**FOR FURTHER INFORMATION CONTACT:** Mark Hoadley or Kathryn Turlo, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3148 or (202) 482-3870, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Background

The petitioners in this investigation are Encore Wire Corporation (Encore) and Southwire Company, LLC (Southwire) (collectively, the petitioners). The mandatory respondents in this investigation are Hebei Huatong Wires and Cables Group Co., Ltd. (Huatong) and Shanghai Silin Special Equipment Co., Ltd. (Silin). On

June 5, 2019, Commerce published its *Preliminary Determination* for this investigation and invited interested parties to comment.<sup>1</sup> A summary of the events that occurred since Commerce published the *Preliminary Determination* may be found in the Issues and Decision Memorandum.<sup>2</sup> The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and it is available to all parties in the Central Records Unit, Room B8024 of the main Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed Issues and Decision Memorandum and the electronic version are identical in content.

##### Period of Investigation

The period of investigation is January 1, 2018 through June 30, 2018.

##### Scope of the Investigation

The products covered by this investigation are aluminum wire and cable from China. For a full description of the scope of this investigation, see "Scope of the Investigation," at Appendix I.

##### Scope Comments

During the course of this investigation and the concurrent countervailing duty (CVD) investigation, Commerce received scope comments from interested parties. In our *Preliminary Determination*, we explained that certain interested parties had commented on the scope of the investigation and that Commerce had preliminarily modified the scope.<sup>3</sup> We received no additional scope comments; therefore, the scope remains unchanged from that which appeared in the *Preliminary Determination*.

##### Verification

Because the mandatory respondents in this investigation did not provide

information requested by Commerce, and Commerce found in the *Preliminary Determination* that each of the mandatory respondents have been uncooperative, verification was not conducted.

##### Analysis of Comments Received

In response to our invitation to comment on the *Preliminary Determination*, interested parties submitted case and rebuttal briefs to Commerce. All issues raised in the case and rebuttal briefs that were submitted by parties in this investigation are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is attached to this notice at Appendix II.

##### Changes Since the Preliminary Determination

Based on our analysis of the comments received, we made no changes to the *Preliminary Determination*. For a discussion of the comments received, see the Issues and Decision Memorandum.

##### China-Wide Entity

For the reasons explained in the Issues and Decision Memorandum, we are continuing to find that the use of adverse facts available (AFA), pursuant to sections 776(a) and (b) of the Tariff Act of 1930, as amended (the Act), is appropriate, and we are determining an estimated weighted-average dumping margin based entirely on AFA for the China-wide entity. Further, Commerce continues to consider the mandatory respondents, Huatong and Silin, to be a part of the China-wide entity. We continue to find that the China-wide entity, which also includes companies that failed to establish their eligibility for separate rate status as well as other Chinese exporters or producers that did not respond to Commerce's quantity and value questionnaire, withheld requested information, significantly impeded the proceeding, and failed to cooperate to the best of their abilities, and thus we are continuing to base the final determination for the China-wide entity on AFA. See the Issues and Decision Memorandum for a full discussion of this issue.

##### Adverse Facts Available

In selecting the estimated weighted-average dumping margin based on AFA for the China-wide entity, Commerce's practice is to select a rate that is sufficiently adverse to ensure that the uncooperative party does not obtain a more favorable result by failing to cooperate than if it had fully

cooperated.<sup>4</sup> Specifically, it is Commerce’s practice to select, as an AFA rate, the higher of: (a) the highest dumping margin alleged in the petition; or, (b) the highest calculated dumping margin of any respondent in the investigation. As AFA, Commerce has determined an estimated weighted-average dumping margin for the China-wide entity of 63.47 percent. See the Issues and Decision Memorandum for a full discussion of this issue.

**Separate Rates**

Certain parties commented on our decision in the *Preliminary Determination* to deny separate rate status to Huatong; however, we are continuing to deny separate rate status in this final determination. See the Issues and Decision Memorandum for a full discussion of this issue. Commerce also continues to find that Silin has not established its eligibility for a separate rate. No parties commented on our decision in the *Preliminary Determination* to grant separate rate status to Changfeng Wire & Cable Co.,

Ltd. (Changfeng) and Wuxi Jiangnan Cable Co. Ltd. (Wuxi Jiangnan). We therefore continue to grant separate rate status to these companies.

**Combination Rates**

We have continued to calculate producer/exporter combination rates for the respondents that are eligible for a separate rate. Policy Bulletin 05.1 describes this practice.<sup>5</sup>

**Final Determination**

The final estimated weighted-average dumping margins are as follows:

Exporter	Producer	Estimated weighted-average dumping margin (percent)	Estimated weighted-average dumping margin adjusted for export subsidies (percent)
Changfeng Wire & Cable Co., Ltd .....	Changfeng Wire & Cable Co., Ltd .....	58.51	47.83
Wuxi Jiangnan Cable Co., Ltd .....	Wuxi Jiangnan Cable Co., Ltd .....	58.51	47.83
China-wide entity* .....		63.47	52.79

\* Includes the mandatory respondents, Huatong and Silin.

