SUPPLEMENTARY INFORMATION:

Background

On September 10, 2021, Commerce published the *Preliminary Determination* in the **Federal Register**.¹ A summary of the events that occurred since Commerce published the *Preliminary Determination* may be found in the Issues and Decision

¹ See *Certain Walk-Behind Snow Throwers and Parts Thereof from the People's Republic of China: Preliminary Affirmative Countervailing Duty Determination and Alignment of Final Determination with Final Antidumping Duty Determination*, 86 FR 50696 (September 10, 2021) (*Preliminary Determination*), and accompanying Preliminary Decision Memorandum.

Memorandum.² The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. A list of topics discussed in the Issues and Decision Memorandum is included at Appendix II. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The products covered by this investigation are snow throwers from China. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

There have been no scope comments since the *Preliminary Determination*. As a result, Commerce has made no changes to the scope of this investigation since the *Preliminary Determination*.

Analysis of Subsidy Programs and Comments Received

The subsidy programs under investigation and the issues raised in the case and rebuttal briefs by parties in this investigation are discussed in the Issues and Decision Memorandum. A list of the issues raised by parties, and to which we responded in the Issue and Decision Memorandum, is attached to this notice at Appendix II.

Methodology

Commerce conducted this investigation in accordance with section 701 of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, Commerce determines that there is a subsidy, *i.e.*, a financial contribution by an "authority" that gives rise to a benefit to the recipient, and that the subsidy is specific.³ For a full description of the methodology underlying our final determination, see the Issues and Decision Memorandum.

In making this final determination, Commerce is relying on facts otherwise available, including adverse facts

² See Memorandum, "Certain Walk-Behind Snow Throwers and Parts Thereof from the People's Republic of China: Final Affirmative Countervailing Duty Determination," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

³ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

available (AFA), pursuant to sections 776(a) and (b) of the Act. For a full discussion of our application of AFA, see the *Preliminary Determination* and the section "Use of Facts Otherwise Available and Adverse Inferences" in the accompanying Issues and Decision Memorandum.⁴

Verification

Commerce was unable to conduct on-site verification of the information relied upon in making its final determination in this investigation. However, we took additional steps in lieu of an on-site verification to verify the information relied upon in making this final determination, in accordance with section 782(i) of the Act.⁵

Changes Since the Preliminary Determination

Based on our review and analysis of the comments received from parties, as well as additional information collected subsequent to the *Preliminary Determination*, we made certain changes to Zhejiang Zhouli Industrial Co., Ltd. (Zhejiang Zhouli)'s subsidy rate calculations, the rate for non-cooperating respondents, and the all-others rate. For a discussion of these changes, see the Issues and Decision Memorandum.

All-Others Rate

In accordance with section 705(c)(5)(A) of the Act, Commerce shall determine an estimated all-others rate for companies not individually examined. This rate shall be an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any zero and *de minimis* rates and any rates based entirely under section 776 of the Act.

Pursuant to section 705(c)(5)(A)(ii) of the Act, if the individual estimated countervailable subsidy rates established for all exporters and producers individually examined are zero, *de minimis* or determined based entirely on facts otherwise available, Commerce may use "any reasonable method" to establish the estimated subsidy rate for all other producers or exporters. All three companies selected

as mandatory respondents⁶ in this investigation are receiving individual estimated subsidy rates based entirely on facts available under section 776 of the Act. Consequently, pursuant to section 705(c)(5)(A)(ii) of the Act, we established the all-others rate by applying the countervailable subsidy rate assigned to the three mandatory respondents.

Final Determination

Commerce determines that the following estimated countervailable subsidy rates exist:

Zhejiang Zhouli Industrial Co	203.06
All Others	203.06
Changzhou Globe Tools Co., Ltd ⁷	203.06
Nanjing Chervon Industry Co., Ltd ⁸	203.06
Ningbo Daye Garden Machinery Co., Ltd ⁹	203.06
Ningbo Joyo Garden Tools Co., Ltd ¹⁰	203.06
Ningbo Scojet Import & Export Trading ¹¹	203.06
TIYA International Co., Ltd	203.06
Weima Agricultural Machinery Co., Ltd ..	203.06

