BILLING CODE 7020–02–P

DEPARTMENT OF JUSTICE

[OMB Number 1121–0249]

Agency Information Collection Activities; Proposed eCollection eComments Requested; Extension of a Currently Approved Collection: Mortality in Correctional Institutions (State Prisons)

AGENCY: Bureau of Justice Statistics, Department of Justice.

ACTION: 60-day notice.

SUMMARY: The Department of Justice (DOJ), Office of Justice Programs, Bureau of Justice Statistics, will be submitting an extension to an existing information collection to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

DATES: Comments are encouraged and will be accepted for 60 days until November 13, 2018.

FOR FURTHER INFORMATION CONTACT: If you have additional comments, especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Mary Cowhig, Statistician, 810 Seventh Street NW, Washington, DC 20531 (email: mary.cowhig@usdoj.gov; telephone: 202–353–4982).

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Statistics, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to

respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

1. *Type of Information Collection:* Extension of a currently approved collection.

2. *The Title of the Form/Collection:* Mortality in Correctional Institutions (State Prisons) (MCI-State Prisons).

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The MCI-State Prisons collection currently includes the following forms:

- *NPS–4: Annual Summary of Inmate Deaths in State Prisons.* This form is sent to the 50 state DOCs to collect the number of state prisoner deaths in a calendar year.

- *NPS–4A: State Prison Inmate Death Report Form.* Annually, this form is sent to the 50 state DOCs to collect details about each state prisoner death.

The applicable component within the Department of Justice is the Bureau of Justice Statistics (BJS), in the Office of Justice Programs.

BJS proposes to transfer the MCI-Jails information collection from the currently approved OMB collection under control number 1121–0094, where it was bundled with the Annual Survey of Jails and the Survey of Jails in Indian Country collections in 2015, to this collection (OMB Control Number 1121–0249, expiration 03/31/2019) to form one mortality collection program.

The combined mortality collection would include the 50 state departments of corrections (DOCs) plus approximately 3,000 local jail jurisdictions and would collect data on the number and nature of inmate deaths in the custody of state correctional facilities.

Prior to 2015, BJS collected mortality data from both state prisons and local jails under the OMB Control Number 1121–0249. In 2015, the Mortality in Correctional Institutions (Jails) (MCI-Jails) portion of the collection was bundled with the Annual Survey of Jails (ASJ) and the Survey of Jails in Indian Country (SJIC) in an attempt to consolidate the response burden placed on jails. However, the overlap among these three collections is small, both in terms of jails covered in each and context collected:

- MCI-Jails requests annual data from about 3,000 jail jurisdictions on deaths, the confined population as of December
