U.S. Smart Grid Solutions Toolkit

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Notice and request for public comment.

SUMMARY: The U.S. Department of Commerce announces the development of a toolkit to promote the deployment of U.S. smart grid technologies and services to be launched in FY2017. Through this Notice, the Department of Commerce seeks broad input from all interested stakeholders regarding the most frequently requested “use cases” by electric utilities for inclusion in a web-based *U.S. Smart Grid Solutions Toolkit*. The *U.S. Smart Grid Solutions Toolkit* (“Toolkit”) is intended to be used by foreign energy officials and foreign end-users of smart grid technologies. The Toolkit will outline U.S. approaches to a series of electric utility use cases and highlight participating U.S. vendors of relevant U.S. smart grid technologies and services. The Toolkit will support the President’s National Export Initiative by fostering export opportunities for the U.S. energy industry.

DATES: Written comments must be received on or before 4:00 p.m. Eastern Daylight Time (EDT) on October 1, 2016.

ADDRESSES: Written comments by be submitted by email to Victoria.Gunderson@trade.gov. Comments submitted by email should be machine-readable and should not be copy protected. Written comments should include contact information for the submitter including name, email, and phone number. Written comments also may be submitted by mail to Victoria Gunderson, Office of Energy & Environmental Industries, Room 4053, U.S. Department of Commerce, 1401

Constitution Avenue NW., Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT:

Victoria Gunderson, Office of Energy & Environmental Industries, Room 4053, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; phone 202-482-7890; fax 202-482-5665; email Victoria.Gunderson@trade.gov.

SUPPLEMENTARY INFORMATION: The development of the *U.S. Smart Grid Solutions Toolkit* requires the identification of three elements: (1) The most frequently requested use cases by global electric utilities; (2) a framework logic to outline the structure of the U.S. smart grid industry; and (3) U.S. vendors capable of supplying relevant goods and services to foreign buyers. At this stage of development of the Toolkit, and through this Notice, the Department of Commerce invites comment to identify the most commonly requested “use cases,” requested by electric utilities. Smart grid use cases should be limited to those applications that can be addressed by transmission, distribution, and energy storage related technologies and services. Examples of use cases include, but are not limited to, the following: Arbitrage, distribution upgrades due to wind/solar, curtailment minimization, frequency regulation, improved customer engagement, non-technical loss reduction, outage detection, and peak demand reduction.

Because input received will be publicly available upon request, businesses or individuals responding to this notice should not include any business confidential. Final selection of included use cases into the Toolkit will not be attributed.

A subsequent **Federal Register** notice will be issued at a later date for U.S. vendors capable of supplying relevant goods and services to foreign buyers to express interest and provide relevant information to be listed in the Toolkit.

Man Cho,

Deputy Director, Office of Energy and Environmental Industries.

Stainless Steel Sheet and Strip From the People’s Republic of China: Preliminary Affirmative Determination of Sales at Less Than Fair Value and Preliminary Affirmative Determination of Critical Circumstances

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Department) preliminarily determines that imports of stainless steel sheet and strip (stainless sheet and strip) from the People’s Republic of China (PRC) are being, or are likely to be, sold in the United States at less than fair value (LTFV). The period of investigation is July 1, 2015, through December 31, 2015. The estimated dumping margins are shown in the “Preliminary Determination” section of this notice. We invite interested parties to comment on this preliminary determination.

DATES: Effective September 19, 2016.

FOR FURTHER INFORMATION CONTACT: Toni Page at (202) 482-1398 or Lingjun Wang at (202) 482-2316, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

The Department published the notice of initiation of this investigation on March 10, 2016.¹ For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum dated concurrently with and hereby adopted by this notice.² A list of topics included in the Preliminary Decision Memorandum is included as Appendix I. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized

¹ See *Stainless Steel Sheet and Strip From the People’s Republic of China: Initiation of Less Than Fair Value Investigation*, 81 FR 12711 (March 10, 2016) (*Initiation Notice*).

² See Memorandum from Gary Taverman, Associate Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, entitled “Decision Memorandum for the Preliminary Determination in the Antidumping Duty Investigation of Stainless Steel Sheet and Strip from the People’s Republic of China” (Preliminary Decision Memorandum).

Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and to all parties in the Central Records Unit located at Room B8024 of the Department's main building. In addition, a complete version of the Preliminary Decision Memorandum can be found at <http://enforcement.trade.gov/frn>. The signed Preliminary Decision Memorandum and electronic version of Preliminary Decision Memorandum are identical in content.

Scope of the Investigation

The product covered by this investigation is stainless sheet and strip. For a complete description of the scope of this investigation, see Appendix II.

Scope Comments

In accordance with the *Preamble* to the Department's regulations,³ the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).⁴ Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*. For a summary of the product coverage comments and rebuttal response submitted to the

record, and accompanying discussion and analysis of all comments timely received, see the Preliminary Scope Memorandum.⁵ The Department is preliminarily not modifying the scope language as it appeared in the *Initiation Notice*.

Postponement of Deadline for the Preliminary Determination

The Department published the notice of postponement of preliminary determination of this investigation on July 7, 2016.⁶ Pursuant to sections 733(c)(1)(B)(i) and (ii) of the Tariff Act of 1930, as amended (the Act), we postponed the preliminary determination by 50 days. As a result, the deadline for the preliminary determination of this investigation moved to September 9, 2016.

Methodology

The Department is conducting this investigation in accordance with section 731 of the Act. Furthermore, for purposes of this preliminary LTFV determination, the Department continues to treat the PRC as a non-market economy country within the meaning of section 771(18) of the Act. For a full discussion of the Department's

methodology, see Preliminary Decision Memorandum.

Preliminary Affirmative Determination of Critical Circumstances

On May 6, 2015, pursuant to section 733(e)(1) of the Act and 19 CFR 351.206, Petitioners timely filed an allegation that critical circumstances exist with respect to imports of stainless sheet and strip from the PRC. We preliminarily determine that critical circumstances exist for the separate rate companies and the PRC-wide entity. For a full description of the methodology and results of our analysis, see the Preliminary Decision Memorandum.

Combination Rates

In the *Initiation Notice*, the Department stated that it would calculate combination rates for the respondents that are eligible for a separate rate in this investigation.⁷ Policy Bulletin 05.1 describes this practice.⁸

Preliminary Determination

The Department preliminarily determines that the following dumping margins exist:

| Exporter | Producer | Margin (%) | Cash deposit (%) |
|--|--|------------|------------------|
| Taiyuan Ridetaixing Precision Stainless Steel Incorporated Co., Ltd. | Taiyuan Ridetaixing Precision Stainless Steel Incorporated Co., Ltd. | 63.86 | 63.12 |
| Zhangjiagang Pohang Stainless Steel Co., Ltd | Zhangjiagang Pohang Stainless Steel Co., Ltd | 63.86 | 63.12 |
| PRC-Wide Entity | PRC-Wide Entity | 76.64 | 75.90 |

As detailed in the Preliminary Decision Memorandum, Shanxi Taigang Stainless Steel Co., Ltd. and Tianjin Taigang Daming Metal Product Co., Ltd., two mandatory respondents in this investigation, did not demonstrate that they were entitled to a separate rate. Accordingly, we consider them to be part of the PRC-wide entity.⁹

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, we will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of all entries of stainless sheet and strip from the PRC as described in Appendix II, that are entered, or withdrawn from warehouse, for consumption on or after the date of

publication of this notice in the **Federal Register**. Section 733(e)(2) of the Act provides that given an affirmative determination of critical circumstances, any suspension of liquidation shall apply to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after the later of (a) the date which is 90 days before the date on which the suspension of liquidation was first ordered, or (b) the date on which notice of initiation of investigation was published. As described above, we preliminarily find that critical circumstances exist for the separate rate companies and the PRC-wide entity. Therefore, in accordance with section

733(e)(2)(A) of the Act, for the separate rate companies and the PRC-wide entity, the suspension of liquidation shall apply to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after 90 days prior to the date of publication of this notice in the **Federal Register**. The suspension of liquidation will remain in effect until further notice.

We will also instruct CBP, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), to require a cash deposit as follows:¹⁰ (1) The cash deposit rate for the exporter/producer combinations listed in the table above will be the rate identified in the table; (2) for all combinations of PRC exporters/producers of merchandise

under consideration that have not received their own separate rate above, the cash-deposit rate will be the cash deposit rate established for the PRC-wide entity; and (3) for all non-PRC exporters of merchandise under consideration which have not received their own separate rate above, the cash-deposit rate will be the cash deposit rate applicable to the PRC exporter/producer combination that supplied that non-PRC exporter. The cash deposit rates were adjusted by the countervailing duty attributable to export subsidies.¹¹

Disclosure and Public Comment

We will disclose the calculations performed to interested parties in this proceeding within five days of the date of announcement of this preliminary determination in accordance with 19 CFR 351.224(b). Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than 30 days after the publication of this preliminary determination in the **Federal Register**.¹² Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs.¹³

Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.¹⁴ This summary should be limited to five pages total, including footnotes.

Interested parties who wish to request a hearing must do so in writing within 30 days after the publication of this preliminary determination in the **Federal Register**.¹⁵ Requests should contain the party's name, address, and telephone number; the number of participants; and a list of the issues to be discussed. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a date, time, and location to be determined. Parties will be notified of the date, time, and location of any hearing.

Parties must file their case and rebuttal briefs, and any requests for a hearing, electronically using ACCESS.¹⁶ Electronically-filed documents must be received successfully in their entirety by

5:00 p.m. Eastern Time on the due dates established above.¹⁷

International Trade Commission Notification

In accordance with section 733(f) of the Act, we are notifying the International Trade Commission (ITC) of our preliminary determination of sales at LTFV. If our final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after our final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

This determination is issued and published in accordance with sections 733(f) and 777(i)(I) of the Act and 19 CFR 351.205(c).

Dated: September 9, 2016.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Scope of the Investigation

The merchandise covered by this investigation is stainless steel sheet and strip, whether in coils or straight lengths. Stainless steel is an alloy steel containing, by weight, 1.2 percent or less of carbon and 10.5 percent or more of chromium, with or without other elements. The subject sheet and strip is a flat-rolled product with a width that is greater than 9.5 mm and with a thickness of 0.3048 mm and greater but less than 4.75 mm, and that is annealed or otherwise heat treated, and pickled or otherwise descaled. The subject sheet and strip may also be further processed (e.g., cold-rolled, annealed, tempered, polished, aluminized, coated,

painted, varnished, trimmed, cut, punched, or slit, etc.) provided that it maintains the specific dimensions of sheet and strip set forth above following such processing. The products described include products regardless of shape, and include products of either rectangular or non-rectangular cross-section where such cross-section is achieved subsequent to the rolling process, *i.e.*, products which have been "worked after rolling" (e.g., products which have been beveled or rounded at the edges).

For purposes of the width and thickness requirements referenced above: (1) Where the nominal and actual measurements vary, a product is within the scope if application of either the nominal or actual measurement would place it within the scope based on the definitions set forth above; and (2) where the width and thickness vary for a specific product (e.g., the thickness of certain products with non-rectangular cross-section, the width of certain products with non-rectangular shape, etc.), the measurement at its greatest width or thickness applies.

All products that meet the written physical description, and in which the chemistry quantities do not exceed any one of the noted element levels listed above, are within the scope of this investigation unless specifically excluded.

Subject merchandise includes stainless steel sheet and strip that has been further processed in a third country, including but not limited to cold-rolling, annealing, tempering, polishing, aluminizing, coating, painting, varnishing, trimming, cutting, punching, and/or slitting, or any other processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the stainless steel sheet and strip.

Excluded from the scope of this investigation are the following: (1) Sheet and strip that is not annealed or otherwise heat treated and not pickled or otherwise descaled; (2) plate (*i.e.*, flat-rolled stainless steel products of a thickness of 4.75 mm or more); and (3) flat wire (*i.e.*, cold-rolled sections, with a mill edge, rectangular in shape, of a width of not more than 9.5 mm).

The products under investigation are currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7219.13.0031, 7219.13.0051, 7219.13.0071, 7219.13.0081, 7219.14.0030, 7219.14.0065, 7219.14.0090, 7219.23.0030, 7219.23.0060, 7219.24.0030, 7219.24.0060, 7219.32.0005, 7219.32.0020, 7219.32.0025, 7219.32.0035, 7219.32.0036, 7219.32.0038, 7219.32.0042, 7219.32.0044, 7219.32.0045, 7219.32.0060, 7219.33.0005, 7219.33.0020, 7219.33.0025, 7219.33.0035, 7219.33.0036, 7219.33.0038, 7219.33.0042, 7219.33.0044, 7219.33.0045, 7219.33.0070, 7219.33.0080, 7219.34.0005, 7219.34.0020, 7219.34.0025, 7219.34.0030, 7219.34.0035, 7219.34.0050, 7219.35.0005, 7219.35.0015, 7219.35.0030, 7219.35.0035, 7219.35.0050, 7219.90.0010, 7219.90.0020, 7219.90.0025, 7219.90.0060, 7219.90.0080, 7220.12.1000, 7220.12.5000, 7220.20.1010, 7220.20.1015, 7220.20.1060, 7220.20.1080, 7220.20.6005, 7220.20.6010, 7220.20.6015, 7220.20.6060, 7220.20.6080, 7220.20.7005, 7220.20.7010, 7220.20.7015,

