**Filing Information**

As a courtesy, we are making information related to sunset proceedings, including copies of the pertinent statute and Department's regulations, the Department's schedule for Sunset Reviews, a listing of past revocations and continuations, and current service lists, available to the public on the Department's Web site at the following address: <http://enforcement.trade.gov/sunset/>. All submissions in these Sunset Reviews must be filed in accordance with the Department's regulations regarding format, translation, and service of documents. These rules, including electronic filing requirements via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), can be found at 19 CFR 351.303.<sup>1</sup>

This notice serves as a reminder that any party submitting factual information in an AD/CVD proceeding must certify to the accuracy and completeness of that information.<sup>2</sup> Parties are hereby reminded that revised certification

requirements are in effect for company/government officials as well as their representatives in these segments.<sup>3</sup> The formats for the revised certifications are provided at the end of the *Final Rule*. The Department intends to reject factual submissions if the submitting party does not comply with the revised certification requirements.

On April 10, 2013, the Department modified two regulations related to AD/CVD proceedings: The definition of factual information (19 CFR 351.102(b)(21)), and the time limits for the submission of factual information (19 CFR 351.301).<sup>4</sup> Parties are advised to review the final rule, available at <http://enforcement.trade.gov/frn/2013/1304frn/2013-08227.txt>, prior to submitting factual information in these segments. To the extent that other regulations govern the submission of factual information in a segment (such as 19 CFR 351.218), these time limits will continue to be applied. Parties are also advised to review the final rule concerning the extension of time limits

for submissions in AD/CVD proceedings, available at <http://enforcement.trade.gov/frn/2013/1309frn/2013-22853.txt>, prior to submitting factual information in these segments.<sup>5</sup>

**Letters of Appearance and Administrative Protective Orders**

Pursuant to 19 CFR 351.103(d), the Department will maintain and make available a public service list for these proceedings. Parties wishing to participate in any of these five-year reviews must file letters of appearance as discussed at 19 CFR 351.103(d). To facilitate the timely preparation of the public service list, it is requested that those seeking recognition as interested parties to a proceeding submit an entry of appearance within 10 days of the publication of the Notice of Initiation.

Because deadlines in Sunset Reviews can be very short, we urge interested parties who want access to proprietary information under administrative protective order (APO) to file an APO application immediately following publication in the **Federal Register** of this notice of initiation. The Department's regulations on submission of proprietary information and

The required contents of the notice of intent to participate are set forth at 19 CFR 351.218(d)(1)(ii). In accordance with the Department's regulations, if we do not receive a notice of intent to participate from at least one domestic interested party by the 15-day deadline, the Department will automatically revoke the order without further review.<sup>6</sup>

If we receive an order-specific notice of intent to participate from a domestic interested party, the Department's regulations provide that *all parties* wishing to participate in a Sunset Review must file complete substantive responses not later than 30 days after the date of publication in the **Federal Register** of this notice of initiation. The required contents of a substantive response, on an order-specific basis, are set forth at 19 CFR 351.218(d)(3). Note that certain information requirements differ for respondent and domestic parties. Also, note that the Department's information requirements are distinct from the Commission's information requirements. ## DEPARTMENT OF ENERGY

### Office of Energy Efficiency and Renewable Energy

[EERE-2017-BT-STD-0048]

#### Energy Conservation Program: Energy Conservation Standards for Dedicated-Purpose Pool Pump Motors; Notice of Public Meeting

**AGENCY:** Office of Energy Efficiency and Renewable Energy, Department of Energy.

**ACTION:** Notice of public meeting and webinar.

**SUMMARY:** On January 18, 2017, the U.S. Department of Energy ("DOE") published in the **Federal Register** a direct final rule to establish new energy conservation standards for dedicated purpose pool pumps. These standards did not directly address the efficiency of the motors used in dedicated-purpose pool pumps, particularly in replacement applications. Interested stakeholders have encouraged DOE to initiate a working group to specifically address dedicated-purpose pool pump motors that can be used in replacement applications. Therefore, DOE is announcing a public meeting to gather data and information that could lead to the consideration of energy conservation standards for dedicated-purpose pool pump (DPPPs) motors. The meeting will be held on August 10, 2017.

**DATES:** DOE will hold a public meeting on August 10, 2017 from 10 a.m. to 3 p.m., in Washington, DC. The meeting will also be broadcast as a webinar. See the "Public Participation" section of this notice for webinar registration information, participant instructions, and information about the capabilities available to webinar participants.

**ADDRESSES:** The public meeting will be held at the U.S. Department of Energy, Forrestal Building, Room 8E-089, 1000 Independence Avenue SW., Washington, DC 20585-0121. Please see the, "Public Participation" section of this notice for additional information on attending the public meeting.

**FOR FURTHER INFORMATION CONTACT:** Mr. Jeremy Domm, U.S. Department of Energy, Building Technologies Program, EE-5B, 1000 Independence Avenue SW., Washington, DC 20585-0121, (202) 586-9870. Email: [ApplianceStandardsQuestions@ee.doe.gov](mailto:ApplianceStandardsQuestions@ee.doe.gov).

**SUPPLEMENTARY INFORMATION:** On May 26, 2017, DOE published in the **Federal Register** a notice confirming the effective date and compliance date of new energy conservation standards for

dedicated purpose pool pumps (82 FR 24218). These standards were established through a direct final rule published in the **Federal Register** on January 18, 2017 (82 FR 5650) and directly reflect the unanimous consensus of a negotiated rulemaking working group for DPPPs ("the DPPP Working Group"). In comments submitted in response to this direct final rule, four parties commented that they hesitated to support or stated they did not support the direct final rule, despite their participation in the DPPP Working Group and unanimous consensus, because the direct final rule did not address replacement motors that could be used in dedicated-purpose pool pumps. Two parties further encouraged DOE to initiate a working group to specifically address energy conservation standards for dedicated-purpose pool pump motors. (All comments are available for public viewing at <https://www.regulations.gov/docket?D=EERE-2014-BT-STD-0048>.) DOE plans to hold this public meeting to gather data and information that could lead to the consideration of energy conservation standards for dedicated-purpose pool pump motors and to consider the formation of a working group on dedicated-purpose pool pump motors.

### Public Participation
