SUPPLEMENTARY INFORMATION: *Authority:* Title I, Section 112(b)(3) of the Trade and Development Act of 2000 (TDA 2000), Public Law (P.L.) 106-200, as amended by Division B, Title XXI, section 3108 of the Trade Act of 2002, P.L. 107-210; Section 7(b)(2) of the AGOA Acceleration Act of 2004, P.L. 108-274; Division D, Title VI, section 6002 of the Tax Relief and Health Care Act of 2006 (TRHCA 2006), P.L. 109-432, and section 1 of The African Growth and Opportunity Amendments (P.L. 112-163), August 10, 2012; Presidential Proclamation 7350 of October 2, 2000 (65 FR 59321);

Presidential Proclamation 7626 of November 13, 2002 (67 FR 69459); and Title I, Section 103(b)(2) and (3) of the Trade Preferences Extension Act of 2015, P.L. 114-27, June 29, 2015.

Title I of TDA 2000 provides for duty- and quota-free treatment for certain textile and apparel articles imported from designated beneficiary sub-Saharan African countries. Section 112(b)(3) of TDA 2000 provides duty- and quota-free treatment for apparel articles wholly assembled in one or more beneficiary sub-Saharan African countries from fabric wholly formed in one or more beneficiary sub-Saharan African countries from yarn originating in the United States or one or more beneficiary sub-Saharan African countries. This preferential treatment is also available for apparel articles assembled in one or more lesser-developed beneficiary sub-Saharan African countries, regardless of the country of origin of the fabric used to make such articles, subject to quantitative limitation. P.L. 114-27 extended this special rule for lesser-developed countries through September 30, 2025.

The AGOA Acceleration Act of 2004 provides that the quantitative limitation for the 12-month period beginning October 1, 2021 will be an amount not to exceed seven percent of the aggregate square meter equivalents of all apparel articles imported into the United States in the preceding 12-month period for which data are available. *See* Section 112(b)(3)(A)(ii)(I) of TDA 2000, as amended by Section 7(b)(2)(B) of the AGOA Acceleration Act of 2004. Of this overall amount, apparel imported under the special rule for lesser-developed countries is limited to an amount not to exceed 3.5 percent of all apparel articles imported into the United States in the preceding 12-month period. *See* Section 112(b)(3)(B)(ii)(II) of TDA 2000, as amended by Section 6002(a)(3) of TRHCA 2006. The Annex to Presidential Proclamation 7350 of October 2, 2000 directed CITA to publish the aggregate quantity of imports allowed during each 12-month period in the **Federal Register**.

For the one-year period, beginning on October 1, 2021, and extending through September 30, 2022, the aggregate quantity of imports eligible for preferential treatment under these provisions is 2,066,936,295 square meters equivalent. Of this amount, 1,033,468,148 square meters equivalent is available to apparel articles imported under the special rule for lesser-developed countries. Apparel articles entered in excess of these quantities will

be subject to otherwise applicable tariffs.

These quantities are calculated using the aggregate square meter equivalents of all apparel articles imported into the United States, derived from the set of Harmonized System lines listed in the Annex to the World Trade Organization Agreement on Textiles and Clothing (ATC), and the conversion factors for units of measure into square meter equivalents used by the United States in implementing the ATC.

Dated: September 27, 2021.

Acting Chairman, Committee for the Implementation of Textile Agreements.

Scope of the Investigation

The product covered by this investigation is thermal paper from Germany. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

On May 5, 2021, Commerce issued the Preliminary Scope Decision Memorandum.³ We received comments from interested parties regarding the Preliminary Scope Decision Memorandum, which we addressed in the Final General Scope Decision Memorandum, and Final Germany Scope Decision Memorandum.⁴ Commerce made no changes to the scope of this investigation since the *Preliminary Determination*.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs that were submitted by parties in this investigation are addressed in the Issues and Decision Memorandum. complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn>.

Methodology

Commerce is conducting this investigation in accordance with section 731 of the Tariff Act of 1930, as amended (the Act). Constructed export price is calculated in accordance with section 772(b) of the Act. Normal value is calculated in accordance with section 773 of the Act.

Verification

Commerce was unable to conduct on-site verification of the information relied upon in making its final determination in this investigation. However, we took additional steps in lieu of an on-site verification to verify the information relied upon in making this final determination, in accordance with section 782(i) of the Act.⁵

Changes Since Preliminary Determination

Based on our analysis of the comments received, we made certain changes to Papierfabrik August Koehler SE (Koehler)'s margin calculations. For a discussion of these changes, see the "Margin Calculations" section of the Issues and Decision Memorandum.

