Background

The Commission instituted these investigations effective June 26, 2020, following receipt of petitions filed with the Commission and Commerce by The Mosaic Company, Plymouth, Minnesota. The Commission scheduled the final phase of the investigations following notification of preliminary determinations by Commerce that imports of phosphate fertilizers from Morocco and Russia were being subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)). Notice of the scheduling of the final phase of the Commission’s investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of December 8, 2020 (85 FR 79033). In light of the restrictions on access to the Commission building due to the COVID–19 pandemic, the Commission conducted its hearing through written testimony and video conference on February 9, 2021. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to § 705(b) of the Act (19 U.S.C. 1671d(b)). It completed and filed its determinations

in these investigations on March 31, 2021. The views of the Commission are contained in USITC Publication 5172 (March 2021), entitled *Phosphate Fertilizers from Morocco and Russia: Investigation Nos. 701–TA–650–651 (Final)*.
