Countervailing Duty Investigation of 1,1,1,2 Tetrafluoroethane From the People's Republic of China: Final Affirmative Countervailing Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the "Department") published the *Preliminary Determination* of the countervailing duty ("CVD") investigation of 1,1,1,2 tetrafluoroethane ("tetrafluoroethane") from the People's Republic of China ("PRC") on April 18, 2014.¹ The Department determines that countervailable subsidies are being provided to producers and exporters of tetrafluoroethane from the PRC. For information on the estimated subsidy rates, see the "Suspension of Liquidation" section of this notice. The period of investigation is January 1, 2012–December 31, 2012.

DATES: *Effective Date:* October 20, 2014.

FOR FURTHER INFORMATION CONTACT: Katie Marksberry or Josh Startup, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; Phone: 202-482-7906, or 202-482-5260, respectively.

SUPPLEMENTARY INFORMATION:

Background

The Department published the *Preliminary Determination* on April 18, 2014, additionally, the Department published the *Amended Preliminary Determination* on May 30, 2014.² On July 25, 2014, the Department released a post-preliminary determination.³ Between July 29 and August 12, 2014, we conducted a verification of the questionnaire responses of the Zhejiang

Quhua Fluor-Chemistry Co., Ltd., and its cross-owned affiliates' (collectively "Juhua Group"), Sinochem Environmental Protection Chemicals (Taicang) Co., Ltd., and its cross-owned affiliates' (collectively "Sinochem"), Jiangsu Bluestar Green Technology Co., Ltd ("Bluestar"), and T.T. International Co., Ltd. ("T.T. International"). Between September 2, 2014 and September 8, 2014, interested parties submitted case and rebuttal briefs. A full discussion of the issues raised by parties for this final determination may be found in the I&D Memo.⁴ The I&D Memo is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS"). IA ACCESS is available to registered users at <http://iaaccess.trade.gov>, and is available to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the I&D Memo can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed I&D Memo and the electronic version are identical in content.

Scope of the Investigation

The product subject to this investigation is 1,1,1,2-Tetrafluoroethane, R-134a, or its chemical equivalent, regardless of form, type, or purity level. The chemical formula for 1,1,1,2-tetrafluoroethane is CF₃-CH₂F, and the Chemical Abstracts Service ("CAS") registry number is CAS 811-97-2.

1,1,1,2-Tetrafluoroethane is sold under a number of trade names including Klea 134a and Zephex 134a (Mexichem Fluor); Genetron 134a (Honeywell); Suva 134a, Dymel 134a, and Dymel P134a (DuPont); Solkane 134a (Solvay); and Forane 134a (Arkema). Generically, 1,1,1,2-tetrafluoroethane has been sold as Fluorocarbon 134a, R-134a, HFC-134a, HF A-134a, Refrigerant 134a, and UN3159.

Merchandise covered by the scope of this investigation is currently classified in the Harmonized Tariff Schedule of the United States ("HTSUS") at subheading 2903.39.2020. Although the HTSUS subheading and CAS registry number are provided for convenience

and customs purposes, the written description of the scope is dispositive.

Analysis of Subsidy Programs and Comments Received

The subsidy programs under investigation and the issues raised in the case and rebuttal briefs by parties in this investigation are discussed in the I&D Memo. A list of the issues that parties raised, and to which we responded in the I&D Memo, is attached to this notice as an Appendix.

Use of Adverse Facts Available

The Department notes that, in making these findings, we relied, in part, on facts available and, because one or more respondents did not act to the best of their ability to respond to the Department's requests for information, we drew an adverse inference where appropriate in selecting from among the facts otherwise available.⁵ For further information, see "Use of Facts Otherwise Available and Adverse Inferences" in the I&D Memo.

Suspension of Liquidation

In accordance with section 705(c)(1)(B)(i) of the Act, we calculated a rate for each company respondent. Section 705(c)(5)(A)(i) of the Act states that, for companies not individually investigated, we will determine an "all others" rate equal to the weighted-average countervailable subsidy rates established for exporters and producers individually investigated, excluding any zero and *de minimis* countervailable subsidy rates, and any rates determined entirely under section 776 of the Act.

In accordance with sections 703(d) and 705(c)(5)(A) of the Act, for companies not investigated, we apply an "all-others" rate, which is normally calculated by weighting the subsidy rates of the individual companies selected as respondents by those companies' exports of the subject merchandise to the United States. Under section 705(c)(5)(A)(i) of the Act, the all-others rate should exclude zero and *de minimis* rates calculated for the exporters and producers individually investigated. Where the rates for the investigated companies are all zero or *de minimis*, section 705(c)(5)(A)(ii) of the Act instructs the Department to establish an all-others rate using "any reasonable method." Notwithstanding the language of section 705(c)(5)(A)(i) of the Act, we have not calculated the "all-others" rate by weight averaging the rates of the two individually investigated respondents, because doing so risks disclosure of proprietary

⁵ See sections 776(a) and (b) of the Act.

information. Therefore, and consistent with the Department's practice, for the "all-others" rate, we calculated a simple average of the two mandatory respondents' rates.⁶

We determine the total estimated net countervailable subsidy rates to be:

Company	Subsidy rate (percent)
T.T. International Co., Ltd. ...	22.75
JUHUA (including Zhejiang Quhua Fluor-Chemistry Co., Ltd., and other Juhua Stock Companies)	5.71
Jiangsu Bluestar Green Technology Co., Ltd.	1.87
All Others	14.23

As a result of our *Preliminary Determination*, and pursuant to section 703(d) of the Act, we instructed U.S. Customs and Border Protection (CBP) to suspend liquidation of all entries of merchandise under consideration from the PRC that were entered or withdrawn from warehouse, for consumption on or after April 18, 2014, the date of publication of the *Preliminary Determination* in the **Federal Register**. In accordance with section 703(d) of the Act, we issued instructions to CBP to discontinue the suspension of liquidation for CVD purposes for subject merchandise entered, or withdrawn from warehouse, on or after August 16, 2014, but to continue the suspension of liquidation of all entries from April 18, 2014, through August 15, 2014.

If the U.S. International Trade Commission ("ITC") issues a final affirmative injury determination, we will issue a CVD order and reinstate the suspension of liquidation under section 706(a) of the Act and will require a cash deposit of estimated CVDs for such entries of merchandise in the amounts indicated above. If the ITC determines that material injury, or threat of material injury, does not exist, this proceeding will be terminated and all estimated duties deposited or securities posted as a result of the suspension of liquidation will be refunded or canceled.

ITC Notification

In accordance with section 705(d) of the Act, we will notify the ITC of our determination. In addition, we are making available to the ITC all non-privileged and non-proprietary information related to this investigation.

⁶ See, e.g., *Countervailing Duty Investigation of Chlorinated Isocyanurates from the People's Republic of China: Preliminary Determination and Alignment of Final Determination With Final Antidumping Determination*, 79 FR 10097 (February 24, 2014). We did not include Bluestar in the "all-others" rate because it was not a mandatory respondent.

We will allow the ITC access to all privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under an administrative protective order ("APO"), without the written consent of the Assistant Secretary for Enforcement and Compliance.

Return or Destruction of Proprietary Information

In the event that the ITC issues a final negative injury determination, this notice will serve as the only reminder to parties subject to an APO of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This determination is issued and published pursuant to sections 705(d) and 777(i) of the Act.

Dated: October 14, 2014.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

1,1,1,2-Tetrafluoroethane From the People's Republic of China: Final Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: We determine that 1,1,1,2-Tetrafluoroethane (“tetrafluoroethane”) from the People's Republic of China (“PRC”) is being, or is likely to be, sold in the United States at less than fair value (“LTFV”), as provided in section 735 of the Tariff Act of 1930, as amended (“the Act”). This investigation's final dumping margins are in the “Final Determination Margins” section, *infra*.

DATES: *Effective Date:* October 20, 2014.

FOR FURTHER INFORMATION CONTACT: Frances Veith or Bob Palmer, AD/CVD

Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-4295 or (202) 482-9068, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 29, 2014, the Department of Commerce (“Department”) published its *Preliminary Determination*¹ and postponement of the final determination in the LTFV investigation of tetrafluoroethane from the PRC and on July 1, 2014, we published an *Amended Preliminary Determination*.² We invited interested parties to comment on our *Preliminary Determination* of sales at LTFV and *Amended Preliminary Determination*. For a list of the parties that filed case and rebuttal briefs, see the Issues and Decision Memorandum.³ On September 30, 2014, the Department held a public hearing limited to issues raised in case and rebuttal briefs.

Period of Investigation

The period of investigation (“POI”) is April 1, 2013, through September 30, 2013. This period corresponds to the two most recent fiscal quarters prior to the month of the filing of the petition, which was October 2013.⁴

Scope of the Investigation

The product subject to this investigation is 1,1,1,2-Tetrafluoroethane, R-134a, or its chemical equivalent, regardless of form, type, or purity level. The chemical formula for 1,1,1,2-tetrafluoroethane is CF₃-CH₂F, and the Chemical Abstracts Service (“CAS”) registry number is CAS 811-97-2.

1,1,1,2-Tetrafluoroethane is sold under a number of trade names including Klea 134a and Zephex 134a

(Mexichem Fluor); Genetron 134a (Honeywell); Suva 134a, Dymel 134a, and Dymel P134a (DuPont); Solkane 134a (Solvay); and Forane 134a (Arkema). Generically, 1,1,1,2-tetrafluoroethane has been sold as Fluorocarbon 134a, R-134a, HFC-134a, HF A-134a, Refrigerant 134a, and UN3159.