Disclosure

Commerce intends to disclose to interested parties the calculations and analysis performed in this final determination within five days of any public announcement or, if there is no public announcement, within five days of the date of the publication of this notice in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

As a result of our *Preliminary Determination* and pursuant to section 703(d)(1)(B) and (d)(2) of the Act, we instructed U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise from China that were entered, or withdrawn from warehouse, for consumption,

⁶ The mandatory respondents in this investigation are TIYA International (TIYA), Ningbo Scojet Import & Export Co., Ltd. (Ningbo Scojet), and Zhejiang Zhouli. Commerce originally selected TIYA as a mandatory respondent. On May 28, 2021, TIYA notified Commerce that it did not intend to participate as a mandatory respondent. Commerce then selected Ningbo Scojet as a mandatory respondent. However, Ningbo Scojet did not respond to our initial questionnaire.

effective September 10, 2021, which is the date of publication of the *Preliminary Determination* in the **Federal Register**. In accordance with section 703(d) of the Act, effective January 9, 2022, we instructed CBP to discontinue the suspension of liquidation of all entries on or after January 9, 2022, but to continue the suspension of liquidation of all entries between September 10, 2021, and January 8, 2022.

If the U.S. International Trade Commission (ITC) issues a final affirmative injury determination, we will issue a CVD order, and continue to require a cash deposit of estimated countervailing duties for such entries of subject merchandise in the amounts indicated above, in accordance with section 706(a) of the Act. If the ITC determines that material injury, or threat of material injury, does not exist, this proceeding will be terminated, and all estimated duties deposited or securities posted as a result of the suspension of liquidation will be refunded or canceled.

ITC Notification

In accordance with section 705(d) of the Act, we will notify the ITC of our final affirmative determination that countervailable subsidies are being provided to producers and exporters of snow throwers from China. Because the final determination in this proceeding is affirmative, in accordance with section 705(b) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of snow throwers from China no later than 45 days after our final determination. In addition, we are making available to the ITC all non-privileged and nonproprietary information related to this investigation. If the ITC determines that material injury or threat of material injury does not exist, this proceeding will be terminated and all cash deposits will be refunded. If the ITC determines that such injury does exist, Commerce will issue a countervailing duty order directing CBP to assess, upon further instruction by Commerce, countervailing duties on all imports of the subject merchandise that are entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the "Continuation of Suspension of Liquidation" section. We will allow the ITC access to all privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or

under an administrative protective order (APO), without the written consent of the Assistant Secretary for Enforcement and Compliance.

Notification Regarding Administrative Protective Orders

In the event that the ITC issues a final negative injury determination, this notice will serve as the only reminder to parties subject to an APO of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This determination is issued and published pursuant to sections 705(d) and 777(i) of the Act, and 19 CFR 351.210(c).

Dated: March 21, 2022.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The merchandise covered by this investigation consists of gas-powered, walk-behind snow throwers (also known as snow blowers), which are snow moving machines that are powered by internal combustion engines and primarily pedestrian-controlled. The scope of the investigation covers certain snow throwers (also known as snow blowers), whether self-propelled or non-self-propelled, whether finished or unfinished, whether assembled or unassembled, and whether containing any additional features that provide for functions in addition to snow throwing. Subject merchandise also includes finished and unfinished snow throwers that are further processed in a third country or in the United States, including, but not limited to, assembly or any other processing that would not otherwise remove the merchandise from the scope of this investigation if performed in the country of manufacture of the in-scope snow throwers.

Walk-behind snow throwers subject to the scope of this investigation are powered by internal combustion engines which are typically spark ignition, single or multiple cylinder, and air-cooled with power take off shafts.

For the purposes of this investigation, an unfinished and/or unassembled snow thrower means at a minimum, a subassembly comprised of an engine, auger housing (*i.e.*, intake frame), and an auger (or "auger paddle") packaged or imported together. An intake frame is the portion of the snow thrower—typically of aluminum or steel that houses and protects an operator from a

rotating auger and is the intake point for the snow. Importation of the subassembly whether or not accompanied by, or attached to, additional components including, but not limited to, handle(s), impeller(s), chute(s), track tread(s), or wheel(s) constitutes an unfinished snow thrower for purposes of this investigation. The inclusion in a third country of any components other than the snow thrower sub-assembly does not remove the snow thrower from the scope. A snow thrower is within the scope of this investigation regardless of the origin of its engine.

