INTERNATIONAL TRADE COMMISSION

[Investigation No. 731–TA–1022 (Final)]

Refined Brown Aluminum Oxide from China

Determination

On the basis of the record1 developed in the subject investigation, the United States International Trade Commission (Commission) determines,2 pursuant to section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)) (the Act), that an industry in the United States is materially injured by reason of imports from China of refined brown aluminum oxide, provided for in subheading 2818.10.20 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce (Commerce) to be sold in the United States at less than fair value (LTFV). Background

The Commission instituted this investigation effective November 20, 2002, following receipt of a petition filed with the Commission and Commerce by Washington Mills Company, Inc., North Grafton, MA.3 The final phase of the investigation was scheduled by the Commission following notification of a preliminary determination by Commerce that imports of refined brown aluminum oxide from China were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission’s investigation and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the Federal Register of May 23, 2003 (68 FR 28255).
