January 22, 2008, Commerce published Antidumping and Countervailing Duty Proceedings: Documents Submission Procedures; APO Procedures, 73 FR 3634 (January 22, 2008). Parties wishing to participate in these investigations should ensure that they meet the requirements of these procedures (e.g., the filing of letters of appearance as discussed at 19 CFR 351.103(d)).

This notice is issued and published pursuant to sections 732(c)(2) and 777(i) of the Act, and 19 CFR 351.203(c).

Dated: June 11, 2018.

Gary Taverman,
Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix—Scope of the Investigations

The merchandise covered by these investigations is steel cylinders for compressed or liquefied propane gas (steel propane cylinders) meeting the requirements of, or produced to meet the requirements of, U.S. Department of Transportation (USDOT) Specifications 4B, 4BA, or 4BW, or Transport Canada Specification 4BM, 4BAM, or 4BWM, or United Nations pressure receptacle standard ISO 4706. The scope includes steel propane cylinders regardless of whether they have been certified to these specifications before importation. Steel propane cylinders range from 2.5 pound nominal gas capacity (approximate 6 pound water capacity and approximate 4–6 pound tare weight) to 42 pound nominal gas capacity (approximate 100 pound water capacity and approximate 28–32 pound tare weight). Steel propane cylinders have two or fewer ports and may be imported assembled or unassembled (i.e., welded or brazed before or after importation), with or without all components (including collars, valves, gauges, tanks, foot rings, and overfill prevention devices), and coated or uncoated. Also included within the scope are drawn cylinder halves, unfinished steel propane cylinders, collars, and foot rings for steel propane cylinders.

An “unfinished” or “unassembled” propane cylinder includes drawn cylinder halves that have not been welded into a cylinder, cylinders that have not had flanges welded into the port hole(s), cylinders that are otherwise complete but have not had collars or foot rings welded to them, otherwise complete cylinders without a valve assembly attached, and cylinders that are otherwise complete except for testing, certification, and/or marking.

These investigations also cover steel propane cylinders that meet, are produced to meet, or are certified as meeting USDOT Specification 4B, 4BA, or 4BW, or Transport Canada Specification 4BM, 4BAM, or 4BWM, or a United Nations pressure receptacle standard ISO 4706.

Subject merchandise also includes steel propane cylinders that have been further processed in a third country, including but not limited to, attachment of collars, foot rings, or handles by welding or brazing, heat treatment, painting, testing, certification, or any other processing that would not otherwise remove the merchandise from the scope of the investigations if performed in the country of manufacture of the in-scope steel propane cylinders. Specifically excluded are seamless steel propane cylinders and propane cylinders made from stainless steel (i.e., steel containing at least 10.5 percent chromium by weight and less than 1.2 percent carbon by weight), aluminum, or composite fiber material. Composite fiber material is material consisting of the mechanical combination of two components: Fiber (typically glass, carbon, or aramid (synthetic polymer)) and a matrix material (typically polymer resin, ceramic, or metallic).

The merchandise subject to these investigations is properly classified under statistical reporting numbers 7311.00.0060 and 7311.00.0090 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS statistical reporting numbers are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Solid Agricultural Grade Ammonium Nitrate From Ukraine: Final Results of Sunset Review and Revocation of Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On May 1, 2018, the Department of Commerce (Commerce) initiated the sunset review of the antidumping duty order on solid agricultural grade ammonium nitrate from Ukraine. Because the domestic interested parties did not participate in this sunset review, Commerce is revoking this antidumping duty order.

SUPPLEMENTARY INFORMATION: On September 12, 2001, Commerce issued an antidumping duty order on solid grade ammonium nitrate from Ukraine.1 On June 12, 2013, Commerce published its most recent continuation of the order.2 On May 1, 2018, Commerce initiated a sunset review of this order.3 We did not receive a notice of intent to participate from domestic interested parties in this sunset review. As a result, in accordance with 19 CFR 351.218(d)(1)(iii)(A), Commerce determined that no domestic interested party intends to participate in the sunset review, and on May 18, 2018, notified the International Trade Commission, in writing, that we intended to issue a final determination revoking this antidumping duty order.4

Scope of the Order: The products covered by this antidumping duty order are solid, fertilizer grade ammonium nitrate (“ammonium nitrate” or “subject merchandise”) products, whether prilled, granular or in other solid form, with or without additives or coating, and with a bulk density equal to or greater than 53 pounds per cubic foot. Specifically excluded from the scope is solid ammonium nitrate with a bulk density less than 53 pounds per cubic foot (commonly referred to as industrial or explosive grade ammonium nitrate).

We did not receive a notice of intent to participate in these investigations is properly classified under subheading 3102.30.00.00 of the Harmonized Tariff Schedule of the United States (“HTSUS”). Although HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Determination To Revoke: Pursuant to section 751(c)(3)(A) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.218(d)(1)(iii)(B)(3), if no domestic interested party files a notice of intent to participate, Commerce shall, within 90 days after the initiation of the review, issue a final determination revoking the order. Because no domestic interested party filed a notice of intent to participate in this sunset review, Commerce finds that no domestic interested party is participating in this sunset review.

Effective Date of Revocation: The effective date of revocation is June 12,

Certain Cased Pencils From the People’s Republic of China: Recission of Antidumping Duty Administrative Review; 2016–2017

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is rescinding the administrative review of the antidumping duty order on certain cased pencils (pencils) from the People’s Republic of China (China) for the period of review (POR) December 1, 2016, through November 30, 2017.

DATES: Applicable June 18, 2018.

SUPPLEMENTARY INFORMATION:

Background

On December 4, 2017, Commerce published a notice of opportunity to request an administrative review of the antidumping duty order on pencils from China for the POR December 1, 2016, through November 30, 2016.1 On December 29, 2017, Dixon Ticonderoga Company (the petitioner) requested an administrative review of the order with respect to entries of subject merchandise made by Shandong Rongxin Import & Export Co., Ltd. (Rongxin), Wah Yuen Stationery Co. Ltd., and any affiliated entities including but not limited to Shandong Wah Yuen Stationery Co. Ltd. and Tianjin Tonghe Stationery Co. Ltd. (collectively, the Wah Yuen entity).2 On January 2, 2018, Orient International Holding Shanghai Foreign Trade Co., Ltd. (SFTC) requested an administrative review of itself.3 On February 23, 2018, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.221(c)(1)(i), we initiated an administrative review with respect to (1) Rongxin, (2) the Wah Yuen entity, and (3) SFTC.4 On April 9, 2018, SFTC withdrew its request for an administrative review.5 On May 23, 2018, the petitioner withdrew its request for an administrative review of Rongxin and the Wah Yuen entity.6 No other party requested an administrative review of this order.

Recision of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party that requested the review withdraws its request within 90 days of the publication of the notice of initiation of the requested review. In this case, SFTC and the petitioner timely withdrew their requests by the 90-day deadline and no other party requested an administrative review of the antidumping duty order. Therefore, we are rescinding the administrative review of the antidumping duty order on pencils from China for the POR December 1, 2016, through November 30, 2017, in its entirety, in accordance with 19 CFR 351.213(d)(1).

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of pencils from China during the POR at rates equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after the date of publication of this notice in the Federal Register.

Notification to Importers

This notice serves as the only reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).