Certain Cut-to-Length Carbon-Quality Steel Plate From the Republic of Korea: Final Results of Countervailing Duty Administrative Review and New Shipper Review; Calendar Year 2014

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce

SUMMARY: The Department of Commerce (the Department) completed the administrative review (AR) and new shipper review (NSR) of the countervailing duty (CVD) order on cut-to-length carbon-quality steel plate (CTL Plate) from the Republic of Korea for the January 1, 2014, through December 31, 2014, period of review (POR). Based on our analysis of the comments received, the Department determined that Dongkuk Steel Mill Co., Ltd. (DSM), the firm examined in the AR, and Hyundai Steel Company Ltd. (Hyundai Steel), the firm examined in the NSR, each received a *de minimis* net subsidy rate during the POR. The final net subsidy rates are listed below in the “Final Results of Review” section.

DATES: Effective September 19, 2016.

FOR FURTHER INFORMATION CONTACT: John Conniff at 202-482-1009 (for Hyundai Steel), or Jolanta Lawska at 202-482-8362 (for DSM), AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On February 10, 2000, the Department published in the **Federal Register** the *CTL Plate Order*.¹ On March 14, 2016, the Department published its preliminary results of AR and NSR of the CVD order on CTL Plate from the Republic of Korea for the POR.² For a discussion of the events following the Preliminary Results, see the Preliminary Decision Memorandum.

Scope of the Order

The products covered by the order are certain hot-rolled carbon-quality steel: (1) Universal mill plates (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 mm but not exceeding 1250 mm, and of a nominal or actual thickness of not less than 4 mm, which are cut-to-length (not in coils) and without patterns in relief), of iron or non-alloy-quality steel; and (2) flat-rolled products, hot-rolled, of a nominal or actual thickness of 4.75 mm or more and of a width which exceeds 150 mm and measures at least twice the thickness, and which are cut-to-length (not in coils).

The merchandise subject to the order is currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings: 7208.40.3030, 7208.40.3060, 7208.51.0030, 7208.51.0045, 7208.51.0060, 7208.52.0000, 7208.53.0000, 7208.90.0000, 7210.70.3000, 7210.90.9000, 7211.13.0000, 7211.14.0030, 7211.14.0045, 7211.90.0000, 7212.40.1000, 7212.40.5000, 7212.50.0000, 7225.40.3050, 7225.40.7000, 7225.50.6000, 7225.99.0090, 7226.91.5000, 7226.91.7000, 7226.91.8000, 7226.99.0000.

Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise covered by the order is dispositive.³

Methodology

The Department conducted this review in accordance with section

751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For the subsidy program found countervailable during the POR, we determine that there is a subsidy, *i.e.*, a government-provided financial contribution that confers a benefit to the recipient, and that the subsidy is specific. See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity. For a complete description of the methodology, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in interested parties’ case briefs, submitted in this proceeding, are addressed in the Issues and Decision Memorandum. A list of the issues raised by interested parties and to which we responded in the Issues and Decision Memorandum, is attached to this notice as Appendix I. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and is available to all parties in the Central Records Unit, room B8024 of the main Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

Final Results of Review

In accordance with 19 CFR 351.221(b)(4)(i), we calculated an individual subsidy rate for DSM, the firm subject to the AR and Hyundai Steel, the firm subject to the NSR. For the period January 1, 2014, through December 31, 2014, we determine the total net countervailable subsidy rates for DSM and Hyundai are as follows:

| Company | 2014 <i>Ad Valorem</i> rate |
|-----------------------------------|---|
| Dongkuk Steel Mill Co., Ltd | 0.01 percent <i>ad valorem</i> (<i>de minimis</i>). |
