duty questionnaires sent to the selected respondent, Golden Canyon Ltd. ("Golden Canyon"), were returned as undeliverable, in accordance with our practice, we classified Golden Canyon as an unlocated company and

assigned it the all others rate.<sup>2</sup> For the other selected respondent, Taiwan Hanger Manufacturing Co., Ltd. ("Taiwan Hanger"), in the *Preliminary Determination* we applied facts otherwise available with an adverse inference, because Taiwan Hanger twice received the questionnaire, and then returned the questionnaire to the Department at a later date.<sup>3</sup> We note that our determination here with respect to Golden Canyon and Taiwan Hanger is identical to our determination in the *Preliminary Determination*.<sup>4</sup>

**Continuation of Suspension of Liquidation**

Pursuant to section 735(c)(1)(B) of the Act, we will instruct U.S. Customs and Border Protection ("CBP") to continue to suspend liquidation of all entries of hangers from Taiwan which were entered, or withdrawn from warehouse, for consumption on or after August 2, 2012, the date of publication of the *Preliminary Determination*. We will instruct CBP to require a cash deposit or the posting of a bond equal to the weighted-average margins, as indicated below, as follows: (1) The rates for Golden Canyon and Taiwan Hanger will be the rates we have determined in this final determination; (2) if the exporter is not a firm identified in this investigation but the producer is, the rate will be the rate established for the producer of the subject merchandise; (3) the rate for all other producers or exporters will be 69.98 percent, as discussed in the "All Others Rate" section, below. These suspension-of-liquidation instructions will remain in effect until further notice.

Manufacturer/Exporter	Margin (percent)
Golden Canyon Ltd. ....	69.98
Taiwan Hanger Manufacturing Co., Ltd. ....	125.43
All Others Rate .....	69.98

**All Others Rate**

Section 735(c)(5)(A) of the Act provides that the estimated all others rate shall be an amount equal to the weighted average of the estimated

weighted-average dumping margins established for exporters and producers individually investigated excluding any zero or *de minimis* margins and any margins determined entirely under section 776 of the Act. No respondent has participated in this investigation. Therefore, as noted in the *Preliminary Determination*, because the only dumping margins for this final determination are found in the petition, the all others rate is a simple average of these values, which is 69.98 percent.<sup>5</sup>

#### Disclosure

We intend to disclose to parties in this proceeding the calculations performed within five days of the date of publication of this notice in accordance with section 351.224(b) of the Department's regulations.

#### International Trade Commission Notification

In accordance with section 735(d) of the Act, we have notified the International Trade Commission ("ITC") of our final determination. As our final determination is affirmative and in accordance with section 735(b)(2) of the Act, the ITC will determine, within 45 days, whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of the subject merchandise. If the ITC determines that such injury does exist, the Department will issue an antidumping duty order directing CBP to assess antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

#### Notification Regarding Administrative Protective Order

This notice also serves as a final reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with section 351.305 of the Department's regulations. Timely notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination is issued and published pursuant to sections 735(d) and 777(i)(1) of the Act.

Dated: October 9, 2012.

### National Oceanic and Atmospheric Administration

#### Proposed Information Collection; Comment Request; Modification Northeast Multispecies Amendment 16

**AGENCY:** National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice.

**SUMMARY:** The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

**DATES:** Written comments must be submitted on or before December 14, 2012.

**ADDRESSES:** Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at [JJessup@doc.gov](mailto:JJessup@doc.gov)).

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the information collection instrument and instructions should be directed to Allison Murphy, (978) 281-9122 or [Allison.murphy@noaa.gov](mailto:Allison.murphy@noaa.gov).

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

This request is for revision and extension of a current information collection. Under the Magnuson-Stevens Fishery Conservation and Management Act, the Secretary of Commerce has the responsibility for the conservation and management of marine fishery resources. We, National Oceanic and Atmospheric Administration's (NOAA) National Marine Fisheries Service (NMFS), and the Regional Fishery Management Councils are delegated the majority of this responsibility. The New England Fishery Management Council (Council) develops management plans for fishery resources in New England.

In 2010, we implemented a new suite of regulations for the Northeast (NE) multispecies fishery through Amendment 16 to the Multispecies Fishery Management Plan (Amendment 16). This action updated status determination criteria for all regulated NE multispecies or ocean pout stocks; adopted rebuilding programs for NE multispecies stocks newly classified as being overfished and subject to overfishing; revised management measures, including significant revisions to the sector management measures, necessary to end overfishing, rebuild overfished regulated NE multispecies and ocean pout stocks, and mitigate the adverse economic impacts of increased effort controls. It also implemented new requirements under Amendment 16 for establishing acceptable biological catch (ABC), annual catch limits (ACLs), and accountability measures (AMs) for each stock managed under the FMP, pursuant to the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act).

#### Revisions:

Not all measures that were included in Amendment 16 were ultimately approved, including the Gulf of Maine Sink Gillnet Pilot Program, which would have necessitated a Letter of Authorization (LOA) had it been approved. Therefore, we propose to remove this requirement from the information collection. In addition, Framework 47 to the Multispecies FMP removed Restricted Gear Requirements from the regulations. Therefore the requirement to declare into these areas via vessel monitoring system (VMS), or to receive an LOA are also proposed to be removed from this information collection.

In an attempt to consolidate reporting requirements that are mandated by the NE multispecies regulation, we propose moving some requirements out of OMB Control No. 0648-0202, Northeast Region Permit Family of Forms, and into this collection, including: The Days-at-Sea (DAS) Transfer Program, Expedited Submission of Proposed Special Access Programs (SAPs), and North Atlantic Fisheries Organization (NAFO) Reporting Requirements.

#### II. Method of Collection

Respondents must submit either paper forms via postal service, or electronic forms submitted via the internet or vessels' vessel monitoring system (VMS).

*OMB Control Number:* 0648-0605.  
*Form Number:* None.
