

EXPLANATION OF COMMISSION DETERMINATION ON ADEQUACY

in

Persulfates from China
Inv. No. 731-TA-749 (Fourth Review)

On May 7, 2019, the Commission determined to conduct an expedited review in the subject five-year review pursuant to section 751(c)(3)(B) of the Tariff Act of 1930, as amended, 19 U.S.C. § 1675(c)(3)(B).

The Commission received one response to its notice of institution from PeroxyChem LLC (“PeroxyChem”), a domestic producer of persulfates. The Commission found PeroxyChem’s individual response to be adequate. Because the Commission received a response from interested parties accounting for a substantial share of U.S. production of persulfates in 2018, the Commission determined that the domestic interested party group response was adequate.

The Commission did not receive a response to the notice of institution from any respondent party in this review. Consequently, the Commission determined that the respondent interested party group response was inadequate.

The Commission did not find any circumstances that would warrant conducting a full review. Therefore, the Commission decided to conduct an expedited review of this order.

A record of the Commissioners' votes is available from the Office of the Secretary and at the Commission's website (www.usitc.gov).
