Technical comments:³

According to the proponent, the article description erroneously included "women" by mistake; the intent was to cover such footwear for other persons. Thus, the article description should be changed to read as shown on page 1.

³ The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only U.S. Customs and Border Protection is authorized to issue a binding ruling on this matter. The Commission believes that U.S. Customs and Border Protection should be consulted prior to enactment of the bill.
