The Commission, pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)), instituted these reviews on June 1, 2018 (83 FR 25490) and determined on September 4, 2018 that it would conduct expedited reviews (83 FR 48651, September 26, 2018).

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on November 30, 2018. The views of the Commission are contained in USITC Publication 4838 (November 2018), entitled *Steel Concrete Reinforcing Bar from Belarus, China, Indonesia, Latvia, Moldova, Poland, and Ukraine: Investigation Nos. 731–TA–873–875, 878–880, and 882 (Third Review)*.

Implementation Study; New Collection**

AGENCY: Office of the Assistant Secretary for Policy, Chief Evaluation Office, Department of Labor.

ACTION: Notice of information collection; request for comment.

SUMMARY: The Department of Labor (DOL), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents is properly assessed. Currently, the Department of Labor is soliciting comments concerning the collection of data for the Reemployment Services and Eligibility Assessments (RESEA) Program Implementation Study. A copy of the proposed Information Collection Request (ICR) can be obtained by contacting the office listed below in the addressee section of this notice.

SUPPLEMENTARY INFORMATION:

I. Background: DOL funds RESEA programs across all 50 states, DC, Puerto Rico, and the Virgin Islands. States and territories use these funds to address the reemployment services needs of Unemployment Insurance (UI) claimants and to prevent and detect UI improper payments (Unemployment Insurance Program Letter 8–18). The Bipartisan Budget Act of 2018 (Pub. L. 115–123) contains requirements to “establish and expand the use of evidence-based interventions” in states’ RESEA programs. To help meet this requirement and build evidence about RESEA, DOL is conducting an implementation study that will provide in-depth understanding of RESEA programs and their components as implemented, and how states plan to meet the requirement for evidence-based programs (including building needed evidence).

This **Federal Register** Notice provides the opportunity to comment on two new proposed information collection activities that will be used for the implementation study.

- *Semi-structured telephone interview protocols.* The evaluation team will conduct calls to RESEA state leadership in approximately 24 states to systematically gather information about RESEA program operations not available in existing documents. This includes detail on how reemployment services are provided, interactions with federal workforce programs, how eligibility assessment and enforcement are carried out, and any current and planned evaluation activities.

- *Semi-structured in-person interview protocols.* Based on the phone discussions, the evaluation team will choose approximately 10 states for three-day site visits. Each site visit will examine the population served by the RESEA programs, the structure and service components of the programs, and evaluation efforts and perspectives on Bipartisan Budget Act of 2019. These visits will involve a day of interviews with relevant RESEA state officials and a day in each of two American Job Centers (AJCs) in two separate Workforce Development Board (WDB) areas.

A separate information collection activity request will be submitted in the future for a web survey of all RESEA programs. This web survey will provide the data needed to systematically understand RESEA program operations and state plans across all RESEA grantees nationwide.

II. Desired Focus of Comments:
