Preliminary Results. For a discussion of these issues, see the Issues and Decision Memorandum.

Final Results of Administrative Review

As a result of this review, we determine the following weighted-average dumping margin for the period May 1, 2019, through April 30, 2020:

Producer or exporter	Weighted-average dumping margin (percent)
Toyo Kohan Co., Ltd	7.49

Disclosure of Calculations

We intend to disclose the calculations performed for Toyo Kohan in connection with these final results within five days of the date of publication of this notice, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Pursuant to 19 CFR 351.212(b)(1), Toyo Kohan reported the entered value of its U.S. sales such that we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales for which entered value was reported. Where the weighted-average dumping margin for Toyo Kohan is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Commerce's "automatic assessment" will apply to entries of subject merchandise during the POR produced by Toyo Kohan for which the reviewed company did not know that the merchandise it sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁸

⁸ For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings*:
