Technical comments: ³

It is suggested that the article description be modified as shown on page one in order to track the language of the permanent tariff category more closely.

³ The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only the U.S. Customs Service is authorized to issue a binding ruling on this matter. The Commission believes that the U.S. Customs Service should be consulted prior to enactment of the bill.
