COMMISSION ON CIVIL RIGHTS

Notice of Public Meeting of the Utah Advisory Committee

AGENCY: U.S. Commission on Civil Rights.

ACTION: Announcement of meeting.

SUMMARY: Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights (Commission) and the Federal Advisory Committee Act (FACA) that the meeting of the Utah Advisory Committee (Committee) to the Commission will be held at 12:00 p.m. (Mountain Time) Friday, June 26, 2020. The purpose of this meeting is for the Committee to review a draft of their gender wage gap report.

DATES: The meeting will be held on Friday, June 26, 2020 at 12:00 p.m. MT.

Public Call Information:
Conference ID: 3059820.

FOR FURTHER INFORMATION CONTACT: Ana Victoria Fortes, Designated Federal Officer (DFO) at afortes@usccr.gov or (202) 681–0857.

SUPPLEMENTARY INFORMATION: This meeting is available to the public through the following toll-free call-in number: 888–204–4368, conference ID number: 3059820. Any interested member of the public may call this number and listen to the meeting. Callers can expect to incur charges for calls that they initiate over wireless lines, and the Commission will not refund any incurred charges. Callers will incur no charge for calls that they initiate over landline connections to the toll-free telephone number. Persons with hearing impairments may also follow the proceedings by first calling the Federal Relay Service at 1–800–877–8339 and providing the Service with the conference call number and conference ID number.

Members of the public are entitled to make comments during the open period at the end of the meeting. Members of the public may also submit written comments; the comments must be received in the Regional Programs Unit within 30 days following the meeting. Written comments may be mailed to the Western Regional Office, U.S. Commission on Civil Rights, 300 North Los Angeles Street, Suite 2010, Los Angeles, CA 90012 or emailed to Ana Victoria Fortes at afortes@usccr.gov.

Records and documents discussed during the meeting will be available for public viewing prior to and after the meetings at https://www.facadatabase.gov/FACA/FACA_PUBLICVIEWCommitteeDetails?id=a10040000001gg8AAA.

Please click on the “Committee Meetings” tab. Records generated from these meetings may also be inspected and reproduced at the Regional Programs Unit, as they become available, both before and after the meetings. Persons interested in the work of this Committee are directed to the Commission’s website, https://www.usccr.gov, or may contact the Regional Programs Unit at the above email or street address.

Agenda
I. Welcome
II. Approve Minutes from May 15, 2020 Meeting
III. Review Draft of Gender Wage Gap Report
  a. Findings and Recommendations
  IV. Public Comment
V. Adjournment

David Mussatt,
Supervisory Chief, Regional Programs Unit.

DEPARTMENT OF COMMERCE

International Trade Administration

Certain Glass Containers From the People’s Republic of China: Final Affirmative Countervailing Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that countervailable subsidies are being provided to producers and exporters of certain glass containers (glass containers) from the People’s Republic of China (China).

FOR FURTHER INFORMATION CONTACT: Maliha Khan or Stephen Bailey, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0895 or (202) 482–0193, respectively.

SUPPLEMENTARY INFORMATION:

Background

On March 2, 2020, Commerce published the Preliminary Determination of this investigation.1 The petitioner is the American Glass Packaging Coalition. The mandatory respondents in this investigation are Guangdong Huaxing Glass Co. Ltd. (Guangdong Huaxing) and Qixia Changyu Glass Co. Ltd. (Qixia Changyu).

A summary of the events that occurred since Commerce published the Preliminary Determination, as well as a full discussion of the issues raised by parties for this final determination, are discussed in the Issues and Decision Memorandum.2 The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users directly at http://access.trade.gov. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at http://enforcement.trade.gov/frn/. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Period of Investigation

The period of investigation (POI) is from January 1, 2018 through December 31, 2018.

Scope of the Investigation

The products covered by this investigation are glass containers from China. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

During the course of this investigation and the concurrent less than fair value (LTFV) investigation of certain glass containers from China, Commerce received scope comments from interested parties. On April 3, 2020, Commerce issued a Preliminary Scope

Decision Memorandum.3 Several interested parties submitted case and rebuttal briefs concerning the scope of this investigation. For a summary of the product coverage comments and rebuttal comments submitted to the record for this final determination, and accompanying discussion and analysis of all comments timely received, see the Final Scope Decision Memorandum.4 Based on the comments received, Commerce is not modifying the scope language as it appeared in the Preliminary Determination. The scope in Appendix I remains unchanged from that which appeared in the Preliminary Determination.

Analysis of Subsidy Programs and Comments Received

All issues raised in the case and rebuttal briefs by parties in this investigation, other than those issues related to scope, are discussed in the Issues and Decision Memorandum. A list of the issues raised by parties and addressed in Commerce’s Issues and Decision Memorandum is attached at Appendix II.

Methodology

Commerce is conducting this investigation in accordance with section 701 of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, Commerce determines that there is a subsidy, i.e., a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.5 Following the Preliminary Determination, and as explained in a letter to all interested parties dated March 16, 2020, during the course of this investigation, a Level 4 Travel Advisory was imposed for all of China, preventing Commerce personnel from traveling to China to conduct verification.6 Pursuant to section 776(a)(4)(D) of the Act, in situations where information has been provided but the information cannot be verified, Commerce will use the facts otherwise available in reaching the applicable determination. Accordingly, and as Commerce explained, because Commerce was unable to proceed to verification for reasons beyond its control, Commerce has relied on the information submitted on the record, which it relied on in making its Preliminary Determination, as facts available in making this final determination, pursuant to section 776(a)(2)(D) of the Act.7 In addition, in certain circumstances, Commerce has also resorted to facts available for certain aspects of its analysis, pursuant to section 776(a)(1), and (g)(2)(A)-(C) of the Act.

Furthermore, at the outset of this investigation, several companies failed to respond to Commerce’s quantity and value (Q&V) questionnaire.8 Moreover, the GOC failed to cooperate to the best of its ability in certain respects in providing information necessary to Commerce’s analysis in this investigation. Because Commerce finds that certain respondents did not act to the best of their ability to respond to Commerce’s requests for information, it drew an adverse inference where appropriate in selecting from among the facts otherwise available, in accordance with section 776(b) of the Act. For a description of the methodology underlying our final determination, see the Issues and Decision Memorandum.

Changes Since the Preliminary Determination

Based on our analysis of the comments received from parties, we made certain changes to the mandatory respondents’ subsidy rate calculations set forth in the Preliminary Determination. For a discussion of these changes, see the Issues and Decision Memorandum.

All-Others Rate

In accordance with section 705(c)(5)(A) of the Act, Commerce shall determine an estimated all-others rate for companies not individually examined. Generally, under section 705(c)(5)(A)(i) of the Act, the rate shall be an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any zero and de minimis rates and any rates based entirely under section 776 of the Act. However, section 705(c)(5)(A)(ii) of the Act provides that if the countervailable subsidy rates established for all companies individually examined are zero or de minimis rates, or are determined entirely under section 776 of the Act, then Commerce may use “any reasonable method” to establish an all-others rate, “including averaging the weighted-average countervailable subsidy rates determined for the exporters and producers individually investigated.”

As explained above, all of the countervailable subsidy rates for this final determination are based on the facts otherwise available. As explained above, the mandatory respondents in this investigation, Guangdong Huaxing and Qixia Changyu, are receiving rates based entirely on the facts available. In the specific circumstances of this case, because we were unable to verify Guangdong Huaxing and Qixia Changyu because of the Level 4 Travel Advisory, we find that a reasonable method to determine the all-others rate under section 705(c)(5)(A)(ii) of the Act here is to apply a simple average of Guangdong Huaxing’s and Qixia Changyu’s individual estimated subsidy rates, using each company’s values for the merchandise under consideration because publicly ranged sales data was unavailable.9

---

4 See Memorandum, “Certain Glass Containers from the People’s Republic of China: Final Scope Decision Memorandum,” dated concurrently with this memorandum.

5 See sections 771B(E) and (D) of the Act regarding financial contribution; section 771(E) of the Act regarding benefit; and section 771A(A) of the Act regarding specificity.

