

Antidumping Duty Sunset Review of Solid Agricultural Grade Ammonium Nitrate from Ukraine," (September 20, 2006). On October 10, 2006, the domestic interested parties submitted comments supporting the Department's adequacy determination.

Pursuant to 19 CFR 351.218(e)(1)(ii)(C)(2), the Department has conducted an expedited sunset review of this antidumping duty order.

### Scope of the Order

The merchandise covered by this order are solid, fertilizer grade ammonium nitrate ("ammonium nitrate" or "subject merchandise") products, whether prilled, granular or in other solid form, with or without additives or coating, and with a bulk density equal to or greater than 53 pounds per cubic foot. Specifically excluded from this scope is solid ammonium nitrate with a bulk density less than 53 pounds per cubic foot (commonly referred to as industrial or explosive grade ammonium nitrate). The merchandise subject to this investigation is classified in the Harmonized Tariff Schedule of the United States ("HTSUS") at subheading 3102.30.00.00. HTSUS subheadings are provided for convenience and customs purposes. The written description of the scope of the order is dispositive.

### Analysis of Comments Received

All issues raised in these reviews are addressed in the "Issues and Decision Memorandum for the Expedited Sunset Review of the Antidumping Duty Order on Solid Agricultural Grade Ammonium Nitrate from Ukraine; Final Results" ("Decision Memo") from Stephen J. Claeys, Deputy Assistant Secretary for Import Administration, to David M. Spooner, Assistant Secretary for Import Administration (November 29, 2006), which is hereby adopted by this notice. The issues discussed in the Decision Memo include the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the order were to be revoked. Parties can find a complete discussion of all issues raised in these reviews and the corresponding recommendations in this public memorandum which is on file in room B-099 of the main Department building.

In addition, a complete version of the Decision Memo can be accessed directly on the Web at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the Decision Memo are identical in content.

### Final Results of Review

The Department determines that revocation of the antidumping duty order on ammonium nitrate from Ukraine would be likely to lead to continuation or recurrence of dumping at the rates listed below:

Producers/Exporters	Margin (percent)
J.S.C. "Concern" Stiroil	156.29
All Others rate <sup>1</sup> .....	156.29

<sup>1</sup> As of February 1, 2006, Ukraine graduated to market economy status (see *Final Results of Inquiry Into Ukraine's Status as a Non-Market Economy Country*, February 24, 2006 (71 FR 9520)). As a result, the Ukraine-wide rate is now the All Others rate. See *Certain Cut-to-Length Carbon Steel Plate from Romania: Notice of Final Results and Final Partial Rescission of Antidumping Duty Administrative Review*, 71 FR 12651 (March 15, 2005) and accompanying Issues and Decision Memorandum at Comment 2.

### Notification regarding Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing the results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act.

Dated: November 29, 2006.

### Steel Concrete Reinforcing Bars from Moldova, the People's Republic of China, South Korea, Indonesia, Poland, and Belarus; Final Results of the Expedited Sunset Reviews of the Antidumping Duty Orders

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On August 1, 2006, the Department of Commerce ("the

Department") initiated sunset reviews of the antidumping duty orders on steel concrete reinforcing bars from Moldova, the People's Republic of China, South Korea, Indonesia, Poland, and Belarus pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). The Department has conducted expedited (120-day) sunset reviews for these orders pursuant to 19 CFR 351.218(e)(1)(ii)(C)(2). As a result of these sunset reviews, the Department finds that revocation of the antidumping duty orders would be likely to lead to continuation or recurrence of dumping.

**EFFECTIVE DATE:** December 5, 2006.

**FOR FURTHER INFORMATION CONTACT:** Audrey Twyman, Damian Felton, or Brandon Farlander, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-3534, (202) 482-0133, and (202) 482-4136, respectively.

### SUPPLEMENTARY INFORMATION:

#### Background

On August 1, 2006, the Department published the notice of initiation of the sunset reviews of the antidumping duty orders on steel concrete reinforcing bars ("rebar") from Moldova, the People's Republic of China ("PRC"), South Korea, Indonesia, Poland, and Belarus pursuant to section 751(c) of the Act. See *Initiation of Five-year ("Sunset") Reviews*, 71 FR 43443 (August 1, 2006) ("Notice of Initiation").

