On February 4, 2020, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), Commerce published in the **Federal Register** a notice initiating an administrative review of ICF Cable and Jin Tiong Electrical Materials Manufacturer PTE. Limited (Jin Tiong) (collectively, the Companies Subject to the Review).⁴ On February 10, 2021, we notified interested parties that information from U.S. Customs and Border Protection (CBP)'s database, which is comprised of actual U.S. entries of subject merchandise, indicated that there were no POR entries of aluminum wire and cable from China that are subject to CVD duties with respect to the Companies Subject to the Review.⁵ We invited interested parties to comment on the CBP Entry Data.⁶ On February 18, 2021, Encore submitted comments in response to the CBP Entry Data, alleging that ICF Cable exported Chinese-origin subject merchandise to the United States during the POR, and requested that Commerce select ICF Cable as a mandatory respondent in the instant review.⁷

On March 26, 2021, we requested that CBP confirm whether any shipments of aluminum wire and cable from China, produced and/or exported by ICF Cable or Jin Tiong entered the United States during the POR.⁸ On April 1, 2021, CBP confirmed that there were no shipments of subject merchandise produced and/or exported by ICF Cable or Jin Tiong during the POR.⁹ We invited interested parties to comment on CBP's

Confirmation of No Shipments.¹⁰ On April 19, 2021, Encore submitted timely comments in response to CBP's Confirmation of No Shipments.¹¹ In its comments, Encore reiterated its claim that ICF Cable made sales, shipments, and/or exports of aluminum wire and cable produced in China during the POR without paying applicable cash deposits, and requested that Commerce issue a quantity and value questionnaire to ICF Cable.¹² Our analysis of the record leads us to conclude that there are no reviewable entries of aluminum wire and cable from China during the POR. For a full discussion of the comments raised by Encore and our analysis, see the Rescission Memorandum.¹³

Rescission of Review

It is Commerce's practice to rescind an administrative review of a CVD order, pursuant to 19 CFR 351.213(d)(3), when there are no reviewable entries of subject merchandise during the POR for which liquidation is suspended.¹⁴ Normally, upon completion of an administrative review, the suspended entries are liquidated at the CVD assessment rate calculated for the review period.¹⁵ Therefore, for an administrative review to be conducted, there must be a reviewable, suspended entry that Commerce can instruct CBP to liquidate at the CVD assessment rate calculated for the review period.¹⁶ Accordingly, in the absence of suspended entries of subject merchandise during the POR for either of the companies named in the *Initiation Notice*, we are hereby rescinding this administrative review in accordance with 19 CFR 351.213(d)(3).

Assessment Rates

Commerce will instruct CBP to assess countervailing duties on all appropriate entries. Because Commerce is rescinding this review in its entirety, the entries to which this administrative review pertained shall be assessed at rates equal to the cash deposit of estimated countervailing duties required

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) finds that revocation of the antidumping duty order on petroleum wax candles (candles) from the People's Republic of China (China) would be likely to lead to continuation or recurrence of dumping at the levels indicated in the "Final Results of Sunset Review" section of this notice.

SUPPLEMENTARY INFORMATION:

Background

On August 28, 1986, Commerce published the antidumping duty order on candles from China.¹ On March 31, 2021, Commerce published the notice of initiation of the five-year sunset review of the *Order*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² On April 2, 2021, Commerce received a notice of intent to participate in this sunset review from the National Candle Association (the petitioner) within the deadline specified in 19 CFR 351.218(d)(1)(i).³ The petitioner claimed interested party status under section 771(9)(C) of the Act as the petitioner in the less-than-fair-value investigation whose members are manufacturers, producers, or wholesalers of the domestic like product. On April 29, 2021, the petitioner provided a complete substantive response for this review within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).⁴ We received no substantive responses from any other interested parties, nor was a hearing requested. On May 21, 2021, Commerce notified the U.S. International Trade Commission that it did not receive an adequate substantive response from respondent interested parties.⁵ As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted an expedited (120-day) sunset review of this *Order*.

Scope of the Order

The products covered by the *Order* include certain scented or unscented petroleum wax candles made from petroleum wax and having fiber or paper-cored wicks. For a full description of the scope, see the Issues and Decision Memorandum.⁶

Final Results of Sunset Review

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, Commerce determines that revocation of the antidumping duty order on candles from China would likely lead to continuation or recurrence of dumping and that the magnitude of the margin of dumping likely to prevail would be weighted-average margins up to 104.33 percent.⁷
