The public record for this review may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On Monday, October 6, 2014, the Commission determined that the domestic interested party group response to its notice of institution (79 FR 37349, July 1, 2014) of the subject five-year review was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant conducting a full review.¹ Accordingly, the Commission determined that it would conduct an expedited review pursuant to section 751(c)(3) of the Act.

Staff report.—A staff report containing information concerning the subject matter of the review will be placed in the nonpublic record on Monday, November 17, 2014, and made available to persons on the Administrative Protective Order service list for this review. A public version will be issued thereafter, pursuant to section 207.62(d)(4) of the Commission's rules.

Written submissions.—As provided in section 207.62(d) of the Commission's rules, interested parties that are parties to the review and that have provided individually adequate responses to the notice of institution,² and any party other than an interested party to the review may file written comments with the Secretary on what determination the Commission should reach in the review. Comments are due on or before Thursday, November 20, 2014 and may not contain new factual information. Any person that is neither a party to the

five-year review nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the review by Thursday, November 20, 2014. However, should the Department of Commerce extend the time limit for its completion of the final results of its review, the deadline for comments (which may not contain new factual information) on Commerce's final results is three business days after the issuance of Commerce's results. If comments contain business proprietary information (BPI), they must conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. Please be aware that the Commission's rules with respect to filing have changed. The most recent amendments took effect on July 25, 2014. See 79 FR 35920 (June 25, 2014), and the revised Commission Handbook on E-filing, available from the Commission's Web site at <http://edis.usitc.gov>.

In accordance with sections 201.16(c) and 207.3 of the rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Determination.—The Commission has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B) and 1675(c)(5)(C)(ii).

Authority: This review is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission's rules.

By order of the Commission.

Issued: November 4, 2014.

Secretary to the Commission.

BILLING CODE 7020–02–P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–501 and 731–TA–1226 (Final)]

Chlorinated Isocyanurates From China and Japan

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission

(“Commission”) determines, pursuant to section 705(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b)) (“the Act”), that an industry in the United States is threatened with material injury by reason of imports of chlorinated isocyanurates from China, provided for in subheadings 2933.69.6015, 2933.69.6021, 2933.69.6050, 3808.50.4000, 3808.94.5000, and 3808.99.9500 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce (“Commerce”) to be subsidized by the government of China.²

The Commission further determines, pursuant to section 735(b) of the Act (19 U.S.C. 1673d(b)), that an industry in the United States is not materially injured or threatened with material injury, and the establishment of an industry in the United States is not materially retarded, by reason of imports of chlorinated isocyanurates from Japan that have been found by Commerce to be sold in the United States at less than fair value (“LTFV”).³

Background

The Commission instituted these investigations effective August 29, 2013, following receipt of a petition filed with the Commission and Commerce by Clearon Corp., South Charleston, WV; and Occidental Chemical Corp., Dallas, TX. The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by Commerce that imports of chlorinated isocyanurates from China were subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and that imports of chlorinated isocyanurates from Japan were dumped within the meaning of 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on May 19, 2014 (79 FR 28771). The hearing was held in Washington, DC, on September 9, 2014, and all persons who requested the opportunity were permitted to appear in person or by counsel.

² The Commission additionally determined that it would not have found material injury by reason of subject imports of chlorinated isocyanurates from China but for the suspension of liquidation of entries on the subject imports.

³ Vice Chairman Dean A. Pinkert determines that an industry in the United States is materially injured by reason of imports from China and Japan of chlorinated isocyanurates.

¹ A record of the Commissioners' votes, the Commission's statement on adequacy, and any individual Commissioner's statements will be available from the Office of the Secretary and at the Commission's Web site.

² The Commission has found the response submitted by Agri-Fab, Inc. to be individually adequate. Comments from other interested parties will not be accepted (see 19 CFR 207.62(d)(2)).

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

The Commission completed and filed its determinations in these investigations on November 3, 2014. The views of the Commission are contained in USITC Publication 4494 (November 2014), entitled Chlorinated Isocyanurates from China and Japan (Investigation Nos. 701-TA-501 and 731-TA-1226 (Final)).

By order of the Commission.

Dated: November 3, 2014.

Secretary to the Commission.

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

Notice is hereby given that, for a period of 30 days, the United States will receive public comments on a proposed Consent Decree in *United States et al. v. Hyundai Motor Company et al.* (Civil Action No. 1:14-cv-1837), which was lodged with the United States District Court for the District of Columbia on November 3, 2014. The complaint was filed on the same day.

In the complaint, the United States seeks civil penalties and injunctive relief pursuant to Sections 203, 204, and 205 of the Clean Air Act, 42 U.S.C. 7522, 7523, and 7524, against Hyundai Motor Company, Hyundai Motor America, Kia Motors Corporation, Kia Motors America, and Hyundai America Technical Center, Inc. (collectively, "Defendants") for violations of the Act. The California Air Resources Board joins the United States as co-plaintiff and seeks civil penalties for related violations of California Health and Safety Code Section 43212. The violations arise from the Defendants' introduction into commerce in the United States of over one million motor vehicles from model years 2012 and 2013 that were not covered by Certificates of Conformity as required by the Act and regulations promulgated thereunder. The vehicles belong to six car lines: Hyundai's Accent, Elantra, Veloster, and Santa Fe, and Kia's Soul and Rio. Under the settlement, the Defendants will pay a civil penalty of \$100 million, with \$93,656,600 paid to the United States, and \$6,343,400 paid to the California Air Resources Board. The Defendants will also reduce the number of greenhouse gas emission credits claimed in their Averaging, Banking, and Trading reports by a total of 4.75 million credits. The Defendants are also required to perform additional corrective measures, including auditing of their vehicles and improving testing and data management practices.