On August 11, 2006, the Department received a notice of intent to participate from the following domestic parties: the Rebar Trade Action Coalition and its individual producer members, Nucor Corporation, CMC Steel Group, and Gerdau Ameristeel, as well as domestic producers TAMCO Steel and Schnitzer Steel Industries, Inc. ("Schnitzer") (collectively "domestic interested parties"), within the deadline specified in 19 CFR 351.218(d)(1)(i). The companies claimed interested party status under section 771(9)(C) of the Act, as manufacturers of a domestic-like product in the United States.

On August 31, 2006, the Department received a complete substantive response to the notice of initiation from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). In this response, Cascade Steel Rolling Mills, Inc. ("Cascade") was substituted for Schnitzer as a domestic interested party. Cascade is a wholly owned subsidiary of Schnitzer. Also, Steel Dynamics, Inc. ("SDI") was added as a domestic

producer. Because SDI did not file a notice of intent to participate in this review, it is not eligible to file a substantive response. See 19 CFR 351.218(d)(iii)(A). Therefore, the domestic interested parties are now the Rebar Trade Action Coalition and its individual producer members, Nucor Corporation, CMC Steel Group, and Gerdau Ameristeel, as well as TAMCO Steel, and Cascade.

We received no responses from respondent interested parties with respect to any of the orders covered by these sunset reviews except Moldova. On August 31, 2006, the Department received a substantive response from respondent interested party, JSCC Moldova Steel Works, which was within the deadline specified in 19 CFR 351.218(d)(3)(i). On September 20, 2006, the Department determined that JSCC Moldova Steel Works did not account for more than 50 percent of exports by volume of the subject merchandise, because it reported that it had no exports during the 2001–2005 sunset review period. Therefore, the Department found that JSCC Moldova Steel Works did not submit an adequate substantive response to the Department’s *Notice of Initiation*. See Memorandum to Susan H. Kuhbach entitled, “Adequacy Determination in Antidumping Duty Sunset Review of

Steel Concrete Reinforcing Bars from Moldova,” (September 20, 2006).

As a result of an inadequate response from Moldova and no substantive response from the PRC, South Korea, Indonesia, Belarus, and Poland, pursuant to 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted an expedited (120-day) sunset review of these orders.

**Scope of the Orders**

The product covered by these orders is all steel concrete reinforcing bars sold in straight lengths, currently classifiable in the Harmonized Tariff Schedule of the United States (“HTSUS”) under item numbers 7214.20.00, 7228.30.8050, 7222.11.0050, 7222.30.0000, 7228.60.6000, 7228.20.1000, or any other tariff item number. Specifically excluded are plain rounds (*i.e.*, non-deformed or smooth bars) and rebar that has been further processed through bending or coating. HTSUS subheadings are provided for convenience and customs purposes. The written description of the scope of the order is dispositive.

**Analysis of Comments Received**

All issues raised in these reviews are addressed in the “Issues and Decision Memorandum for the Expedited Sunset Reviews of the Antidumping Duty Orders on Steel Concrete Reinforcing

Bars from Moldova, the People’s Republic of China, South Korea, Indonesia, Poland, and Belarus; Final Results” from Stephen J. Claeys, Deputy Assistant Secretary for Import Administration, to David M. Spooner, Assistant Secretary for Import Administration (November 29, 2006), which is hereby adopted by this notice (“Decision Memo”). The issues discussed in the Decision Memo include the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the orders were to be revoked. Parties can find a complete discussion of all issues raised in these reviews and the corresponding recommendations in this public memorandum which is on file in room B–099 of the main Department building.

In addition, a complete version of the Decision Memo can be accessed directly on the Web at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the Decision Memo are identical in content.

**Final Results of Reviews**

We determine that revocation of the antidumping duty orders on rebar from Moldova, the PRC, South Korea, Indonesia, Poland, and Belarus would be likely to lead to continuation or recurrence of dumping at the following weighted-average percentage margins:

Manufacturers/Exporters/Producers	Weighted Average Margin (percent)
<i>Moldova.</i>	
Moldova–Wide Rate .....	232.86
<i>PRC.</i>	
Laiwu Steel Group .....	133.00
PRC–Wide Rate .....	133.00
<i>South Korea.</i>	
Dongkuk Steel Mill Co., Ltd./Korea Iron & Steel Co., Ltd. ....	22.89
Hanbo Iron & Steel Co., Ltd. ....	102.28
All Others .....	22.89
<i>Indonesia.</i>	
PT Gunung Gahapi Sakti .....	71.01
PT Bhirma Steel .....	71.01
Krakatau Wajatama .....	71.01
PT Jakarta Steel Perdana Industri .....	71.01
PT Hanil Jaya Metal Works .....	71.01
PT Pulogadung Steel .....	71.01
PT Jakarta Cakra Tunggal .....	71.01
PT The Master Steel Manufacturing Co. ....	71.01
All Others .....	60.46
<i>Poland.</i>	
Stalexport .....	52.07
All Others .....	47.13
<i>Belarus.</i>	
Belarus–Wide Rate .....	114.53

