

Park, State Road 70 and I-95, Fort Pierce.

The grantee's proposed service area under the ASF would be St. Lucie County, Indian River County and Okeechobee County, Florida, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The application indicates that the proposed service area is within and adjacent to the Fort Pierce U.S. Customs and Border Protection Customs Station.

The applicant is requesting authority to reorganize its existing zone to include all of the existing sites as "magnet" sites. The ASF allows for the possible exemption of one magnet site from the "sunset" time limits that generally apply to sites under the ASF, and the applicant proposes that Site 1 be so exempted. No subzones/usage-driven sites are being requested at this time.

In accordance with the FTZ Board's regulations, Christopher Kemp of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is November 22, 2021. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to December 7, 2021.

A copy of the application will be available for public inspection in the "Online FTZ Information Section" section of the FTZ Board's website, which is accessible via www.trade.gov/ftz. For further information, contact Christopher Kemp at Christopher.Kemp@trade.gov.

Dated: September 17, 2021.

Certain Aluminum Foil From the Sultanate of Oman: Final Affirmative Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that imports of certain aluminum foil (aluminum foil) from the Sultanate of Oman (Oman) are being, or are likely to be, sold at less than fair value (LTFV). The period of investigation (POI) is July 1 2019, through June 30, 2020.

DATES: Applicable September 23, 2021.

FOR FURTHER INFORMATION CONTACT: Benjamin A. Smith, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2181.

SUPPLEMENTARY INFORMATION:

Background

On May 4, 2021, Commerce published the *Preliminary Determination* of this LTFV investigation in the **Federal Register**, in which we also postponed the final determination until September 16, 2021.¹ This investigation concerns one mandatory respondent, Oman Aluminium Rolling Company LLC (OARC). We invited interested parties to comment on the *Preliminary Determination*. A complete summary of the events that have occurred since publication of the *Preliminary Determination* may be found in the Issues and Decision Memorandum.²

Scope of the Investigation

The product covered by this investigation is aluminum foil from the Sultanate of Oman. For a complete description of the scope of this investigation, see Appendix I.

¹ See *Certain Aluminum Foil from the Sultanate of Oman: Preliminary Affirmative Determination of Sales at Less than Fair Value, Postponement of Final Determination, and Extension of Provisional Measures*, 86 FR 23681 (May 4, 2021) (*Preliminary Determination*), and accompanying Preliminary Decision Memorandum.

² See Memorandum, "Decision Memorandum for the Final Affirmative Determination in the Less-Than-Fair-Value Investigation of Certain Aluminum Foil from the Sultanate of Oman," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

Scope Comments

In accordance with the *Preamble* to Commerce's regulations,³ the *Initiation Notice*⁴ set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).⁵ Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*, and we addressed these comments in the Preliminary Scope Decision Memorandum.⁶ Interested parties were provided an opportunity to comment on the Preliminary Scope Decision Memorandum.⁷ We received no scope briefs requesting changes to the scope of the antidumping or countervailing duty investigations of aluminum foil from the Republic of Armenia, Brazil, the Sultanate of Oman, the Russian Federation, and the Republic of Turkey. Additionally, we received a letter from the petitioners⁸ urging Commerce to maintain the same scope language which was set forth in both the *Initiation Notice* or *Preliminary Determination*.⁹ Accordingly, Commerce is not modifying the scope language as it appeared in the *Initiation Notice* or *Preliminary Determination*. See the appendix to this notice for the final scope of the investigation.

Analysis of Comments Received

We addressed all issues raised in the case and rebuttal briefs in the Issues and Decision Memorandum, which is hereby adopted by this notice. The issues are identified in Appendix II of this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). Verification

Commerce was unable to conduct on-site verification of the official record when making our final determination in this investigation. However, we took additional steps in lieu of an on-site verification to verify the information relied upon in making this final determination, in accordance with section 782(i) of the Tariff Act of 1930, as amended (the Act).¹⁰

Changes Since the Preliminary Determination

Based on our analysis of the comments received from parties, we have made certain revisions to the margin calculation for OARC. For a discussion of these changes, see the “Changes from the Preliminary Determination” section of the Issues and Decision Memorandum.

All-Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated weighted-average dumping margin for all other producers and exporters not individually investigated shall be equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated excluding rates that are zero, *de minimis*, or determined entirely under section 776 of the Act.

Commerce calculated an individual estimated weighted-average dumping margin for OARC, the only individually-examined exporter/producer in this investigation. Because the only individually calculated dumping margin is not zero, *de minimis*, or based entirely on facts otherwise available, the estimated weighted-average dumping margin calculated for OARC is the margin assigned to all other producers and exporters, pursuant to section 735(c)(5)(A) of the Act.

Final Determination

The final estimated weighted-average dumping margins are as follows:

Producers/Exporters	Weighted-average dumping margins (percent)
Oman Aluminium Rolling Company LLC (OARC)	3.89
All Others	3.89

Disclosure

Commerce intends to disclose to interested parties the calculations performed for this final determination within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice, in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, Commerce will instruct U.S. Customs and Border Protection (CBP) to continue to suspend the liquidation of all appropriate entries of subject merchandise, as described in Appendix I of this notice, entered, or withdrawn from warehouse, for consumption on or after May 4, 2021, the date of publication in the **Federal Register** of the affirmative *Preliminary Determination*.

