Certain Hot-Rolled Steel Flat Products of Brazil: Final Results of the Expedited First Sunset Review of the Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of this expedited sunset review, the Department of Commerce (Commerce) finds that revocation of the countervailing duty order (CVD) on certain hot-rolled steel flat products (HRS) from Brazil would be likely to lead to continuation or recurrence of countervailable subsidies at the levels as indicated in the “Final Results of Sunset Review” section of this notice.

SUPPLEMENTARY INFORMATION:

Background

On October 3, 2016, Commerce published in the Federal Register a notice of the CVD order on HRS from Brazil.1 On September 1, 2021, Commerce published the notice of initiation of the first sunset review of the Order,

pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).2 Commerce received notices of intent to participate from Cleveland-Cliffs Inc., Nucor Corporation, Steel Dynamics Inc., and United States Steel Corporation (collectively, domestic interested parties) within the deadline specified in 19 CFR 351.218(d)(1)(i).3 The domestic interested parties each claimed interested party status under section 771(9)(C) of the Act as manufacturers or producers of the domestic like product.4 On September 30, 2021, Commerce received an adequate substantive response from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).5 Commerce also received a response from the Government of Brazil (GOB).6 However, we did not receive a substantive response from any other interested party in this proceeding. On October 20, 2021, Commerce notified the U.S. International Trade Commission that it did not receive an adequate substantive response from respondent interested parties.7 As a result, Commerce conducted an expedited (120-day) sunset review of the Order, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(d)(1)(i)(C)(2).

Scope of the Order

The merchandise subject to the Order is certain hot-rolled, flat-rolled steel products, with or without patterns in relief, and whether or not annealed, painted, varnished, or coated with plastics or other non-metallic substances. The merchandise subject to the Order is classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) statistical categories 7208.10.1500, 7208.10.3000, 7208.10.6000, 7208.25.3000, 7208.25.600, 7208.26.0030, 7208.27.0030, 7208.27.0060, 7208.36.0030.

A list of the topics discussed in the Issues and Decision Memorandum is attached as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at http://access.trade.gov. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at https://access.trade.gov/public/FRNoticesListLayout.aspx.