Specifically excluded is merchandise covered by the scope of the antidumping and countervailing duty orders on certain vertical shaft engines between 225cc and 999cc, and parts thereof from the People's Republic of China. *See Certain Vertical Shaft Engines Between 225cc and 999cc, and Parts Thereof, from the People's Republic of China: Amended Final Antidumping Duty Determination and Antidumping Duty Order*, 86 FR 12623 (March 4, 2021) and *Certain Vertical Shaft Engines Between 225cc and 999cc, and Parts Thereof from the People's Republic of China: Countervailing Duty Order and Amended Final Affirmative Countervailing Duty Determination*, 86 FR 12619 (March 4, 2021).

Also specifically excluded is merchandise covered by the scope of the antidumping and countervailing duty orders on certain vertical shaft engines between 99cc and Up to 225cc, and parts thereof from the People's Republic of China. *See Certain Vertical Shaft Engines Between 99cc and Up to 225cc, and Parts Thereof from the People's Republic of China: Antidumping and Countervailing Duty Orders*, 86 FR 023675 (May 4, 2021).

The snow throwers subject to this investigation are typically entered under Harmonized Tariff Schedule of the United States (HTSUS) subheading 8430.20.0060. Certain parts of snow throwers subject to this investigation may also enter under HTSUS 8431.49.9095. The HTSUS subheadings are provided for convenience and customs purposes only, and the written description of the merchandise under investigation is dispositive.

Certain Lined Paper Products From India: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2019–2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that Navneet Education Ltd. (Navneet), a producer/exporter subject to this administrative review, made sales of certain lined paper products from India at less than normal value during the period of review (POR) September 1, 2019, through August 31, 2020. In addition, Commerce determines that Goldenpalm Manufacturers PVT Limited (Goldenpalm) had no shipments during the POR.

DATES: Applicable March 29, 2022.

FOR FURTHER INFORMATION CONTACT: Samuel Brummitt, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-7851.

SUPPLEMENTARY INFORMATION:

Background

On October 1, 2021, Commerce published the *Preliminary Results* of this administrative review.¹ On January 26, 2022, Commerce extended these final results by an additional 60 days.² The current deadline for these final results is March 30, 2022. Commerce conducted this administrative review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.³

¹ See *Certain Lined Paper Products from India: Preliminary Results of Antidumping Duty Administrative Review; Rescission of Administrative Review, in Part; and Preliminary Determination of No Shipments; 2019–2020*, 86 FR 54426 (October 1, 2021) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

² See Memorandum, “Extension of Deadline for Final Results,” dated January 26, 2022.

³ See Memorandum, “Issues and Decision Memorandum for the Final Results of the Antidumping Duty Order on Certain Lined Paper

Scope of the Order

The products covered by this order are certain lined paper products from India. For a full description of the scope, see the Issues and Decision Memorandum.

Final Determination of No Shipments

In the *Preliminary Results*, we preliminarily found that Goldenpalm had no shipments of subject merchandise during the POR. Following the publication of the *Preliminary Results*, we received no comments from interested parties regarding Goldenpalm, nor has any party submitted record evidence which would call our preliminary determination of no shipments into question. Therefore, for the final results, we continue to find that Goldenpalm had no shipments of subject merchandise during the POR. Accordingly, consistent with Commerce's practice, we intend to instruct U.S. Customs and Border Protection (CBP) to liquidate any existing entries of merchandise produced by Goldenpalm, but exported by other parties, at the rate for the intermediate reseller, if available, or at the all-others rate.⁴

Application of Adverse Facts Available

For these final results, we continue to find that Magic International Pvt. Ltd. and Marisa International withheld information requested by Commerce, failed to provide the requested information in a timely manner, and significantly impeded the proceeding, warranting a determination on the basis of the facts available under section 776(a) of the Act. Therefore, we continue to find that Magic International Pvt. Ltd. and Marisa International have not acted to the best of their abilities and the application of adverse facts available, pursuant to sections 776(a) and (b) of the Act, is warranted.

Rates for Non-Selected Companies

For the rate for non-selected respondents in an administrative review, generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation. Under section
