**Technical comments:<sup>4</sup>**

The article description should be amended as shown on page 1, to be more consistent with the permanent tariff category's description and normal tariff drafting practices.

<sup>4</sup> The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only the U.S. Customs Service is authorized to issue a binding ruling on this matter. The Commission believes that the U.S. Customs Service should be consulted prior to enactment of the bill.