Merchandise covered by the scope of this investigation is currently classified in the Harmonized Tariff Schedule of the United States (“HTSUS”) at subheading 2903.39.2020. Although the HTSUS subheading and CAS registry number are provided for convenience and customs purposes, the written description of the scope is dispositive.

Verification

As provided in section 782(i) of the Act, between June 4 and June 20, 2014, the Department verified the information submitted by Weitron International Refrigeration Equipment (Kunshan) Co., Ltd. (“Weitron Kunshan”) and Jiangu Bluestar Green Technology Co., Ltd. (“Bluestar”) for use in the final determination.⁵ We issued our verification reports on July 21, 2014, and July 23, 2014.⁶ The Department used standard verification procedures, including examination of relevant accounting and production records and original source documents provided by respondents.⁷

Analysis of Comments Received

We addressed all issues raised by parties in case and rebuttal briefs in the Issues and Decision Memorandum.⁸ The Appendix to this notice includes a list of the issues which the parties raised and to which the Department responded in the Issues and Decision Memorandum. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement

In addition, a complete version of the Issues and Decision Memorandum is available at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Changes Since the Preliminary Determination

Based on the Department's analysis of the comments received and our findings at verification, we made certain changes to Bluestar's margin calculations. Additionally, we determined that Weitron Kunshan was not an exporter of subject merchandise during the POI. Accordingly, we have not calculated a dumping margin based on the data reported by Weitron Kushan. For a discussion of these changes, see the Issues and Decision Memorandum.

Final Affirmative Determination of Critical Circumstances

We determine that critical circumstances exist with respect to

Bluestar, non-individually examined companies, and the PRC-wide entity.⁹

Combination Rates

In the *Initiation Notice*,¹⁰ the Department stated that it would calculate combination rates for the respondents that are eligible for a separate rate in this investigation. Policy Bulletin 05.1 describes this practice.¹¹

Final Determination

The final weighted-average antidumping duty ("AD") margin percentages are as follows:

Exporter	Producer	Weighted-average margin (%)
Jiangsu Bluestar Green Technology Co., Ltd.	Jiangsu Bluestar Green Technology Co., Ltd.	12 280.67
Shandong Dongyue Chemical Co., Ltd.	Shandong Dongyue Chemical Co., Ltd.	280.67

Disclosure

We intend to disclose to parties the calculations performed in this proceeding within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(4)(A) of the Act, the Department will instruct U.S. Customs and Border Protection ("CBP") to continue to retroactively suspend liquidation of all appropriate entries of tetrafluoroethane from the PRC as described in the "Scope of the Investigation" section, which were entered, or withdrawn from warehouse, for consumption on or after the date which is 90 days before the

date on which the suspension of liquidation was first ordered (*i.e.*, May 29, 2014, the date of publication in the **Federal Register** of the notice of an affirmative preliminary determination that tetrafluoroethane is being, or is likely to be, sold in the United States at LTFV). Further, pursuant to 19 CFR 351.205(d), the Department will instruct CBP to require a cash deposit¹⁴ equal to the weighted-average amount by which the normal value exceeds U.S. price, adjusted where appropriate for export subsidies and estimated domestic subsidy pass-through, as follows: (1) For the exporter/producer combination listed in the table above, the cash deposit rate will be equal to the dumping margin which the Department determined in this final determination;

(2) for all combinations of PRC exporters/producers of merchandise under consideration which have not received their own separate rate above, the cash deposit rate will be equal to the dumping margin established for the PRC-wide entity; and (3) for all non-PRC exporters of merchandise under consideration which have not received their own separate rate above, the cash deposit rate will be equal to the cash deposit rate applicable to the PRC exporter/producer combination that supplied that non-PRC exporter. These suspension-of-liquidation instructions will remain in effect until further notice.

We did not adjust the final determination AD margins for export subsidies because the Department found no evidence of export subsidies in the

companion countervailing duty proceeding. Additionally, the Department did not adjust the final determination AD margins for estimated domestic subsidy pass-through because respondents provided no information to support an adjustment pursuant to section 777A(f) of the Act.

ITC Notification

In accordance with section 735(d) of the Act, we notified the International Trade Commission (ITC) of the final affirmative determination of sales at LTFV. As the Department's final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will determine, within 45 days, whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of tetrafluoroethane from the PRC, or sales (or the likelihood of sales) for importation, of tetrafluoroethane from the PRC. If the ITC determines that such injury does not exist, this proceeding will be terminated and all securities posted will be refunded or canceled. If the ITC determines that such injury does exist, the Department will issue an antidumping duty order directing CBP to assess, upon further instruction by the Department, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

Return or Destruction of Proprietary Information

This notice also serves as a reminder to the parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This determination is issued and published in accordance with sections 735(d) and 777(i)(1) of the Act.

Dated: October 14, 2014.