7 See id; see also Issues and Decision Memorandum.

9 With two respondents under examination, Commerce normally calculates (A) a weighted-average of the estimated subsidy rates calculated for the examined respondents; (B) a simple average of the estimated subsidy rates calculated for the examined respondents; and (C) a weighted-average of the estimated subsidy rates calculated for the examined respondents using each company’s publicly-ranged U.S. sale quantities for the merchandise under consideration. Commerce then compares (B) and (C) to (A) and selects the rate closest to (A) as the most appropriate rate for all other producers and exporters. See, e.g., Ball Bearings and Parts Thereof from France, Germany, Italy, Japan, the United Kingdom: Final Results of Antidumping Duty Administrative Reviews, Final...
Final Determination

In accordance with section 705(c)(1)(B)(i)(I) of the Act, we established individual estimated countervailable subsidy rates, as follows:

Continuation of Suspension of Liquidation

As a result of our Preliminary Determination, and pursuant to sections 703(d)(1)(B) and (d)(2) of the Act, Commerce instructed U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise under consideration from China that were entered or withdrawn from warehouse, for consumption on or after March 2, 2020, the date of publication of the Preliminary Determination in the Federal Register.

In accordance with section 705(c)(1)(B)(ii) of the Act, we are directing CBP to continue to suspend liquidation of all imports of the subject merchandise from China that are entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the Federal Register. The suspension of liquidation instructions will remain in effect until further notice. We are also directing CBP to collect cash deposit of estimated countervailing duties at the rates identified above.

If the U.S. International Trade Commission (ITC) issues a final affirmative injury determination, we will issue a CVD order and require a cash deposit of estimated countervailing duties for such entries of subject merchandise in the amounts indicated above, in accordance with section 706(a) of the Act. If the ITC determines that material injury, or threat of material injury, does not exist, this proceeding will be terminated, and all estimated duties deposited or securities posted as a result of the suspension of liquidation will be refunded or canceled.

Disclosure

Commerce intends to disclose its calculations and analysis performed in this proceeding to interested parties within five days of its public announcement, or if there is no public announcement, within five days of the date of this notice in accordance with 19 CFR 351.224(b).

ITC Notification

In accordance with section 705(d) of the Act, Commerce will notify the ITC of its final affirmative determination that countervailable subsidies are being provided to producers and exporters of certain glass containers from China. As Commerce’s final determination is affirmative, in accordance with section 705(b) of the Act, the ITC will determine, within 45 days, whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of certain glass containers from China, or sales (or the likelihood of sales) for importation of certain glass containers from China. In addition, we are making available to the ITC all non-privileged and nonproprietary information related to this investigation. We will allow the ITC access to all privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under an administrative protective order (APO), without the written consent of the Assistant Secretary for Enforcement and Compliance.

Notification Regarding APO

In the event that the ITC issues a final negative injury determination, this notice will serve as the only reminder to parties subject to the APO of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This determination is issued and published pursuant to sections 705(d) and 777(i) of the Act and 19 CFR 351.210(c).

Jeffrey I. Kessler,
Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The merchandise covered by this investigation is certain glass containers with a nominal capacity of 0.059 liters (2.0 fluid ounces) up to and including 4.0 liters (135.256 fluid ounces) and an opening or mouth with a nominal outer diameter of 14 millimeters up to and including 120 millimeters. The scope includes glass jars, bottles, flasks and similar containers; with or
without their closures; whether clear or colored; and with or without design or functional enhancements (including, but not limited to, handles, embossing, labeling, or etching).

Excluded from the scope of the investigation are: (1) Glass containers made of borosilicate glass, meeting United States Pharmacopeia requirements for Type 1 pharmaceutical containers; (2) glass containers without “mold seams,” “joint marks,” or “parting lines;” and (3) glass containers without a “finish” (i.e., the section of a container at the opening including the lip and ring or collar, threaded or otherwise compatible with a type of closure to seal the container’s contents, including but not limited to a lid, cap, or cork).

Glass containers subject to this investigation are specified within the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 7010.90.5005, 7010.90.5009, 7010.90.5015, 7010.90.5019, 7010.90.5025, 7010.90.5029, 7010.90.5035, 7010.90.5039, 7010.90.5045, 7010.90.5049, and 7010.90.5055. The HTSUS subheadings are provided for convenience and customs purposes only. The written description of the scope of the investigation is dispositive.

