UNITED STATES INTERNATIONAL TRADE COMMISSION

---

WASHINGTON, DC 20436

September 9, 2020

To Whom It May Concern:

This questionnaire pertains to wood mouldings and millwork products from Brazil and China. The United States International Trade Commission is investigating wood mouldings and millwork products under the provisions of Subtitle A and Subtitle B of Title VII of the Tariff Act of 1930.

In this proceeding, the Commission must determine whether an industry in the United States is materially injured or is threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of imports from Brazil and China of wood mouldings and millwork products. Wood mouldings and millwork products from China have preliminarily been found by the Department of Commerce ("Commerce") to be subsidized and sold in the United States at less than fair value. Although Commerce has preliminarily determined that imports of wood mouldings and millwork products from Brazil are not being and are not likely to be sold in the United States at less than fair value, for purposes of efficiency the Commission is collecting information in the event that Commerce makes a final affirmative determination with respect to such imports. The Commission has posted its notice of this proceeding (attached) on its website ([www.usitc.gov](http://www.usitc.gov)) and published it in the *Federal Register* (85 FR 54593).

The business proprietary information you supply in this questionnaire or in connection therewith will be so treated by the Commission and will not be disclosed except as may be required by law. Your response will be consolidated with the responses of other firms and will form much of the statistical base for the Commission's determinations. The questions in the questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible.

As noted on the last page of the questionnaire, responding firms should submit their questionnaire responses electronically in MS Word format. The submission of questionnaire responses in the MS Word format allows the Commission to electronically extract data from questionnaires and thus, compile, assess, and analyze submitted data more efficiently and promptly. Furthermore, the electronic submission of questionnaires completed in MS Word facilitates the Commission's ability to produce documents that comply with section 508 of the Rehabilitation Act of 1973.

Please return the completed questionnaire to the Commission by no later than **October 7, 2020**. Please direct questions regarding the questionnaire and correspondence to Keysha Martinez ([Keysha.Martinez@usitc.gov](mailto:Keysha.Martinez@usitc.gov), 202-205-2136) at the U.S. International Trade Commission, 500 E Street, SW, Washington, D.C. 20436. Correspondence may be sent to the above address or via FAX to 202-205-3205.

Sincerely,

A handwritten signature in black ink, appearing to read "Nannette Christ".

Nannette Christ  
Director
