[Investigation Nos. 701-TA-473 and 731-TA-1173 (Review)]

Potassium Phosphate Salts From China

Determinations

On the basis of the record¹ developed in the subject five-year reviews, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930, that revocation of the countervailing duty and antidumping duty orders on potassium phosphate salts from China would be likely to lead to continuation or recurrence of material injury to industries in the United States within a reasonably foreseeable time.

Background

The Commission, pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)), instituted these reviews on June 1, 2015 (80 FR 31068) and determined on September 4, 2015 that it would conduct expedited reviews (80 FR 57204, September 22, 2015).

The Commission made these determinations pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on December 4, 2015. The views of the Commission are contained in USITC Publication 4584 (December 2015), entitled *Potassium Phosphate Salts from China: Investigation Nos. 701-TA-473 and 731-TA-1173 (Review)*.

Issued: December 4, 2015.

By order of the Commission.

Lisa R. Barton,

Secretary to the Commission.
