SUPPLEMENTARY INFORMATION:

Scope.—For purposes of these investigations, Commerce has defined the subject merchandise as “certain rotary walk-behind lawn mowers, which are grass-cutting machines that are powered by internal combustion engines. The scope of the investigation covers certain walk-behind lawn mowers, whether self-propelled or non-self-propelled, whether finished or unfinished, whether assembled or unassembled, and whether containing any additional features that provide for functions in addition to mowing.

Walk-behind lawn mowers within the scope of this investigation are only those powered by an internal combustion engine with a power rating of less than 3.7 kilowatts (kw). These internal combustion engines are typically spark ignition, single or multiple cylinder, air cooled, internal combustion engines with vertical power take off shafts with a maximum displacement of 196cc. Walk-behind lawn mowers covered by this scope typically must be certified and comply with the Consumer Products Safety Commission (CPSC) Safety Standard For Walk-Behind Power Lawn Mowers under the 16 CFR part 1205. However, lawn mowers that meet the physical descriptions above, but are not certified under 16 CFR part 1205 remain subject to the scope of this proceeding.

The internal combustion engines of the lawn mowers covered by this scope typically must comply with and be certified under Environmental Protection Agency (EPA) air pollution controls title 40, chapter I, subchapter U, part 1054 of the Code of Federal Regulations standards for small non-road spark-ignition engines and equipment. However, lawn mowers that meet the physical descriptions above but that do not have engines certified under 40 CFR part 1054 or other parts of subchapter U remain subject to the scope of this proceeding.

For purposes of this investigation, an unfinished and/or unassembled lawn mower means at a minimum, a sub-assembly comprised of an engine and a cutting deck shell attached to one another. A cutting deck shell is the portion of the lawn mower—typically of aluminum or steel—that houses and protects a user from a rotating blade. Importation of the subassembly whether or not accompanied by, or attached to, additional components such as a handle, blade(s), grass catching bag, or

wheel(s) constitute an unfinished lawn mower for purposes of this investigation. The inclusion in a third country of any components other than the mower subassembly does not remove the lawn mower from the scope. Lawn mowers that meet the physical description above are covered by the scope of this investigation regardless of the origin of its engine, unless such lawn mowers contain an engine that is covered by the scope of the ongoing proceedings on certain vertical shaft engines between 99cc and up to 225cc, and parts thereof (small vertical engines) from China. If the proceedings on small vertical engines from China are terminated, the lawn mowers containing small vertical engines from China will be covered by the scope of this proceeding.”

The walk-behind lawn mowers subject to these investigations are typically imported under Harmonized Tariff Schedule of the United States (HTSUS) statistical reporting number 8433.11.0050. Walk-behind lawn mowers subject to these investigations may also enter under HTSUS statistical reporting numbers 8407.90.1010 and 8433.90.1090. The HTSUS statistical reporting numbers are provided for convenience and customs purposes only, and the written description of the merchandise under investigation is dispositive.

Background.—The final phase of these investigations is being scheduled pursuant to sections 705(b) and 731(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b) and 1673d(b)), as a result of affirmative preliminary determinations by Commerce that certain benefits which constitute subsidies within the meaning of § 703 of the Act (19 U.S.C. 1671b) are being provided to manufacturers, producers, or exporters in China and Vietnam of walk-behind lawn mowers, and that such products are being sold in the United States at less than fair value within the meaning of § 733 of the Act (19 U.S.C. 1673b). The investigations were requested in petitions filed on May 26, 2020, by MTD Products Inc., Valley City, Ohio.

For further information concerning the conduct of this phase of the investigations, hearing procedures, and rules of general application, consult the Commission’s Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

participate in the final phase of these investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in § 201.11 of the Commission's rules, no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the investigations. A party granted access to BPI in the preliminary phase of the investigations need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report.—The prehearing staff report in the final phase of these investigations will be placed in the nonpublic record on May 4, 2021, and a public version will be issued thereafter, pursuant to § 207.22 of the Commission's rules.

2021. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should attend a prehearing conference to be held at 9:30 a.m. on May 14, 2021. Oral testimony and written materials to be submitted at the public hearing are governed by sections 201.6(b)(2), 201.13(f), and 207.24 of the Commission's rules. Parties must submit any request to present a portion of their hearing testimony *in camera* no later than 7 business days prior to the date of the hearing.

Written submissions.—Each party who is an interested party shall submit a prehearing brief to the Commission. Prehearing briefs must conform with the provisions of § 207.23 of the Commission's rules; the deadline for filing is May 11, 2021. Parties may also file written testimony in connection with their presentation at the hearing, as provided in § 207.24 of the Commission's rules, and posthearing briefs, which must conform with the provisions of § 207.25 of the Commission's rules. The deadline for filing posthearing briefs is May 25, 2021. In addition, any person who has not entered an appearance as a party to the investigations may submit a written statement of information pertinent to the subject of the investigations, including statements of support or opposition to the petition, on or before May 25, 2021. On June 9, 2021, the Commission will make available to parties all information on which they have not had an opportunity to comment. All written submissions must conform with the provisions of § 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of §§ 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's *Handbook on Filing Procedures*, available on the Commission's website at https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf, elaborates upon the Commission's procedures with respect to filings.

Additional written submissions to the Commission, including requests pursuant to § 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless

the submission is pursuant to a specific request by a Commissioner or Commission staff.
