## INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1050]

### Certain Dental Ceramics, Products Thereof, and Methods of Making the Same; Commission Decision To Review in Part a Final Initial Determination Finding No Violation of Section 337; Schedule for Filing Written Submissions on the Issues Under Review and on Remedy, the Public Interest, and Bonding; Extension of the Target Date

**AGENCY:** U.S. International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the U.S. International Trade Commission has determined to review in part the final initial determination ("final ID") issued by the presiding administrative law judge ("ALJ") on July 23, 2018, finding no violation of section 337 of the Tariff Act of 1930, in the above-captioned investigation. The Commission requests certain briefing from the parties on the issues under review, as indicated in this notice. The Commission also requests briefing from the parties, interested persons, and interested government agencies on the issues of remedy, the public interest, and bonding. The Commission has determined to extend the target date for completion of the investigation from November 23, 2018 to November 30, 2018.

**FOR FURTHER INFORMATION CONTACT:** Sidney A. Rosenzweig, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 708-2532. Copies of non-confidential documents filed in connection with this

investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission TDD terminal on (202) 205-1810.

**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on April 25, 2017, based on a complaint, as supplemented, filed by Ivoclar Vivadent AG of Schaan, Liechtenstein; Ivoclar Vivadent, Inc. of Amherst, New York; and Ardent, Inc. of Amherst, New York (collectively "Ivoclar"). 82 FR 19081 (Apr. 25, 2017). The complaint, as supplemented, alleged violations of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain dental ceramics, products thereof, and methods of making the same by reason of the infringement of certain claims of four United States patents: U.S. Patent No. 7,452,836 ("the '836 patent"); U.S. Patent No. 6,517,623 ("the '623 patent"); U.S. Patent No. 6,802,894 ("the '894 patent"); and U.S. Patent No. 6,455,451 ("the '451 patent"). The notice of investigation named as respondents GC Corporation of Tokyo, Japan; and GC America, Inc. of Alsip, Illinois (collectively, "GC"). The Office of Unfair Import Investigations was also named as a party.

The investigation was previously terminated as to certain asserted patent claims, including all of the asserted claims of the '623 patent and the '451 patent, based upon withdrawal of the complaint. Order No. 18 (Nov. 21, 2017), *not reviewed*, Notice (Dec. 6, 2017); Order No. 24 (Dec. 19, 2017), *not reviewed*, Notice (Jan. 18, 2018); Order No. 51 (Feb. 22, 2018), *not reviewed*, Notice (Mar. 23, 2018); Order No. 56 (Mar. 28, 2018), *not reviewed*, Notice (Apr. 27, 2018). Remaining within the scope of the investigation, as to infringement, domestic industry, or both, are claims 1, 2, 4, 5, 7, 9, 10, 13, 15-19, and 21 of the '836 patent; and claims 1, 2, 4, 16-21, 34, 36 and 38 of the '894 patent.

On July 23, 2018, the ALJ issued the final ID. The ID finds, *inter alia*, that Ivoclar failed to demonstrate infringement of the above-referenced claims of the '836 patent. The ID finds, *inter alia*, that claims 36 and 38 ("the '894 flexure strength claims") are invalid as indefinite under 35 U.S.C. 112 ¶ 2. The ID further finds that Ivoclar failed to demonstrate infringement and failed to meet the technical prong of the domestic industry requirement as to the remaining claims of the '894 patent (claims 1, 2, 4, 5, 7, 9, 10, 13, 15-19, and 21) ("the '894 annealing claims"). The ID finds that some, but not all, of the '894 annealing claims are invalid in view of certain prior art.

Ivoclar, GC, and the Commission investigative attorney filed petitions for review and replies to the other parties' petitions.

Having reviewed the record of the investigation, including the final ID, as well as the parties' petitions for review and responses thereto, the Commission has determined as follows. The Commission has determined to review the ID's findings as to the '894 annealing claims. The Commission has determined not to review the ID's findings as to the '894 flexure strength claims because the Commission finds that the invalidity of claims 36 and 38 has been shown clearly and convincingly. The Commission has determined not to review the ID's findings for the '836 patent claims. Accordingly, the Commission finds no violation of section 337 as to the '836 patent and as to the '894 flexure strength claims. The Commission has determined not to review the remainder of the ID.

In connection with the Commission's review, the Commission notes that "[a]ny issue not raised in a petition for review will be deemed to have been abandoned by the petitioning party and may be disregarded by the Commission in reviewing the initial determination." 19 CFR 210.43(b)(2).

The parties are asked to provide additional briefing on the following issues, with reference to the applicable law and the existing evidentiary record. For each argument presented, the parties' submissions should set forth whether and/or how that argument was presented and preserved in the proceedings before the ALJ, in conformity with the ALJ's Ground Rules (Order No. 2), with citations to the record.

1. For purposes of invalidity of the '894 annealing claims, if the Commission were to find that a person of ordinary skill is entitled to rely upon the patentee's representation about the
