INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–649 and 731–TA–1523 (Preliminary)]

Twist Ties From China

Determinations

On the basis of the record developed in the subject investigations, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of twist ties from China, provided for in statistical reporting numbers 8309.90.0000 and 5609.00.3000 of the Harmonized Tariff Schedule of the United States that are alleged to be sold in the United States at less than fair value ("LTFV") and to be subsidized by the government of China.2

Background

On June 26, 2020, Bedford Industries Inc., Worthington, Minnesota filed petitions with the Commission and Commerce, alleging that an industry in the United States is materially injured or threatened with material injury by reason of subsidized imports of twist ties from China and LTFV imports of twist ties from China. Accordingly, effective June 26, the Commission instituted countervailing duty investigation No. 701–TA–649 and antidumping duty investigation No. 731–TA–1523 (Preliminary).

Notice of the institution of the Commission’s investigations and of a public conference through written submissions to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the Federal Register of July 2, 2020 (85 FR 39933). In light of the restrictions on access to the Commission building due to the COVID–19 pandemic, the Commission conducted its conference through written questions, submissions of opening remarks and written testimony, written responses to questions, and postconference briefs. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to §§ 703(b) and 733(b) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.
