GENERAL INFORMATION, INSTRUCTIONS, AND DEFINITIONS

GENERAL INFORMATION

Background.--On May 19, 2000, the Department of Commerce suspended an investigation on imports of ammonium nitrate from Russia (65 F.R. 40126). On March 31, 2005, the Commission instituted a review pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. § 1675(c)) (the Act) to determine whether termination of the suspended investigation would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time (70 F. R. 16518, March 31, 2005). If the Commission makes an affirmative determination, the suspension agreement will remain in place. If the Commission makes a negative determination, the Department of Commerce will terminate the suspension agreement and the suspended investigation.

Additional questionnaires will be supplied promptly upon request, or photocopies of the enclosed questionnaire(s) may be used.
