Technical comments:⁴

The Commission staff suggests that the existing heading, 9902.10.78, be used for the duty suspension for the subject product.

⁴ The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only the U.S. Customs Service is authorized to issue a binding ruling on this matter. The Commission believes that the U.S. Customs Service should be consulted prior to enactment of the bill.
