

HARMONIZED TARIFF SCHEDULE (1992)

CHANGE RECORD

This Change Record lists legal (other than scheduled staged reductions to the column-1 special duty rates resulting from the U.S. free-trade agreements with Israel and Canada), statistical and editorial changes made to the Harmonized Tariff Schedule, subsequent to publication of supplement 1 to the 1991 edition. The basic sources of these changes are identified in the Preface to this edition.

The Change Record does include those instances where the President has proclaimed accelerated staged duty rate reductions under the free trade agreement with Canada. As used below, the expression "CA rate accelerated to Free" means that in the special rate of duty column, a duty rate followed by the parenthetical (CA) has been deleted and "CA," has been added to the parenthetical following "Free".