**Disclosure**

We will disclose the calculations performed within five days of public announcement of this notice in accordance with 19 CFR 351.224(b).

**Continuation of Suspension of Liquidation**

In accordance with section 735(c)(1)(B) of the Act, we will direct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of aluminum wire and cable from China, as described in Appendix I of this notice, which were entered, or withdrawn from warehouse, for consumption on or after June 5, 2019, the date of publication in the **Federal Register** of the affirmative *Preliminary Determination*. Further, pursuant to section 735(c)(1)(B)(ii) of the Act and 19 CFR 351.210(d), Commerce will instruct CBP to require a cash deposit for estimated antidumping duties for such entries as follows: (1) for the exporter/producer combinations listed in the table above, the cash deposit rate is equal to the estimated weighted-average dumping margin, adjusted for export and/or domestic subsidies as appropriate, listed for that combination in the table; (2) for all combinations of Chinese exporters/producers not listed in the above table, the cash deposit rate

is equal to the estimated weighted-average dumping margin, adjusted for export and/or domestic subsidies as appropriate, listed in the table for the China-wide entity; and (3) for all non-Chinese exporters not listed in the table above, the cash deposit rate is equal to the cash deposit rate applicable to the Chinese exporter/producer combination (or the China-wide entity) that supplied that non-Chinese exporter.

To determine the cash deposit rate, Commerce normally adjusts the estimated weighted-average dumping margin by the amount of domestic subsidy pass-through and export subsidies determined in a companion CVD proceeding when CVD provisional measures are in effect. Accordingly, where Commerce makes an affirmative determination for domestic subsidy pass through or export subsidies, Commerce offsets the calculated estimated weighted-average dumping margin by the appropriate rate(s). We have made an affirmative final determination for export subsidies in the companion CVD investigation. However, suspension of liquidation for provisional measures in the companion CVD case has been discontinued; therefore, we are not instructing CBP to collect cash deposits based upon the adjusted estimated

weighted-average dumping margin for those subsidies at this time.

**International Trade Commission Notification**

In accordance with section 735(d) of the Act, Commerce will notify the International Trade Commission (ITC) of its final affirmative determination of sales at LTFV. Because the final determination in this proceeding is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports, or sales (or the likelihood of sales) for importation of aluminum wire and cable from China no later than 45 days after our final determination. If the ITC determines that material injury or threat of material injury does not exist, the proceeding will be terminated, and all cash deposits will be refunded. If the ITC determines that such injury does exist, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise, entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

### Notification Regarding Administrative Protective Orders

This notice serves as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation subject to sanction.

### Notification to Importers

This notice also serves as an initial reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

### Notification to Interested Parties

This determination is issued and published in accordance with sections 735(d) and 777(i)(1) of the Act and 19 CFR 351.210(c).

Dated: October 18, 2019.

#### Sugar From Mexico: Notice of Court Decision Regarding Amendment to the Agreement Suspending the Countervailing Duty Investigation

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** On October 18, 2019, the United States Court of International Trade (CIT) issued a final judgment in *CSC Sugar LLC v. United States*, Ct. No. 17-00214, Slip Op. 19-131 (CIT October 18, 2019) (*CSC Sugar II*). Commerce is notifying the public of the CIT's ruling that Commerce's 2017 amendment to the Agreement Suspending the

Countervailing Duty Investigation on Sugar from Mexico (CVD Agreement) must be vacated. Commerce intends to take action to implement the CIT ruling by November 18, 2019.

**DATES:** November 29, 2019.

#### SUPPLEMENTARY INFORMATION:

#### Background

On December 19, 2014, Commerce and the Government of Mexico (GOM) signed the CVD Agreement.<sup>1</sup> Between June 2016 and June 2017, Commerce and the GOM held consultations to address concerns raised by the domestic industry and to ensure that the CVD Agreement met the statutory requirements for a suspension agreement, *e.g.*, that suspension of the investigation was in the public interest, including the availability of supplies of sugar in the U.S. market, and that effective monitoring was practicable. The consultations resulted in Commerce and the GOM signing an amendment to the CVD Agreement on June 30, 2017, which was subsequently published in the **Federal Register**.<sup>2</sup>

CSC Sugar LLC (CSC Sugar) challenged Commerce's determination to amend the CVD Agreement by contending that Commerce did not meet its obligation to file a complete administrative record.<sup>3</sup> Specifically, CSC Sugar argued that Commerce failed to memorialize and include in the record *ex parte* communications between Commerce officials and interested parties (including the domestic sugar industry and representatives of Mexico) as required by section 777(a)(3) of the Tariff Act of 1930, as amended (the Act).<sup>4</sup>

The CIT agreed with CSC Sugar and ordered Commerce to supplement the administrative record with any *ex parte* communications regarding the *CVD Amendment*.<sup>5</sup> CSC Sugar subsequently filed a motion for judgment on the agency record arguing that Commerce's
