

**INTERNATIONAL TRADE
COMMISSION**

[Investigation Nos. 701–TA–656 and 731–TA–1533 (Preliminary)]

**Certain Metal Lockers and Parts
Thereof From China; Determinations**

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of certain metal lockers and parts thereof from China, provided for in subheadings 9403.20.00 and 9403.90.80 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (“LTFV”) and to be subsidized by the government of China.²

**Commencement of Final Phase
Investigations**

Pursuant to section 207.18 of the Commission’s rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in § 207.21 of the Commission’s rules, upon notice from the U.S. Department of Commerce (“Commerce”) of affirmative preliminary determinations in the investigations under §§ 703(b) or 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under §§ 705(a) or 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Background

On July 9, 2020, List Industries, Inc., Deerfield Beach, Florida; Lyon LLC,

Montgomery, Illinois; Penco Products, Inc., Greenville, North Carolina; and Tennsco Corp., Dickson, Tennessee filed petitions with the Commission and Commerce, alleging that an industry in the United States is materially injured or threatened with material injury by reason of subsidized and LTFV imports of certain metal lockers and parts thereof from China. Accordingly, effective July 9, 2020, the Commission instituted countervailing duty investigation No. 701–TA–656 and antidumping duty investigation No. 731–TA–1533 (Preliminary).

Notice of the institution of the Commission’s investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of July 15, 2020 (85 FR 42917). The conference was held in Washington, DC, on July 30, 2020, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission made these determinations pursuant to §§ 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)). It completed and filed its determinations in these investigations on August 24, 2020. The views of the Commission are contained in USITC Publication 5113 (August 2020), entitled *Certain Metal Lockers and Parts Thereof from China: Investigation Nos. 701–TA–656 and 731–TA–1533 (Preliminary)*.
