MEMORANDUM ON PROPOSED TARIFF LEGISLATION
of the 109th Congress ¹

[Date approved: August 30, 2006]²

Bill No. and sponsor: S. 3051 (Mr. Tom Carper of Delaware).

Proponent name, location: INVISTA, Inc., Wilmington, Delaware.

Other bills on product (109th Congress only): None.

Retroactive effect: None.

Suggested article description(s) for enactment (including appropriate HTS subheading(s)):

Synthetic staple fibers of polyester, of cruciform (tetralobal) cross section, measuring 1.2 to 1.7 decitex (provided for in subheading 5503.20.00).

Check one:

Same as that in bill as introduced.

Different from that in bill as introduced (see Technical comments section).

Product information, including uses/applications and source(s) of imports:

The provision would cover synthetic staple fibers of polyester, with a cruciform cross section and measuring from 1.2 to 1.7 decitex. Such fibers convey properties to a yarn or fabric that aid with moisture management and temperature control and are intended to be used in specialty performance apparel. The fibers are imported from Taiwan.

Estimated effect on customs revenue:

Technical comments:³

To be more consistent with normal drafting practices in the HTS, it is suggested that the article description appear as shown on page 1.

³ The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only the U.S. Customs Service is authorized to issue a binding ruling on this matter. The Commission believes that the U.S. Customs Service should be consulted prior to enactment of the bill.

Re:  S. 3051 to temporarily suspend the duty on synthetic staple fiber of polyester

Dear Mr. Chairman:

INVISTA is the proponent of S. 3051 and strongly supports suspending the duty on this unique, specialty form of polyester staple, which is used in apparel applications. The product is currently classified under HTS 5503.20.00.

INVISTA is one of the world's largest integrated fibers, polymers, and intermediates companies, producing and marketing to the apparel, performance fibers, interiors, intermediates, and resins industries. It is recognized across the globe through its well-known brands and trademarks including: Lycra®, Stainmaster®, Antron®, and Coolmax®. INVISTA is a wholly owned, but independently managed, subsidiary of Koch Industries Inc. We are committed to meeting the needs of our customers through technology innovations.

The subject product has a cruciform (or high modification ratio tetralobal) cross section, rather than the traditional round cross section. It provides exceptional consumer performance characteristics when spun into a yarn and knit or woven into a fabric, creating improved comfort in apparel. It measures 1.2-1.7 decitex. It is often blended with other fibers, which are of U.S. origin. This is a very small volume, premium priced item that is a response to U.S. textile mills' demands for innovative, technologically sophisticated offerings. Availability of advanced, niche products such as this is what is needed to sustain the U.S. textile industry. U.S. import duties on this product are considered an unnecessary burden.

This item is one of a large family of products that may be used under INVISTA's Coolmax® fabric certification program. This program was created by INVISTA and is promoted by our company to garment brands, retailers, and consumers. The certification requires that the fabrics demonstrate certain performance characteristics, and it requires that the fabrics be made with a minimum content of qualifying fibers. Only INVISTA fibers will qualify for the certification. There are no domestic suppliers commercially producing this cruciform cross sectioned polyester staple fiber.

We urge Congressional passage of S. 3051.

Sincerely,

Mary Vane  
Director, International Trade & Business Development

109TH CONGRESS
2D SESSION

S. 3051

To suspend temporarily the duty on synthetic staple fiber of polyester.

IN THE SENATE OF THE UNITED STATES

MAY 25, 2006

Mr. CARPER introduced the following bill; which was read twice and referred to the Committee on Finance

A BILL

To suspend temporarily the duty on synthetic staple fiber of polyester.

Be it enacted by the Senate and House of Representa-
tives of the United States of America in Congress assembled,

SECTION 1. SYNTHETIC STAPLE FIBER OF POLYESTER.

(a) In General.—Subchapter II of chapter 99 of the Harmonized Tariff Schedule of the United States is amended by inserting in numerical sequence the following new heading:

| 9902.55.05 | Synthetic staple fiber of polyester; cruciform (tetralobal) cross section measuring 1.2 to 1.7 decitex (provided for in subheading 5503.20.00) | Free | No change | No change | On or before 12/31/2009 |

"
(b) Effective Date.—The amendment made by subsection (a) applies to goods entered, or withdrawn from warehouse for consumption, on or after the 15th day after the date of the enactment of this Act.
