

EXPLANATION OF COMMISSION DETERMINATION ON ADEQUACY

in

Large Residential Washers from China

Inv. No. 731-TA-1306 (Review)

On April 8, 2022, the Commission determined to conduct an expedited five-year review in the above-referenced proceeding pursuant to section 751(c)(3)(B) of the Tariff Act of 1930, as amended, 19 U.S.C. § 1675(c)(3)(B).

The Commission received one response to its notice of institution filed on behalf of Whirlpool Corporation (“Whirlpool”), a domestic producer of large residential washers (“LRWs”). The Commission found that the individual response from Whirlpool was adequate. Because Whirlpool accounted for a substantial share of all domestic production of LRWs in 2021, the Commission determined that the domestic interested party group response was adequate.

The Commission did not receive a response to its notice of institution from any respondent interested party. The Commission therefore determined that the respondent interested party group response was inadequate.

The Commission did not find any circumstances that would warrant conducting a full review. The Commission therefore determined to conduct an expedited review of the order.

A record of the Commissioners’ votes is available from the Office of the Secretary and the Commission’s website (www.usitc.gov).
