POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

Records in this system are retained in accordance with the NPS Records Schedule for Resource Management and Lands (Item 1), which has been approved by NARA (Job No. N1–79–08–1) for records documenting the acquisition, planning, management, and protection of lands and natural and cultural resources under the stewardship of NPS. The disposition of the RPRS data set has a permanent retention.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

Access to records in the RPRS system is limited to authorized personnel who have a need to access the records in the performance of their official duties, and each user’s access is restricted to only the functions and data necessary to perform that person’s job responsibilities. System administrators and authorized users are trained and required to follow established internal security protocols and must complete all security, privacy, and records management training and sign the DOI Rules of Behavior.

The records contained in this system are safeguarded in accordance with 43 CFR 2.226 and other applicable security and privacy rules and policies. During normal hours of operation, paper records are maintained in locked file cabinets under the control of authorized personnel. Computer servers on which RPRS electronic records are stored are in a secured DOI controlled facility with physical, technical, and administrative levels of security to prevent unauthorized access to the DOI network and information assets. The electronic data are protected through techniques of user identification, passwords, database permissions and software controls. These security measures include establishing different access levels for different types of users. Backup tapes are encrypted and stored in a locked and controlled room in a secure, off-site location.

Investigator’s Annual Report submissions are checked in and reviewed to prevent disclosure of content that may impact park resources and operations. Access to NPS specific permissions in the RPRS are limited to authorized NPS users. NPS security features restricted access to that data which is identified as not suitable for public access to NPS employees and authorized NPS contractors.

NPS staff are provided permission to view all RPRS data except for unpublished Investigator’s Annual Reports. Park account data is limited to that data which relates to a single unit of the National Park System (i.e., park profile information, applications submitted to the unit, permits issued by the unit, Investigator’s Annual Reports related to permits issued by the unit, unit specific administrative data). Access to park accounts is limited to persons designated by the Park Superintendent. Administrative accounts provide permissions to administer park account data as appropriate for the administrator’s role of providing permissions to authorized individuals, and access to query or process the service-wide data. RPRS provides a help desk to disseminate information on security and privacy policies applicable to RPRS. NPS staffs are required to take an annual training session on privacy and records management and an annual training session on security. A Privacy Impact Assessment was conducted to ensure that Privacy Act requirements are met and appropriate privacy controls were implemented to safeguard the personally identifiable information contained in the system.

RECORD ACCESS PROCEDURES:

An individual requesting records on himself or herself should send a signed, written request to the applicable System Manager as identified above. The request must include the specific bureau or office that maintains the record to facilitate location of the applicable records. A request for corrections or removal must meet the requirements of 43 CFR 2.246.

NOTIFICATION PROCEDURES:

An individual requesting notification of the existence of records on himself or herself should send a signed, written inquiry to the applicable System Manager as identified above. The request must include the specific bureau or office that maintains the record to facilitate location of the applicable records. The request envelope and letter should both be clearly marked “PRIVACY ACT INQUIRY.” A request for notification must meet the requirements of 43 CFR 2.235.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–564 and 731–TA–1338–1340 (Review)]

Steel Concrete Reinforcing Bar From Japan, Taiwan, and Turkey; Institution of Five-Year Reviews

AGENCY: International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it has instituted reviews pursuant to the Tariff Act of 1930 (“the Act”), as amended, to determine whether revocation of the countervailing duty order on steel concrete reinforcing bar (“rebar”) from Turkey and revocation of the antidumping duty orders on rebar from Japan, Taiwan, and Turkey would be likely to lead to continuation or recurrence of material injury. Pursuant to the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission.

DATES: Instituted June 1, 2022. To be assured of consideration, the deadline for responses is July 1, 2022.
on the adequacy of responses may be filed with the Commission by August 15, 2022.

FOR FURTHER INFORMATION CONTACT:

General information concerning the Commission may also be obtained by accessing its internet server (https://www.usitc.gov) or by viewing the public record for this proceeding may be viewed on the Commission’s electronic docket (EDIS) at https://edis.usitc.gov.

