1/ Ms. Roach submitted e-mail attachments provided on the identical bill (H.R. 1971, 108th Congress).
The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only the U.S. Customs Service is authorized to issue a binding ruling on this matter. The Commission believes that the U.S. Customs Service should be consulted prior to enactment of the bill.

Technical comments:

The Commission suggests that the article description as provided on page 1 of this report be used in the proposed new heading, in order to provide a correct chemical name.

The Commission also suggests that the phrase “No change” be inserted in lieu of “Free” in the special subcolumn of the proposed new heading.
