SUPPLEMENTARY INFORMATION:

Background
This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on April 25, 2018.1 On August 21, 2018, Commerce postponed the preliminary determination of this investigation to October 24, 2018.2 For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.3 A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov, and it is available to all parties in the Central Records Unit, Room B8204 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at http://enforcement.trade.gov/frn/. The signed and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Scope of the Investigation
The product covered by this investigation is glycine from Thailand. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments
In accordance with the preamble to Commerce’s regulations,4 the Initiation Notice set aside a period of time for parties to raise issues regarding product coverage (i.e., scope).5 Certain interested parties commented on the scope of the investigation as it appeared in the Initiation Notice. For a summary of the product coverage comments and rebuttal responses submitted to the record for this preliminary determination, and accompanying discussion and analysis of all comments timely received, see the Preliminary Scope Decision Memorandum.6 Commerce is not preliminarily modifying the scope language as it appeared in the Initiation Notice.

Methodology
Commerce is conducting this investigation in accordance with section 731 of the Act. Constructed export price was calculated in accordance with section 772(b) of the Act. Normal value was calculated in accordance with section 773 of the Act. For a full description of the methodology underlying the preliminary determination, see the Preliminary Decision Memorandum.

Preliminary Negative Determination of Critical Circumstances
In accordance with section 733(e) of the Act and 19 CFR 351.206, we preliminarily determine that critical circumstances do not exist with regard to imports of glycine from Thailand. For a full discussion, see the Preliminary Decision Memorandum.

Preliminary Determination
For this preliminary determination, Commerce calculated a zero estimated weighted-average dumping margin for Newtrend Food Ingredient (Thailand) Co., Ltd. (Newtrend), the only mandatory respondent in this investigation.

Consistent with section 733(d) of the Act, Commerce has not calculated an estimated weighted-average dumping margin for all other producers and exporters because it has not made an affirmative preliminary determination of sales at LTFV.

Suspension of Liquidation
Because Commerce has made a negative preliminary determination of sales at LTFV with regard to subject merchandise, U.S. Customs and Border Protection will not be directed to suspend liquidation on entries of glycine from Thailand.

Disclosure
Commerce intends to disclose its calculations and analysis to interested parties in this preliminary determination within five days of any

Postponement of Final Determination for Negative Preliminary Determination

Section 735(a)(2)(B) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of a negative preliminary determination, a request for such postponement is made by the petitioners. On September 14, 2018, the petitioners requested that Commerce postpone the final determination. In accordance with section 735(a)(2)(B) of the Act, because the preliminary determination is negative, and the petitioners have requested the postponement of the final determination, Commerce is postponing the final determination. International Trade Commission Notification

In accordance with section 733(f) of the Act, Commerce will notify the International Trade Commission (ITC) of its preliminary determination. If the final determination is affirmative, the ITC will determine 75 days after the final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.