Final Affirmative Determination of Critical Circumstances, in Part

Consistent with the *Preliminary Determination*, Commerce continues to determine that critical circumstances exist within the meaning of section 735(e) of the Act and 19 CFR 351.206 for Koehler, but not the companies covered by the all-others rate. For a discussion of the issues raised regarding Commerce's affirmative critical circumstances determination, see the Issues and Decision Memorandum.

All-Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated all-others rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and margins determined entirely under section 776 of the Act.

⁵ See Commerce's Letter, In-Lieu of Verification Questionnaire to Koehler, dated July 1, 2021; Commerce's Letter, In-Lieu of Verification Questionnaire to Matra Americas, LLC (Matra), dated July 6, 2021; Koehler's Letter, "Koehler's In Lieu of On-site Verification Questionnaire Response," dated July 13, 2021; and Matra's Letter, "Matra's In Lieu of Onsite Verification Questionnaire Response," dated July 14, 2021.

Commerce calculated an individual estimated weighted-average dumping margin for Koehler, the only individually examined exporter/producer in this investigation. Because the only individually calculated dumping margin is not zero, *de minimis*, or based entirely on facts otherwise available, the estimated weighted-average dumping margin calculated for Koehler is the margin assigned to all other producers and exporters, pursuant to section 735(c)(5)(A) of the Act.

Final Determination

Pursuant to section 735 of the Act, the final estimated weighted-average dumping margins are as follows:

Exporter/producer	Estimated weighted-average dumping margin (percent)
Papierfabrik August Koehler SE	2.90
All Others	2.90

Disclosure

We intend to disclose the calculations performed in this final determination within five days of any public announcement, or if there is no public announcement, within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, Commerce will instruct U.S. Customs and Border Protection (CBP) to continue the suspension of liquidation of all entries of subject merchandise, as described in Appendix I, entered, or withdrawn from warehouse, for consumption on or after May 12, 2021, the date of publication in the **Federal Register** of the affirmative *Preliminary Determination*. Further, in accordance with section 733(e)(2)(A) of the Act, Commerce will instruct CBP to continue the suspension of liquidation of entries of subject merchandise, as described in Appendix I, produced and/or exported by Koehler which entered, or were withdrawn from warehouse, for consumption on or after February 11, 2021, which is 90 days before the date of publication in the **Federal Register** of the affirmative *Preliminary Determination*.

Pursuant to section 735(c)(1)(B)(ii) of the Act and 19 CFR 351.210(d), we will instruct CBP to require a cash deposit equal to the estimated weighted-average dumping margin, as follows: (1) The

cash deposit rate for the respondent listed above will be equal to the company-specific estimated weighted-average dumping margin determined in this final determination; (2) if the exporter is not a respondent identified above, but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin.

These suspension of liquidation instructions will remain in effect until further notice.

International Trade Commission Notification

In accordance with section 735(d) of the Act, we will notify the International Trade Commission (ITC) of this final affirmative determination of sales at LTFV. Because Commerce's final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of thermal paper from Germany no later than 45 days after this final determination. If the ITC determines that such injury does not exist, this proceeding will be terminated, all cash deposits posted will be refunded, and suspension of liquidation will be lifted. If the ITC determines that such injury does exist, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the "Continuation of Suspension of Liquidation" section.

Notification Regarding Administrative Protective Orders

This notice will serve as a final reminder to the parties subject to administrative protection order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply

with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This determination and this notice are issued and published in accordance with sections 735(d) and 777(i)(1) of the Act, and 19 CFR 351.210(c).

Dated: September 24, 2021.

Christian Marsh,

Acting Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The scope of this investigation covers thermal paper in the form of "jumbo rolls" and certain "converted rolls." The scope covers jumbo rolls and converted rolls of thermal paper with or without a base coat (typically made of clay, latex, and/or plastic pigments, and/or like materials) on one or both sides; with thermal active coating(s) (typically made of sensitizer, dye, and co-reactant, and/or like materials) on one or both sides; with or without a top coat (typically made of pigments, polyvinyl alcohol, and/or like materials), and without an adhesive backing. Jumbo rolls are defined as rolls with an actual width of 4.5 inches or more, an actual weight of 65 pounds or more, and an actual diameter of 20 inches or more (jumbo rolls). All jumbo rolls are included in the scope regardless of the basis weight of the paper. Also included in the scope are "converted rolls" with an actual width of less than 4.5 inches, and with an actual basis weight of 70 grams per square meter (gsm) or less.

The scope of this investigation covers thermal paper that is converted into rolls with an actual width of less than 4.5 inches and with an actual basis weight of 70 gsm or less in third countries from jumbo rolls produced in the subject countries.

The merchandise subject to this investigation may be classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 4811.90.8030 and 4811.90.9030. Although HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.
