

EXPLANATION OF COMMISSION DETERMINATION ON ADEQUACY

in

Diamond Sawblades and Parts Thereof from China
Inv. No. 731-TA-1092 (Second Review)

On November 6, 2020, the Commission determined to conduct an expedited review in the subject five-year review pursuant to section 751(c)(3)(B) of the Tariff Act of 1930, as amended, 19 U.S.C. § 1675(c)(3)(B).

The Commission received a response to its notice of institution from the Diamond Sawblades Manufacturers' Coalition ("DSMC"), an association of two U.S. producers of diamond sawblades and parts thereof ("diamond sawblades"). Because the DSMC's response was individually adequate for its members and accounted for a substantial share of U.S. production of diamond sawblades in 2019, the Commission determined that the domestic interested party group response was adequate.

The Commission did not receive a response to the notice of institution from any respondent party in this review. Consequently, the Commission determined that the respondent interested party group response was inadequate.

The Commission did not find any circumstances that would warrant conducting a full review. Therefore, the Commission decided to conduct an expedited review of this order.

A record of the Commissioners' votes is available from the Office of the Secretary and at the Commission's website (www.usitc.gov).