**DEPARTMENT OF COMMERCE**

**International Trade Administration**

**Certain Aluminum Foil and Common Alloy Aluminum Sheet from the People’s Republic of China: Final Results of Antidumping Duty Changed Circumstances Reviews and Rescission of Countervailing Duty Changed Circumstances Reviews**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (Commerce) continues to find that Shanghai Huafon Aluminium Corporation (Shanghai Huafon) is the successor-in-interest to Huafon Nikkei Aluminium Corporation (Huafon Nikkei) for purposes of determining antidumping duty cash deposits and liabilities on certain aluminum foil (aluminum foil) and common alloy aluminum sheet (aluminum sheet) from the People’s Republic of China (China). Additionally, Commerce is rescinding the countervailing duty changed circumstance reviews (CCRs) of aluminum foil and aluminum sheet from China based on the lack of necessary information on the record.

**DATES:** Applicable May 22, 2020.

**FOR FURTHER INFORMATION CONTACT:**

**SUPPLEMENTARY INFORMATION:**

**Background**

On September 17, 2019, Commerce published the *Initiation and Preliminary Results*, finding Shanghai Huafon to be the successor-in-interest to Huafon Nikkei for purposes of the antidumping duty and countervailing duty orders. In the *Initiation and Preliminary Results*, interested parties were provided an opportunity to comment and request a public hearing regarding our preliminary results. We received no comments from interested parties nor was a public hearing requested.

On October 7, 2019, Commerce determined it lacked certain information with respect to the final determination in the countervailing duty CCRs and requested additional information from Shanghai Huafon. Shanghai Huafon did not respond to Commerce’s request for additional information. Rather, it withdrew its request for the countervailing duty CCRs.

**Scope of the Orders**

**Certain Aluminum Foil**

The merchandise covered by these orders is aluminum foil having a thickness of 0.2 mm or less, in reels exceeding 25 pounds, regardless of width. Aluminum foil is made from an aluminum alloy that contains more than 92 percent aluminum. Aluminum foil may be made to ASTM specification B479, but can also be made to other specifications. Regardless of specification, however, all aluminum foil meeting the scope description is included in the scope, including aluminum foil to which lubricant has been applied to one or both sides of the foil.

Excluded from the scope of this order is aluminum foil that is backed with paper, paperboard, plastics, or similar backing materials on one side or both sides of the aluminum foil, as well as etched capacitor foil and aluminum foil that is cut to shape.

Where the nominal and actual measurements vary, a product is within the scope if application of either the nominal or actual measurement would place it within the scope based on the definitions set forth above. The products under the order are currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7607.11.3000, 7607.11.6000, 7607.11.9030, 7607.11.9060, 7607.11.9090, and 7607.19.6000. Further, merchandise that falls within the scope of this proceeding may also be entered into the United States under HTSUS subheadings 7606.11.3060, 7606.11.6000, 7606.12.3045, 7606.12.3055, 7606.12.3090, 7606.12.6000, 7606.91.3090, 7606.91.6080, 7606.92.3090, and 7606.92.6080. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this order is dispositive.

**Common Alloy Aluminum Sheet**

The merchandise covered by this order is aluminum common alloy sheet (common alloy sheet), which is a flat-rolled aluminum product having a thickness of 6.3 mm or less, but greater than 0.2 mm, in coils or cut-to-length, regardless of width. Common alloy sheet within the scope of this order includes both not clad aluminum sheet, as well as multi-alloy, clad aluminum sheet. With respect to not clad aluminum sheet, common alloy sheet is manufactured from a 1XXX-, 3XXX-, or 5XXX-series alloy as designated by the Aluminum Association. With respect to multi-alloy, clad aluminum sheet, common alloy sheet is produced from a 3XXX-series core, to which cladding layers are applied to either one or both sides of the core.

Common alloy sheet may be made to ASTM specification B209–14, but can also be made to other specifications. Regardless of specification, however, all common alloy sheet meeting the scope...