This notice also serves as the only reminder to parties subject to administrative protective orders (“APO”) of their responsibility

concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the

return or destruction of APO materials or conversion to judicial protective orders is hereby requested. Failure to comply with the regulations and terms

of an APO is a violation which is subject to sanction.

We are issuing and publishing the results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act.

Dated: November 29, 2006.

### National Institute of Standards and Technology

#### Jointly Owned Invention Available for Licensing

**AGENCY:** National Institute of Standards and Technology, Commerce

**ACTION:** Notice.

**SUMMARY:** The invention listed below is jointly owned by the U.S. Government, as represented by the Department of Commerce, and Cree Inc. The Department of Commerce's interest in the invention is available for licensing, in accordance with 35 U.S.C. 207 and 37 CFR part 404 to achieve expeditious commercialization of results of federally funded research and development.

**FOR FURTHER INFORMATION CONTACT:**

Technical and licensing information on this invention may be obtained by writing to: National Institute of Standards and Technology, Office of Technology Partnerships, Attn: Mary Clague, Building 222, Room A155, Gaithersburg, MD 20899. Information is also available via telephone: 301-975-4188, fax 301-869-2751, or e-mail: [mary.clague@nist.gov](mailto:mary.clague@nist.gov). Any request for information should include the NIST Docket number or Patent number and title for the invention as indicated below.

The invention available for licensing is:

[DOCKET NUMBER 06-008US]

*Title:* Power Switching Semiconductor Devices Including Rectifying Junction-Shunts.

*Abstract:* A semiconductor device includes a drift layer having a first conductivity type and a body region adjacent the drift layer. The body region has a second conductivity type opposite the first conductivity type and forms a p-n junction with the drift layer. The device further includes a contactor region in the body region and having the first conductivity type, and a shunt channel region extending through the body region from the contactor region to

the drift layer. The shunt channel region has the first conductivity type. The device further includes a first terminal in electrical contact with the body region and the contactor region, and a second terminal in electrical contact with the drift layer. The shunt channel region has a length, thickness and doping concentration selected that: (1) The shunt channel region is fully depleted when zero voltage is applied across the first and second terminals, (2) the shunt channel becomes conductive at voltages less than the built-in potential of the drift layer to body region p-n junction, and/or (3) the shunt channel is not conductive for voltages that reverse bias the p-n junction between the drift region and the body region.

Dated: November 29, 2006.

### National Oceanic and Atmospheric Administration

#### Proposed Information Collection; Comment Request; Fisheries Certificate of Origin

**AGENCY:** National Oceanic and Atmospheric Administration (NOAA).

**ACTION:** Notice.

**SUMMARY:** The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

**DATES:** Written comments must be submitted on or before February 5, 2007.

**ADDRESSES:** Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at [dHynek@doc.gov](mailto:dHynek@doc.gov)).

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the information collection instrument and instructions should be directed to William G. Jacobson, 562-980-4035 or [Bill.Jacobson@noaa.gov](mailto:Bill.Jacobson@noaa.gov).

**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

The information required by the International Dolphin Conservation

Program Act, amendment to the Marine Mammal Protection Act, is needed: To document the dolphin-safe status of tuna import shipments; to verify that import shipments of fish were not harvested by large scale, high seas driftnets; and to verify that imported tuna was not harvested by an embargoed nation or one that is otherwise prohibited from exporting tuna to the United States. Forms are submitted by importers and processors.

**II. Method of Collection**

Forms may be submitted by mail or electronically.

**III. Data**

*OMB Number:* 0648-0335.

*Form Number:* NOAA Form 370.

*Type of Review:* Regular submission.

*Affected Public:* Business or other for-profits organizations.

*Estimated Number of Respondents:* 350.

*Estimated Time Per Response:* 20 minutes.

*Estimated Total Annual Burden Hours:* 3,663.

*Estimated Total Annual Cost to Public:* \$3,397.

**IV. Request for Comments**

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: November 30, 2006.
