Background

On December 7, 2012 the Department of Commerce (Department) published in the *Federal Register* the antidumping duty order on crystalline silicon photovoltaic cells, whether or not assembled into modules, from the People's Republic of China (PRC) (Order).¹ On December 1, 2015, the Department published a notice of opportunity to request an administrative review of the Order.² The Department received multiple timely requests for an administrative review of the Order. On February 9, 2016, in accordance with section 751(a) of Tariff Act of 1930, as

amended (the Act), the Department published in the *Federal Register* a notice of the initiation of an administrative review of the Order.³ The administrative review was initiated with respect to 44 companies or groups of companies, and covers the period from December 1, 2014, through November 30, 2015. Requesting parties have subsequently timely withdrawn all review requests for five companies or groups of companies for which the Department initiated a review, as discussed below.

Rescission of Review, in Part

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if a party that requested the review withdraws its request within 90 days of the date of publication of the notice of initiation of the requested review. All requesting parties withdrew their respective requests for an administrative review of the five companies or groups of companies listed in the Appendix within 90 days of the date of publication of *Initiation Notice*. Accordingly, the Department is rescinding this review with respect to these companies, in accordance with 19 CFR 351.213(d)(1).⁴

Assessment

The Department will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on all appropriate entries. For the companies for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of this notice.

Notification to Importers

This notice serves as the only reminder to importers whose entries

³ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 81 FR 6832 (February 9, 2016) ("*Initiation Notice*").

⁴ See Appendix. As stated in *Change in Practice in NME Reviews*, the Department will no longer consider the non-market economy ("NME") entity as an exporter conditionally subject to administrative reviews. See *Antidumping Proceedings: Announcement of Change in Department Practice for Respondent Selection in Antidumping Duty Proceedings and Conditional Review of the Nonmarket Economy Entity in NME Antidumping Duty Proceedings*, 78 FR 65963 (November 4, 2013) ("*Change in Practice in NME Reviews*"). The PRC-wide entity is not subject to this administrative review because no interested party requested a review of the entity. See *Initiation Notice*.

will be liquidated as a result of this rescission notice, of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's assumption that the reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under an APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with section 751(a)(1) of the Act and 19 CFR 351.213(d)(4).

Heavy Walled Rectangular Welded Carbon Steel Pipes and Tubes From the Republic of Korea: Final Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) determines that heavy walled rectangular welded carbon steel pipes and tubes (HWR pipes and tubes)

from the Republic of Korea (Korea) are being, or are likely to be, sold in the United States at less than fair value (LTFV), as provided in section 735(a) of the Tariff Act of 1930, as amended (the Act). The period of investigation (POI) is July 1, 2014, through June 30, 2015. The final dumping margins of sales at LTFV are listed below in the “Final Determination” section of this notice.

DATES: Effective July 21, 2016.

FOR FURTHER INFORMATION CONTACT: Elizabeth Eastwood or Alice Maldonado, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3874 or (202) 482-4682, respectively.

SUPPLEMENTARY INFORMATION:

Background

On March 1, 2016, the Department published the *Preliminary Determination* of sales at LTFV of HWR pipes and tubes from Korea.¹ A summary of the events that occurred since the Department published the *Preliminary Determination*, as well as a full discussion of the issues raised by parties for this final determination, may be found in the Issues and Decision Memorandum, which is hereby adopted by this notice.²

Scope of the Investigation

The scope of the investigation covers HWR pipes and tubes of rectangular (including square) cross section, having a nominal wall thickness of not less than 4 mm. For a complete description of the scope of the investigation, see Appendix I.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties in this investigation are addressed in the Issues and Decision Memorandum. A list of the issues raised is attached to this notice as Appendix II. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty

The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Verification

As provided in section 782(i) of the Act, in February and March 2016, we verified the sales and cost information submitted by mandatory respondents Dong-A Steel Company (DOSCO) and HiSteel Co., Ltd (HiSteel) for use in our final determination. We used standard verification procedures, including an examination of relevant accounting and production records, and original source documents provided by DOSCO and HiSteel.³

Changes Since the Preliminary Determination

Based on our analysis of the comments received and our findings at verification, we made certain changes to the margin calculations for DOSCO and HiSteel. For a discussion of these changes, see the “Margin Calculations” section of the Issues and Decision Memorandum.

