Non-Malleable Cast Iron Pipe Fittings From the People's Republic of China: Final Results of the Expedited Second Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On July 1, 2013, the Department of Commerce ("the Department") initiated the second sunset review of the antidumping duty order on non-malleable cast iron pipe fittings from the People's Republic of China ("PRC") pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). Based on the notice of intent to participate and adequate substantive response filed by the domestic interested party, and the lack of response from any respondent interested party, the Department conducted an expedited (120-day) sunset review of the antidumping duty order on non-malleable cast iron pipe fittings from the PRC, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2). As a result of this sunset review, the Department

finds that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping. The magnitude of the dumping margins likely to prevail is indicated in the "Final Results of Sunset Review" section of this notice.

DATES: *Effective Date:* December 3, 2013.

FOR FURTHER INFORMATION CONTACT: James Martinelli or Jamie Blair-Walker, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-2923 or (202) 482-2615, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 7, 2003, the Department published the antidumping duty order on non-malleable cast iron pipe fittings from the PRC.¹ On July 1, 2013, the Department published the notice of initiation of the second sunset review of the antidumping duty order on non-malleable cast iron pipe fittings from the PRC, pursuant to section 751(c) of the Act.² Between July 9 and July 11, 2013, pursuant to 19 CFR 351.218(d)(1), the Department received timely and complete notices of intent to participate in the sunset review from Ward Manufacturing and Anvil International, LLC (collectively, "Petitioners"), domestic producers of non-malleable cast iron pipe fittings. On July 31, 2013, pursuant to 19 CFR 351.218(d)(3), Petitioners filed a timely and adequate substantive response. The Department did not receive substantive responses from any respondent interested party. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted an expedited (120-day) sunset review of the antidumping duty order on non-malleable cast iron pipe fittings from the PRC.

As explained in the memorandum from the Assistant Secretary for Enforcement and Compliance, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 1, through October 16, 2013.³ Therefore, all deadlines in this segment

of the proceeding have been extended by 16 days. The revised deadline for the final results of this sunset review is now November 14, 2013.

Scope of the Order

The products covered by the order are finished and unfinished non-malleable cast iron pipe fittings with an inside diameter ranging from ¼ inch to 6 inches, whether threaded or unthreaded, regardless of industry or proprietary specifications.

Imports of subject merchandise are currently classifiable in the Harmonized Tariff Schedule of the United States ("HTSUS") under item numbers 7307.11.00.30, 7307.11.00.60, 7307.19.30.60, 7307.19.30.85, 7326.90.8588, and 7326.90.8588. HTSUS subheadings are provided for convenience and customs purposes. The written description of the scope of the order is dispositive.⁴

Analysis of Comments Received

A complete discussion of all issues raised in this sunset review is provided in the accompanying I&D Memorandum, which is hereby adopted by this notice. The issues discussed in the I&D Memorandum include the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the order is revoked. The I&D Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS"). Access to IA ACCESS is available in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the I&D Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed I&D Memorandum and the electronic versions of the I&D Memorandum are identical in content.

Final Results of Sunset Review

The Department determines that revocation of the antidumping duty order on non-malleable cast iron pipe fittings from the PRC would be likely to lead to continuation or recurrence of dumping at weigh average margins up to 75.50 percent.

⁴ See Memorandum to Ronald K. Lorentzen, Acting Assistant Secretary for Enforcement and Compliance from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, "Issues and Decision Memorandum for the Expedited Second Sunset Review of the Antidumping Duty Order on Non-malleable Cast Iron Pipe Fittings from the People's Republic of China," dated concurrently with this notice ("I&D Memorandum"), for full scope language.

Countervailing Duty Investigation of Chlorinated Isocyanurates From the People’s Republic of China: Postponement of Preliminary Determination

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Paul Walker, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: 202–482–0413.

SUPPLEMENTARY INFORMATION:

Background

On September 18, 2013, the Department of Commerce (the “Department”) initiated the countervailing duty investigation of chlorinated isocyanurates (“chlorinated isos”) from the People’s Republic of

China (“PRC”).¹ Currently, the preliminary determination is due no later than December 8, 2013.²

Postponement of Due Date for the Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the “Act”), requires the Department to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which the Department initiated the investigation. However, section 703(c)(1) of the Act permits the Department to postpone making the preliminary determination until no later than 130 days after the date on which it initiated the investigation if, among other reasons, the petitioner makes a timely request for a postponement, or the Department concludes that the parties concerned are cooperating and determines that the investigation is extraordinarily complicated. Although Clearon Corp. and Occidental Chemical Corporation (“Petitioners”) made a request on November 19, 2013, to postpone the preliminary countervailing duty determination, this request was made after the applicable deadline had passed.³ However, the original countervailing duty questionnaire is not due to the Department until December 6, 2013, three days before the current date of the preliminary determination. In addition, the Department determines that, thus far, the parties concerned are cooperating because each has made an entry of appearance in this investigation.⁴ Also, the Department must analyze 30 complicated programs⁵ for each respondent, including

¹ See *Chlorinated Isocyanurates from the People’s Republic of China: Initiation of Countervailing Duty Investigation*, 78 FR 59001 (September 25, 2013).

² As explained in the memorandum from the Assistant Secretary for Enforcement and Compliance, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 1, through October 16, 2013. See Memorandum for the Record, from Paul Piquado, Assistant Secretary for Enforcement and Compliance, “Deadlines Affected by the Shutdown of the Federal Government,” dated October 18, 2013. Therefore, all deadlines in this segment of the proceeding have been extended by 16 days. If the new deadline falls on a non-business day, in accordance with the Department’s practice, the deadline will become the next business day. As noted above, the revised deadline for the preliminary determination of this investigation is December 8, 2013.

³ See Petitioners’ November 19, 2013 letter requesting postponement of the preliminary determination.

⁴ See, e.g., The Government of the People’s Republic of China November 20, 2013 submission, “GOC Notice of Appearance and APO Application: Countervailing Duty Investigation of Chlorinated Isocyanurates from the People’s Republic of China.”

companies that are cross-owned with each respondent, and likely issue multiple supplemental questionnaires. For all these reasons, the Department finds this investigation to be extraordinarily complicated within the meaning of section 731(c)(1)(B) of the Act, and is hereby fully postponing the preliminary countervailing duty determination by 130 days.⁶

The Department notes that 130 days from the initiation date, plus the 16 days tolled due to the closure of the Federal Government, is February 11, 2014. Therefore, pursuant to the discretion afforded to the Department under section 703(c)(1)(B) of the Act, we are postponing the due date for the preliminary determination to no later than February 11, 2014.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: November 22, 2013.

Assistant Secretary for Enforcement and Compliance.
