

EXPLANATION OF COMMISSION DETERMINATION ON ADEQUACY

in

Raw Flexible Magnets from China and Taiwan

Inv. Nos. 701-TA-452 and 731-TA-1129-1130 (Second Review)

On April 12, 2019, the Commission determined to conduct expedited reviews in the subject five-year reviews pursuant to section 751(c)(3)(B) of the Tariff Act of 1930, as amended, 19 U.S.C. § 1675(c)(3)(B).

The Commission received a response filed by Magnum Magnetics Corporation and two other firms, all of which are U.S. producers of raw flexible magnets. The Commission found each individual response to be adequate. Because the Commission received a response from interested parties accounting for a substantial share of U.S. production of raw flexible magnets, the Commission unanimously determined that the domestic interested party group response was adequate.

The Commission did not receive a response to the notice of institution from any respondent interested party in these reviews. Consequently, the Commission unanimously determined that the respondent interested party group response was inadequate.

The Commission did not find any circumstances that would warrant conducting full reviews. The Commission, therefore, determined to conduct expedited reviews of these orders.

A record of the Commissioners' votes is available from the Office of the Secretary and at the Commission's website (www.usitc.gov).