³ See Memorandum to the File from Alice Maldonado and Elizabeth Eastwood, Senior Analysts, and Whitley Herndon, Analyst, entitled, “Verification of the Sales Response of DOSCO America, Inc. in the Antidumping Duty Investigation of Heavy Walled Rectangular Welded Carbon Steel Pipes and Tubes From Korea,” dated April 6, 2016; Memorandum to the file from Alice Maldonado and Elizabeth Eastwood, Senior Analysts, and Whitley Herndon, Analyst, entitled, “Verification of the Sales Response of Dong-A Steel Company in the Antidumping Duty Investigation of Heavy Walled Rectangular Welded Carbon Steel Pipes and Tubes From Korea,” dated April 8, 2016; Memorandum to the File, from Heidi K. Case, Senior Accountant, entitled, “Verification of the Cost Response of HiSteel Co., Ltd. in the Less-Than-Fair-Value Investigation of Heavy Walled Rectangular Welded Carbon Steel Pipes and Tubes From the Republic of Korea,” dated April 6, 2016.

All-Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated all-others rate shall be an amount equal to the weighted-average of the estimated weighted-average dumping margins established for exporters and producers individually investigated excluding any zero or *de minimis* margins, and margins determined entirely under section 776 of the Act. For the final determination, the Department calculated the “all others” rate based on a weighted average of DOSCO’s and HiSteel’s margins using publicly-ranged quantities of their sales of subject merchandise.⁴

Final Determination

The final weighted-average dumping margins are as follows:

Exporter/Manufacturer	Weighted-average dumping margin (percent)
Dong-A Steel Company	2.34
HiSteel Co., Ltd	3.82
All Others	3.24

Disclosure

We will disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, the Department will instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of all appropriate entries of HWR pipes and tubes from Korea, as described in Appendix I of this notice, which were entered, or withdrawn from

⁴ See Memorandum to the File from Alice Maldonado, Senior Analyst, entitled, “Heavy Walled Rectangular Welded Carbon Steel Pipes and Tubes from the Republic of Korea: Calculation of the Final Margin for All Other Companies,” dated July 14, 2016. With two respondents, we normally calculate (A) a weighted-average of the dumping margins calculated for the mandatory respondents; (B) a simple average of the dumping margins calculated for the mandatory respondents; and (C) a weighted-average of the dumping margins calculated for the mandatory respondents using each company’s publicly-ranged values for the merchandise under consideration. We compare (B) and (C) to (A) and select the rate closest to (A) as the most appropriate rate for all other companies. See *Ball Bearings and Parts Thereof From France, Germany, Italy, Japan, and the United Kingdom: Final Results of Antidumping Duty Administrative Reviews, Final Results of Changed-Circumstances Review, and Revocation of an Order in Part*, 75 FR 53661, 53663 (September 1, 2010).

warehouse, for consumption on or after March 1, 2016, the date of publication of the preliminary determination of this investigation in the **Federal Register**.

Further, the Department will instruct CBP to require a cash deposit equal to the estimated amount by which the normal value exceeds the U.S. price as shown above.

International Trade Commission (ITC) Notification

In accordance with section 735(d) of the Act, we will notify the ITC of the final affirmative determination of sales at LTFV. Because the final determination in this proceeding is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of HWR pipes and tubes from Korea no later than 45 days after our final determination. If the ITC determines that material injury or threat of material injury does not exist, the proceeding will be terminated and all cash deposits will be refunded. If the ITC determines that such injury does exist, the Department will issue an antidumping duty order directing CBP to assess, upon further instruction by the Department, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

Notification Regarding Administrative Protective Orders (APO)

This notice serves as a reminder to parties subject to APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination and this notice are issued and published pursuant to sections 735(d) and 777(i)(1) of the Act.

Dated: July 14, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.
