Please note that the questions in this section refer to both pure and alloy magnesium. If your response to any question(s) differs depending on the type of magnesium (i.e., pure magnesium other than off-specification pure magnesium, off-specification pure magnesium, or alloy magnesium), please note this in your response and provide information for each type.

IV-1. Please indicate the countries of origin for magnesium for which your firm has actual marketing/pricing knowledge.

IV-3. Do you or your customers ever specifically order magnesium from one country in particular over other possible sources of supply?

- No Yes--Please identify all relevant countries (including the United States and both subject and nonsubject foreign countries) from which you or your customers prefer to order, and indicate why magnesium from these countries is preferred over product from other countries (please note the specific product in your response).

IV-4. Are certain grades/types/sizes of magnesium available from only a single source (domestic or foreign, including both subject and nonsubject countries)?

- No Yes--Please identify the source and the grade/type/size.

IV-5. If you purchased magnesium from one source although a comparable product was available from another source at a lower price, please explain your reasons for doing so (please specify by country, including the United States and both subject and nonsubject foreign countries). Possibilities might include transaction characteristics such as length of time to fill orders, minimum order size, reliability of supply, etc.