Pursuant to section 735(c)(1)(B)(ii) of the Act and 19 CFR 351.210(d), where appropriate, we will instruct CBP to require a cash deposit for such entries of merchandise equal to the following: (1) The cash deposit rate for the respondents listed above will be equal to the company-specific estimated weighted-average dumping margins determined in this final determination; (2) if the exporter is not identified above, but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin. These suspension of liquidation instructions will remain in effect until further notice.

To determine the cash deposit rate, Commerce normally adjusts the estimated weighted-average dumping margin by the amount of export subsidies countervailed in a companion CVD proceeding, when CVD provisional measures are in effect. Accordingly, where we preliminarily make an affirmative determination for countervailable export subsidies, we offset the estimated weighted-average dumping margin by the appropriate CVD rate. However, in the companion

CVD final determination, we did not countervail any export subsidies.¹¹ Accordingly, we made no adjustment for export subsidy offsets to the estimated weighted-average dumping margin.

International Trade Commission Notification

In accordance with section 735(d) of the Act, we will notify the International Trade Commission (ITC) of the final affirmative determination of sales at LTFV. Because Commerce’s final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of aluminum foil no later than 45 days after this final determination. If the ITC determines that such injury does not exist, this proceeding will be terminated, and all cash deposits posted will be refunded and suspension of liquidation will be lifted. If the ITC determines that such injury does exist, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the “Continuation of Suspension of Liquidation” section.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This determination and this notice are issued and published in accordance with sections 735(d) and 777(i)(1) of the Act, and 19 CFR 351.210(c).

Deputy Assistant Secretary for Policy and Negotiations.

Appendix I—Scope of the Investigation

The merchandise covered by this investigation is aluminum foil having a thickness of 0.2 mm or less, in reels exceeding 25 pounds, regardless of width. Aluminum foil is made from an aluminum alloy that contains more than 92 percent aluminum. Aluminum foil may be made to ASTM specification ASTM B479, but can also be made to other specifications. Regardless of specification, however, all aluminum foil meeting the scope description is included in the scope, including aluminum foil to which lubricant has been applied to one or both sides of the foil.

Excluded from the scope of this investigation is aluminum foil that is backed with paper, paperboard, plastics, or similar backing materials on one side or both sides of the aluminum foil, as well as etched capacitor foil and aluminum foil that is cut to shape. Where the nominal and actual measurements vary, a product is within the scope if application of either the nominal or actual measurement would place it within the scope based on the definitions set forth above. The products under investigation are currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7607.11.3000, 7607.11.6090, 7607.11.9030, 7607.11.9060, 7607.11.9090, and 7607.19.6000.

Further, merchandise that falls within the scope of this proceeding may also be entered into the United States under HTSUS subheadings 7606.11.3060, 7606.11.6000, 7606.12.3045, 7606.12.3055, 7606.12.3091, 7606.12.3096, 7606.12.6000, 7606.91.3095, 7606.91.6095, 7606.92.3035, and 7606.92.6095. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

Certain Aluminum Foil From the Russian Federation: Final Affirmative Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that imports of certain aluminum foil from the Russian Federation (Russia) are being, or are likely to be, sold in the United States at less than fair value (LTFV). The period of investigation is July 1, 2019, through June 30, 2020.

DATES: Applicable September 23, 2021.

SUPPLEMENTARY INFORMATION:

Background

On May 4, 2021, Commerce published in the *Federal Register* the preliminary affirmative determination in the LTFV investigation of aluminum foil from Russia, and postponement of final determination until September 16, 2021.¹ We invited interested parties to comment on the *Preliminary Determination*. We received no comments from interested parties. Accordingly, the final determination is unchanged from the *Preliminary Determination*.

Scope of the Investigation

The product covered by this investigation is aluminum foil from Russia. For a complete description of the scope of this investigation, see the appendix to this notice.

parties to raise issues regarding product coverage (*i.e.*, scope).⁴ Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*, and we addressed these comments in the Preliminary Scope Decision Memorandum.⁵ Interested parties were provided an opportunity to comment on the Preliminary Scope Decision Memorandum.⁶ We received no scope briefs requesting changes to the scope of the antidumping or countervailing duty investigations of aluminum foil from the Republic of Armenia, Brazil, the Sultanate of Oman, the Russian Federation, and the Republic of Turkey. Additionally, we received a letter from the petitioners⁷ urging Commerce to maintain the same scope language which was set forth in both the *Initiation Notice* or *Preliminary Determination*.⁸ Accordingly, Commerce is not modifying the scope language as it appeared in the *Initiation Notice* or *Preliminary Determination*. See the appendix to this notice for the final scope of the investigation.

Verification

Rusal Marketing GmbH, Rusal Products GmbH, RTI Limited, JSC United Company Trading House, JSC Rusal Sayanal, and JSC Ural Foil (collectively, Rusal), the sole mandatory respondent in this investigation, declined to participate and did not provide information requested by Commerce. Therefore, Commerce reached the *Preliminary Determination* entirely on the basis of facts available with the application of adverse inferences (AFA). Accordingly, because the *Preliminary Determination* was based entirely on AFA, Commerce conducted no verification of Rusal pursuant to section 782(j) of the Tariff Act of 1930, as amended (the Act).⁹