SUPPLEMENTARY INFORMATION:
Background.—On July 14, 2017, the Department of Commerce (“Commerce”) issued a countervailing duty order on imports of rebar from Turkey (82 FR 32531) and antidumping duty orders on imports of rebar from Japan and Turkey (82 FR 32532). On October 2, 2017, Commerce issued an antidumping duty order on imports of rebar from Taiwan (82 FR 45609). The Commission is conducting reviews pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1677(c)), to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission’s Rules of Practice and Procedure at 19 CFR part 201, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission’s determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to these reviews:
(1) Subject Merchandise is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by Commerce.
(2) The Subject Countries in these reviews are Japan, Taiwan, and Turkey.
(3) The Domestic Like Product is the domestic product or products which are like, or in the absence of like, most similar in characteristics and uses with, the Subject Merchandise. In its original determinations, the Commission defined a single Domestic Like Product as consisting of rebar that is coextensive with Commerce’s scope.
(4) The Domestic Industry is the U.S. producers as a whole of the Domestic Like Product, or those producers whose collective output of the Domestic Like Product constitutes a major proportion of the total domestic production of the product. In its original determinations, the Commission defined the Domestic Industry as all U.S. producers of rebar.
(5) The Order Dates are the dates that the orders under review became effective. In these reviews, the Order Dates are July 14, 2017 with respect to the orders on imports of rebar from Japan and Turkey and October 2, 2017 with respect to the order on imports of rebar from Taiwan.
(6) An Importer is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the Subject Merchandise into the United States from a foreign manufacturer or through its selling agent.

Participation in the proceeding and public service list.—Persons, including industrial users of the Subject Merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties must file an entry of appearance with the Secretary to the Commission, as provided in § 201.11(b)(4) of the Commission’s rules, no later than 21 days after publication of this notice in the Federal Register. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the proceeding.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation or an earlier review of the same underlying investigation. The Commission’s designated agency ethics official has advised that a five-year review is not the same particular matter as the underlying original investigation, and a five-year review is not the same particular matter as an earlier review of the same underlying investigation for purposes of 18 U.S.C. 207, the post-employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 79 FR 3246 (Jan. 17, 2014), 73 FR 24609 (May 5, 2008). Consequently, former employees are not required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation or an earlier review of the same underlying investigation was pending when they were Commission employees. For further ethics advice on this matter, contact Charles Smith, Office of the General Counsel, at 202–205–3408.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and APO service list.—Pursuant to § 207.7(a) of the Commission’s rules, the Secretary will make BPI submitted in this proceeding available to authorized applicants under the APO issued in the proceeding, provided that the application is made no later than 21 days after publication of this notice in the Federal Register. Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the proceeding. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Certification.—Pursuant to § 207.3 of the Commission’s rules, any person submitting information to the Commission in connection with this proceeding must certify that the information is accurate and complete to the best of the submitter’s knowledge. In making the certification, the submitter will acknowledge that information submitted in response to this request for information and throughout this proceeding or other proceeding may be disclosed to and used: (i) By the Commission, its employees and Offices, and contract personnel for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. All contract personnel will sign appropriate nondisclosure agreements.

Written submissions.—Pursuant to § 207.61 of the Commission’s rules, each interested party response to this notice must provide the information specified below. The deadline for filing such responses is July 1, 2022. Pursuant to § 207.62(b) of the Commission’s rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should
conduct expedited or full reviews. The deadline for filing such comments is August 15, 2022. All written submissions must conform with the provisions of § 201.8 of the Commission’s rules; any submissions that contain BPI must also conform with the requirements of §§ 201.6, 207.3, and 207.7 of the Commission’s rules. The Commission’s Handbook on Filing Procedures, available on the Commission’s website at https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf, elaborates upon the Commission’s procedures with respect to filings. Also, in accordance with §§ 201.16(c) and 207.3 of the Commission’s rules, each document filed by a party to the proceeding must be served on all other parties to the proceeding (as identified by either the public or APO service list as appropriate), and a certificate of service must accompany the document (if you are not a party to the proceeding you do not need to serve your response).

Please note the Secretary’s Office will accept only electronic filings at this time. Filings must be made through the Commission’s Electronic Document Information System (EDIS, https://edis.usitc.gov). No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice.

No response to this request for information is required if a currently valid Office of Management and Budget (“OMB”) number is not displayed; the OMB number is 3117 0016/USITC No. 22—5311, expiring date June 30, 2023. Public reporting burden for the request is estimated to average 15 hours per response. Please send comments regarding the accuracy of this burden estimate to the Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436.

Inability to provide requested information.—Pursuant to § 207.61(c) of the Commission’s rules, any interested party that cannot furnish the information requested by this notice in the requested form and manner shall notify the Commission at the earliest possible time, provide a full explanation of why it cannot provide the requested information, and indicate alternative forms in which it can provide equivalent information. If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the Commission may make an adverse inference against the party pursuant to § 776(b) of the Act (19 U.S.C. 1677(e)) in making its determinations in the reviews.
