Crystalline Silicon Photovoltaic Cells and Modules From China; Revised Schedule for Full-Five-Year Reviews
ACTION: Notice.

DATES: January 31, 2019.

SUPPLEMENTARY INFORMATION:
Background.—On August 7, 2008, the Department of Commerce ("Commerce") issued antidumping and countervailing duty orders on imports of laminated woven sacks from China (73 FR 45941 and 73 FR 45955). Following the first five-year reviews by Commerce and the Commission, Commerce issued a continuation of the antidumping duty order, effective March 26, 2014, on imports of laminated woven sacks from China (79 FR 16770) and a continuation of the countervailing duty order, effective March 27, 2014, on imports of laminated woven sacks from China (79 FR 17134). The Commission is now conducting second reviews pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission’s Rules of Practice and Procedure at 19 CFR parts 201, subparts A and B and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission’s determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.
